At Prairie Trail Elementary School, we will:

- Find the value in every child
- Allow for creative, joyful noise
- Be collaborative and willing to share ideas with all stakeholders
- Be innovative and have a growth mindset

We feel that elementary school is a time for exploration. Take a moment to imagine the elementary world: letters, numbers, stories, sharing, experimenting, games, collaborating, reading, problem solving, thinking, puzzles, role-play, reflecting, and the list goes on. Imagination and creativity are everywhere. Learning is accomplished by doing, touching, and experiencing. Each age group is different and unique, yet every child is always growing socially, emotionally, physically, and intellectually. Elementary school is a journey. We want to partner with you on that journey. Working together as a team, we can develop the "whole" child. Only through that partnership will "All students be confident, equipped with the knowledge and skills to thrive and adapt for their future."
