Parent Resource Handbook Student Responsibilities & Rights 2026-27

We are Freeman

The Freeman School District is the center of a unique, rural community which serves students and families in Hangman, Mica, Mt. Hope, Rockford and Valleyford. Pride, Commitment and Caring – we are Freeman!

Crest (above). Scottie is the school mascot. The wagon wheel represents the early pioneers who settled in the Valleyford, Freeman and Rockford areas where wheat was the major crop. The railroad switch represents the importance of the railroad to the area and the first flat stop at Mica. The trowel represents the early brick industry of the area. The lamp of learning and linked chain characterizes the educational philosophy of the three communities—Freeman, Rockford and Valleyford—that consolidated to form the Freeman School District.

Welcome to Freeman Middle School District. This handbook is updated and posted annually to serve as a guide to help students and families come to know Freeman School District's programs, and opportunities, and to set forth basic student responsibilities and rights. The handbook does not constitute a contract, and no provision in the handbook is intended to conflict with board policies or procedures, or local, state or federal statutes, rules or regulations. In the event that such a conflict occurs, the applicable board policy/procedure, statute, rule or regulation shall take precedence according to its hierarchy and/or as required by law. A complete copy of Policy and Procedure 3200 Rights and Responsibilities is available online (www.freemansd.org/School Board/ Policies & Procedures).

Students have certain rights as citizens, and the school system cannot unduly infringe on those rights. Contained in this document are rules that define the reasonable limits of those rights, based on the rules and regulations established by the State of Washington. This handbook also contains notifications which must be provided to parents annually. Please become familiar with their contents.

We are hopeful that the handbook will answer questions you may have about academics, security, discipline, school rules, safety, athletics and other topics. Keep in mind that no set of rules or guidelines can cover every conceivable situation that might arise at school. The rules, policies and procedures set forth are intended to apply under typical circumstances. However, from time to time, there may be situations that require immediate or nonstandard responses. This handbook does not limit the authority of the district to deviate from the normal rules and procedures set forth in this handbook, nor its authority to deal with individual circumstances as they arise in the manner deemed most appropriate considering the best interests of the students, the district, its teachers, employees, students or overall school community. The policies may be revised or updated, even during the school year. Any student or parent with a question about content in the handbook should contact the school principal or superintendent.

Parents/Guardians. For the purposes of this publication, *parent* refers to the student's parent or guardian, or any person in a custodial relationship to the student.

Attendance

Attendance is the single-most important factor in determining academic achievement. Students are expected to be at school every day and on time. Please schedule appointments and family vacations outside of the school day as much as possible.

Washington State Attendance Requirements

- ❖ State law and district policies and regulations require daily and punctual attendance of all students unless officially excused. Parents and students are both responsible for assuring attendance. It is the parents' responsibility to ensure accurate contact information is in our student account system by regularly checking information with our registrar. Students who have a pattern/history of absences or tardies for personal illness may be required to have a note from a healthcare professional to excuse further absences or tardies due to personal illness.

FSD Policy and Procedure 3122

- ❖ Students are expected to attend all assigned classes each day and be in their assigned areas at assigned times. Teachers and school staff will keep a record of absences and tardies, including a call log and/or record of excuse statements submitted by a parent, or in certain cases, students, to document a student's excused absences.
- ❖ Regular school attendance is necessary for student learning. FSD aligns its attendance protocols with **WAC 392-401**. While absences may be excused for valid reasons defined under **WAC 392-401-020** (such as illness, family emergencies, or religious observances), timely communication is required for accurate record-keeping. Per district procedure, parents or guardians must provide a valid excusal reason within **10 school days** of the student's return; after this 10-day window has passed, any unexcused absence becomes permanent and will no longer be changed to excused, which may trigger mandatory truancy interventions under state BECCA Laws (**RCW 28A.225**)

❖

Absence vs. Tardy

- ❖ Coming to class more than 15 minutes late is considered an absence for that period. Pre-planned absences of 3 or more days require written or verbal notice by a parent to the office and a completed pre-arranged form which can be picked up in the high school office.
- ❖ Students are allowed one makeup day to complete assignments for each day missed of an excused absence. If the student participates in sports and misses any part of a day, they are required to bring a note from their doctor to be able to compete.
- ❖ Middle school students missing four periods or more without an excuse will constitute a day's absence.

When a student is absent

- ❖ The parent/guardian telephones the attendance line (291-7425) or the FMS Office (291-7301) on the day of the absence but no later than 48 hours after the absence.
- ❖ Students are responsible for accessing Google Classroom and checking with their teachers and have one day per day absent to make up the work.
- ❖ An absence will be considered unexcused if the parent/guardian does not excuse the absence with proper written documentation within two days (48 hours of the absence).
- ❖ **Students with unexcused absences may be subject to the BECCA process.**

Perfect/Near-perfect Attendance

- ❖ Students are recognized for Perfect Attendance when they have not missed any class period, have not been tardy and have not left early. (Certain school events or absence for religious reasons are excluded.)

Excused Absences

- ❖ Schools are not obliged to provide the opportunity for make-up work due to unexcused absences. Absences for reasons not listed below are unexcused. Students returning to school without providing a valid excuse from a parent within 2 school days will have the absence recorded as unexcused.
- ❖ Regular school attendance is necessary for mastery of the educational program provided to students of the district. Students, at times, may appropriately be absent from class. Parents must provide the school with a

valid reason for an absence before it can be excused. The following constitute valid reasons for excused absences according to state law and district policy.

- Personal illness, health condition, or medical or dental appointment (**Students must bring a doctor's note upon returning from an illness requiring five or more days of absence.**)
- Appearance in court when required by law
- Disciplinary action (i.e., in-school, short-term, long-term suspension, emergency expulsion)
- Religious observance (i.e., an established special day on a religious calendar)
- Family emergency (i.e., funeral, death, hospitalization)
- School-approved activities (i.e., field trips, athletic competitions)
- Pre-arranged absence approved by the administration (pre-arranged absences for 3 or more days require a form to be completed and signed at least 2 days in advance.
- The following are added, allowable excuses beyond the WAC:
- Extended illness or health condition. Chronic health condition.
- When a student is confined to home or hospital for an extended period, the school will arrange for the accomplishment of assignments at the place of confinement whenever practical. Students with a chronic health condition which interrupts regular attendance may qualify for placement in a limited attendance and participation program. The student and his/ her parents will apply to the principal or counselor, and a limited program will be written following the advice and recommendations of the student's medical advisor.

Unexcused Absences

- ❖ Any absence from school is unexcused unless it meets one of the criteria indicated for an excused absence. [Statutory Authority: RCW 28A.300.046. WAC 392-401-020.]
- ❖ Unexcused absences occur when:
 - The parent or adult student submits an excuse that does not meet the definition of an excused absence as defined herein; or
 - The parent or adult student fails to submit any type of excuse statement for an absence whether by phone, email or in writing.
 - Each unexcused absence within any month or during the current school year will be followed by a letter or phone call to the parents informing them of the consequences of additional unexcused absences. The school will make reasonable efforts to provide this information in a language in which the parent is fluent. A student's grade will not be affected if no graded activity is missed during such an absence.
 - After two unexcused absences within any month of the current school year, a conference will be held among the principal, student and parent to analyze the causes of the student's absenteeism. If a regularly scheduled parent-teacher conference is scheduled to take place within 30 days of the second unexcused absence, may schedule the attendance conference on the same day.
 - Not later than the student's fifth unexcused absence in a month, will enter into an agreement with the student and parents that establishes school attendance requirements, refer the student to a community truancy board or file a petition with the juvenile court.
 - Petitions may be served by certified mail, return receipt requested, but if such a service is unsuccessful, personal service is required. At the District's choice, it may be represented by a person who is not an attorney at hearings related to truancy petitions.
 - If the allegation(s) in the petition are established by a preponderance of the evidence, the court will grant the petition and enter an order assuming jurisdiction to intervene for a period of time determined by the court, after considering the facts alleged in the petition and the circumstances of the student, to most likely cause the student to return to and remain in school while the student is subject to the court's jurisdiction.
 - When the court assumes jurisdiction, will periodically report to the court any additional unexcused absences by the student, actions taken by and an update on the student's academic status in school at a schedule specified by the court. The first report must be received no later than three months from the date the court assumes jurisdiction.
 - All sanctions imposed for failure to comply with the attendance policies and procedures will

be implemented in conformance with state and district regulations regarding corrective action or punishment.

- ❖ All public schools in Washington must comply with Washington Administrative Code rules and state laws. See **WAC 392-400-325**: Statewide definition of excused and unexcused daily absences.
- ❖ **Prearranged Absences**- Attendance is an important part of the education process, and satisfactory school progress is dependent on regular attendance. The school understands that occasions may arise when a prearranged absence is unavoidable. When this is the case, the school requires notice of the absence as far in advance as possible, but at least two school days in advance of the scheduled absence.
 - As a school, we believe:
 - Class time experiences/discussions can't be "made up"
 - Lesson plans must be flexible to meet the needs of children, so we cannot be sure exactly what a child will miss during an extended absence
 - Children going on vacation are trading one educational experience for another
 - As a school we will:
 - Save applicable assignments for a student and provide them to him/her on return; there will be a limited time to make up work
 - As a school, we may:
 - Ask students to read and keep a journal over an extended absence and share with/present to class an age-appropriate summary of the experience
 - Share with parents the general concepts/Learning Goals that we plan to cover during the absence (upon request)
 - Depending on the circumstances and the need of the child, provide (upon request) routine assignments if they are readily available and appropriate to do independently
 - Teachers cannot be required to pre-teach work which would be missed, or to accept make-up work after an agreed due date.

Tardies

- ❖ Any student not in his/her seat when the bell rings is considered tardy. Teachers may intervene on each tardy. (3 tardies before office discipline)
 - **Step One: Redirection/Reminder** – Teacher or staff member will remind the student to be in class on time.
 - **Step Two: Redirection/Reminder** – Teacher or staff member will remind the student to be in class on time.
 - **Step Three: Redirection/Reminder with Contact to Parent** – Teacher will remind the student of expectations, redirect their behavior, and follow up with parent contact regarding behavior.
 - **Step Four: Referral to Administration:** – Administration will conference with the student about the repeated tardies, assign lunch detention, and call home to inform the parents it is important to be on time.
- ❖ Regular school attendance is required by law, and frequent tardiness of even a few minutes interferes with an individual student's performance and disrupts other students' learning.

Truancy

- ❖ Truancy is considered an absence from school or class without the consent of the parent or teacher.
- ❖ Truancy includes leaving school without signing out at the office, leaving school at lunchtime, absence from school or class without permission, obtaining a pass to go to a certain place and not reporting there, becoming ill and going home without checking out, going to the health room without permission or staying in the restroom without reporting to the office, coming to school, but failing to attend classes, or failing to attend a scheduled assembly without prior permission.

BECCA Bill Attendance Requirements

- ❖ Under Washington State Law, **RCW 28A.225**, parents are responsible for their student's full-time school attendance. Schools must take action to prevent unexcused absences.
 - After one (1) unexcused absence, schools contact parents by letter or phone and inform the parents of the potential consequences of additional unexcused absences.
 - After two (2) unexcused absences, the school will schedule a parent conference to discuss solutions.
 - After five (5) unexcused absences Freeman High School administration will meet with the student and parent to establish an agreement for school attendance.
 - After seven (7) unexcused absences within a 30-day period or ten (10) unexcused absences in a year, Freeman Middle School will write a petition with Juvenile Court. Students with a current court order compelling school attendance on file will have a progress report filed with the courts with only one (1) additional unexcused absence.
 - Petition to Juvenile Court. The petition will contain the following statements:
 - student has unexcused absences in the current school year.
 - actions taken by have not been successful in substantially reducing the student's absences from school.
 - Court intervention and supervision are necessary to assist in reducing the student's absences from school.
 - RCW 28A.225.010 has been violated by the parent, student or both.
 - The petition must also include the following:
 - student's name, date of birth, school, address, gender, race and ethnicity; and the names and addresses of the student's parents, whether the student and parent are fluent in English, whether there is an existing Individualized Education Program and the student's current academic status at school
 - list of interventions that have been attempted, a copy of any previous truancy assessment completed by the student's current district, the history of approved best practices intervention or research-based intervention(s) previously provided to the student by, and a copy of the most recent truancy information document signed by the parent and student;
 - facts that support the allegations.

Freeman Middle School will partner with families whose students are facing attendance issues prior to filing a BECCA petition.

- ❖ Please closely monitor your child's use.  - First Offense. If a student has a phone out between these hours, the teacher will turn the phone over to administration. The building administrator will provide the student with a warning and discuss the cell phone policy.

- ❖ Diabetic students may carry cell phones for monitoring purposes, coordinated with the school nurse.

Change of Address Procedures

- ❖ Parents are asked to provide updated address and telephone information as soon as a change is made.
- ❖ Students or parents must contact the office or update information through family access as soon as possible if an address, email or telephone number changes during the school year.
- ❖ **This is a priority for emergency contact and school updates!**

Communications

- ❖ Parents are encouraged to read newsletters distributed by email every Friday. You can also request a copy of *The Middle Scoop* be printed and sent home with your student. Each issue shares key dates and news for their schools.
- ❖ School Messenger is used to update parents with date-sensitive matters, and information may be sent by email, text or phone message.

Cooperation

- ❖ Students will obey the lawful instructions of school district personnel and follow school and classroom rules (RCW 28A.600.040). Students are expected to cooperate fully with Freeman High School and School District staff, including law enforcement when applicable. Failure to do so will result in disciplinary action leading up to and including suspension.

Counseling Services.

- ❖ The school counselor is available to help students with social/emotional and academic development and career planning.
- ❖ Students or parents may make an appointment by calling the school office or completing a referral on the Freeman SD website.
- ❖ When a student has a serious problem that requires immediate attention, the student should request assistance from a teacher.
 - The teacher will determine where to acquire services as quickly as possible.

Directory Information.

- ❖ Federal law allows school districts to routinely release what is called, "directory information," without permission of parents. The US Department of Education generally describes directory information as the following:

- Student's name
 - Address
 - Telephone listing
 - email address
 - Photograph
 - Date and place of birth
 - Major field of study
 - Dates of attendance
 - Grade-level and enrollment services
 - Participation in officially recognized activities and sports
 - Weight and height of members of athletic teams
 - Degrees, honors and awards received
 - The most recent educational agency or institution attended
- ❖ This information is not released for commercial purposes. However, directory information may be given to the news media (such as for graduation lists, honor roll and other achievements), colleges and universities (such as scholarship information) as well as state and local officials (such as law enforcement, education agencies or juvenile court). Additionally, the district provides students' names, addresses and telephone listings to military recruiters on request. Directory information may, on administrative approval, be reported or provided to others (such as school parent organizations), subject to district policy. Student photos/names also may be used in school/district news, web and social media.
 - ❖ Parents and adult-age students have the right to withhold release of this information by notifying the school in writing within seven days of the student's enrollment by submitting the Opt Out form or completing the information in the *Registration Update in Family Access* at the beginning of the school year.

Discrimination

- ❖ **Board Policy. Policy 3210** provides Freeman School District's nondiscrimination statement.
- ❖ **Policy and Procedure 5010**, visit www.freemansd.org (Board, District Policies) or call (509) 291-3695. If you believe that you or your child has experienced unlawful discrimination or discriminatory harassment at school based on any protected class, you have the right to file a formal complaint. For a full copy of Freeman School District's nondiscrimination
- ❖ Go to [Our Schools Protect Students from Harassment, Intimidation, and Bullying \(HIB\)](#) for more information.

Displays of Affection

- ❖ Excessive, overt displays of affection anywhere in the building are prohibited and subject to discipline. The general rule of thumb is that behavior at school should mirror that of a professional job site.
- ❖ *Displays of Affection* could also be considered an act of harassment. It may be viewed as more offensive to others and has no place in a professional academic setting. Students are to comply with adult directions regarding this rule.
- ❖ Continuous violation of this rule will result in parent contact and disciplinary action.

Dress Code

- ❖ Freeman Middle School acknowledges that a correlation exists between appropriate grooming, personal attire and student achievement. A similar relationship exists between student dress and acceptable standards of conduct.
- ❖ Freeman's dress code is designed to allow for student comfort while maintaining an environment conducive to teaching and learning in the best available educational setting.
- ❖ In all cases, school administrators will make the final determination regarding specific dress code violations, e.g. the administrators will determine when a garment is too tight, too revealing or too short.
- ❖ If you have reason to believe an item may not be school appropriate... it probably isn't.
- ❖ Students are expected to be cooperative whenever their attire is determined inappropriate. Argumentative, hostile and defiant behavior will subject the student to other disciplinary violations and progressive consequences including, but not limited to, suspension.

- ❖ The primary responsibility for a student's attire resides with the student and parents or guardians
 - Maintain a safe learning environment in classes where protective or supportive clothing is needed, such as chemistry/biology/shop (eye or body protection), or PE (athletic attire/shoes).
 - Allow students to wear clothing of their choice that is comfortable.
 - Allow students to wear clothing that expresses their self-identified gender.
 - Allow students to wear religious attire without the fear of discipline or discrimination. Prevent students from wearing clothing or accessories with offensive images or language, including profanity, hate speech, or pornography.
 - Prevent students from wearing clothing or accessories that will interfere with the operation of school, disrupt the educational process, invade the rights of others, or create a reasonably foreseeable risk of such interference or invasion of rights.
 - Prevent students from wearing clothing or accessories that reasonably can be construed as being or including content that is racist, lewd, vulgar, or obscene, or that reasonably can be construed as containing fighting words, speech that incites others to imminent lawless action, defamatory speech, or threats to others.
 - Ensure that all students are treated equitably regardless of race, sex, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, household income or body.
 - Any item that obscures the face or ears including hoods and sunglasses (except for religious observance).
- ❖ **Corrective Action:**
 - Students will only be removed from spaces, hallways, or classrooms as a result of a dress code violation as outlined in the sections above.
 - students in violation of the sections will be provided 3 options to be dressed more to the code during the school day:
 - Students will be asked to put on their own alternative clothing, if already available at school, to be dressed more to code for the remainder of the day.
 - Students will be provided with temporary school clothing to be dressed more to code for the remainder of the day.
 - If necessary, students' parents may be called during the school day to bring alternative clothing for the student to wear for the remainder of the day.
- ❖ **Costume Guidelines for Halloween & Spirit Weeks**
 - Costumes are a fun way to show enthusiasm and build community, but they must also support a safe and positive learning environment. **Please follow these guidelines:**
 - Costumes should be **school-appropriate** and should **not interfere with learning**.
 - **No gore, weapons or any item that looks like a weapon, or inappropriate themes** (including violence, alcohol, or other adult content).
 - **Masks may not be worn during class or instruction** but can be worn **during transitions or social times** (e.g., before school, lunch, passing periods).
 - **Accessories** must not interfere with learning, block vision, or cause distraction.
 - Costumes should **allow full participation** in regular school activities and comply with the school dress code.

Discipline Policy

- ❖ Freeman Middle School's discipline philosophy is that all students practice behaviors that contribute to a positive school climate and do not interfere with teaching and learning. Students are expected to take ownership of their own behavior, follow directions, treat each other with kindness and respect, and learn the value of productive work and good citizenship. Doing so will help students become people of good character. The goal is to help students acknowledge inappropriate behavior, to self-evaluate, to take ownership of choices and decisions, and to develop a plan for improving behavior.

Detention

- ❖ Lunch Detention and/or After School Detention is given to students for lower-level disciplinary infractions and/or truancy.
- ❖ Detention is scheduled individually with each student. **Failure to comply with Detention rules and/or skipping detention will result in progressive discipline including suspension.**
- ❖ Pre-arranged changes to serving detention require administrative approval and parent documentation prior to the day of the scheduled detention. It is the student's responsibility to know and understand the rules governing detention.
- ❖ Detention rules are as follows:
- ❖ Go and get your hot lunch or bring your cold lunch to the principal's office quickly if appropriate.
- ❖ Bring enough homework, missing assignments, or reading material to cover the extent of the detention.
- ❖ No talking or socializing. No sleeping – students are expected to be sitting up, alert, and
- ❖ No electronics. No leaving without permission.
- ❖ Follow the directions of the supervisor the first time they are given. Failure to comply with rules will result in progressive discipline.

Exclusion from School Activities

- ❖ Students must attend school for most of the school day in order to attend school activities or events.
- ❖ Students who demonstrate poor conduct at school may be excluded from participating in school events and activities.
- ❖ Students may not be able to attend field trips, assemblies, dances, athletic competitions, or special activities if they violate school rules or policies.
- ❖ School administration may remove or exclude a student from any activity if they believe the student's conduct should prevent him/her from participating.
- ❖ Attendance at assemblies, concerts, dances, field trips, sports, or other school-related events is a privilege and not a right to be a student at Freeman Middle School.
- ❖ If a student or group of students is rude, disruptive, insubordinate, obnoxious, or disrespectful at an assembly, or other school-related event, the student/s may be removed from the event immediately and denied entrance to future events or activities. All Freeman Middle School expectations and policies apply at school-related activities on or off campus. School consequences will be imposed when deemed necessary by administrators or their designee.

Referral Process

- ❖ Lower-level discipline infractions are handled by the classroom teacher.
- ❖ If a student fails to correct his/her behavior, a student may be referred to the office for more severe consequences.
- ❖ Higher-level discipline, exceptional misconduct offenses, and progressive discipline are addressed by the building administrators.
- ❖ Administrators make the final decision concerning consequences depending on the nature, severity, duration and mitigating circumstances in each situation. Repeat offenders can expect progressive consequences.

Progressive Discipline

- ❖ It is our goal to help kids grow into responsible, respectful citizens, so discipline at Freeman Middle School is progressive, which means that consequences get tougher as the situation becomes more severe or if you don't follow through with the consequences assigned for prior offenses.
- ❖ A student suspended for any length of time from school is denied the right to be on any Freeman School District property or to attend any district or school/district sponsored events, such as dances, sporting events, evening activities, etc.
- ❖ The following is the progression of discipline depending on the offense type – please note that exceptional misconduct behaviors will begin with suspension/expulsion.

- **Step Two: Redirection/Reminder with Contact to Parent** – For low-level offenses (those not identified as exceptional misconduct), teacher will remind the student of expectations, redirect their behavior, and follow up with parent contact regarding behavior.
- **Step Three: Referral to Administration:** – For low-level offenses (those not identified as exceptional misconduct), Administration will conference with the student about the repeated behaviors, assign detention, and call home to inform the parents.
- **Step Four: Parent meeting with Administration**-Administration will partner with the parents to develop a plan to ensure success for the student.
- **Step Five: Short-term suspension** – Administered by the building principal, assistant principal or designee. The student is removed from school (up to 10 consecutive school days determined by offense). A re-entry meeting with student, parent, and administration is required upon return to school.
- **Step Six: Long-term suspension** – Administered by the building principal, assistant principal, or designee. The student is removed from school for 11 or more consecutive school days. A re-entry meeting with student, parent, and administration is required upon return to school.
- ❖ **Emergency removal** – Imposed when a student is considered a danger to him/herself, other students or school personnel, or is considered an immediate and continuing disruption of the educational process. The student is removed from school until appropriate suspension time can be determined. A re-entry meeting with student, parent, and administration is required upon return to school.
- ❖ **Expulsion** – The student loses the right to attend District schools, classes and programs and the right to be admitted onto District property. A re-entry meeting with student, parent, and administration is required upon return to school.

Programs of education, prevention, intervention and aftercare are supported by FSD in collaboration and cooperation with public and private agencies. Students who possess, use, deliver, distribute, sell, offer to sell, arrange to sell or are under the influence of any controlled substance, including marijuana, are subject to disciplinary action as outlined in **Policy and Procedure 3200**. (RCW 69.50.204; RCW 69.50.102; 20USC 3171, 3221, etc.)

Education of Students with Disabilities

- ❖ **Policy 2161** addresses education of students with disabilities as it pertains to the Individuals with Disabilities

Act (IDEA) and Section 504 of the Rehabilitation Act of 1973. Questions pertaining to IDEA or Section 504 should be directed to the Special Services Department at (509) 291-4791, Ext. 105.

Human Papilloma Virus (HPV)

- ❖ HPV is a very common virus that is spread through genital contact. At least 50 percent of sexually active people will get HPV at some time in their lives. HPV vaccines protect against four types of HPV which cause 70 percent of cervical cancers and 90 percent of genital warts. The vaccine is recommended for adolescent girls and boys, ages 11-12, prior to the time they become sexually active. For more information, visit the Centers for Disease Control & Prevention, www.cdc.gov/vaccines, the Washington Department of Health, www.doh.wa.gov/YouandYourFamily/Immunization, or your personal health care provider. This information is provided at the direction of the Washington State Legislature to reduce rates of cervical cancer in the state.

Meningococcal Disease

- ❖ Meningococcal disease is a serious infection of the brain (meningitis) and blood, caused by a certain type of bacteria. People at any age may get meningococcal disease. However, adolescents and young adults are more likely to get the disease, especially those living in group settings. One dose of meningococcal vaccine is recommended for all adolescents ages 11-12; a booster shot is recommended at age 16.

Highly Capable Program (HCP)

- ❖ **Policy and Procedure 2190** guides the District's offerings of appropriate instructional programs to meet the needs of highly capable students of school age. Anyone may nominate a FSD student to be assessed to determine if the student qualifies to participate in the Highly Capable Program. The district nomination form is available through school offices. Information about the nomination, selection and appeals process and program options is also available through school offices. (**WAC 392-170-042**)

Homeless Children & Youth

- ❖ The purpose of the McKinney-Vento Act is to provide educational services to homeless students which are equal to all other enrolled students, and ensure that homeless children and youth have equal opportunities to enroll in, attend and be successful in school. Contact your principal or school counselor for more information. More online at www.fsd.org.

Home Schooling Declaration

- ❖ State law requires that parents providing home-based instruction to their children must file a declaration with their local school district by September 15, or within two weeks of the beginning of any public-school quarter or semester. Applicable forms are available at the Freeman School District Office or by calling (509) 291-3695.

Pesticide Notification

- ❖ State law requires school districts to provide parents of students and employees information about the district's pest control policies and methods on request. For information regarding the use of pesticides in, please contact Facilities at (509) 291-6883 (RCW 28A.320.164, RCW 17.21.415[2])

School Employee Disciplinary Records

- ❖ State law requires school districts to provide parents with information regarding their rights under the Washington Public Disclosure Act to request public records regarding school employee discipline. To make a public records request, please see **Policy and Procedure 4040**. (RCW 28A.320.160)

Teacher/ Paraprofessional Qualifications

- ❖ FSD receives federal funds for Title I programs through *The Every Student Succeeds Act of 2015*. Under ESSA, parents have the right to request information regarding the professional qualifications of their child's classroom teacher(s). If your child also receives services from a Title I-funded paraprofessional, parents also have the right to request information regarding his or her professional qualifications. More online at www.freemansd.org.

Tobacco Use

- ❖ The use of any tobacco product and delivery devices, e.g., electronic cigarettes, is prohibited by all persons in or near (within 500 feet of) all district buildings, facilities and vehicles, including playgrounds.

Our Schools Protect Students from Harassment, Intimidation, and Bullying (HIB)

We strive to make our school a safe and inclusive environment where all students are protected from Harassment, Intimidation, and Bullying (HIB), including in the classroom, on the school bus, in school sports, and during other school activities. This section explains what HIB is, what to do when you see or experience it, and how our school responds to it.

What is HIB?

State law (RCW 28A.600.477(5)(b)(i)) defines HIB as “any intentional electronic, written, verbal, or physical act including, but not limited to, one shown to be motivated by any characteristic in RCW 28A.640.010 and 28A.642.010 (discrimination based on a protected status) or other distinguishing characteristics, when the intentional electronic, written, verbal, or physical act:

- (A) Physically harms a student or damages the student’s property;
- (B) Has the effect of substantially interfering with a student’s education;
- (C) Is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment; or
- (D) Has the effect of substantially disrupting the orderly operation of the school.”

HIB often involves one student having, or appearing to have, more power than another student. While HIB often appears as repeated behaviors, it is important to take single serious incidents seriously. It usually happens more than once or is very likely to happen again. HIB is against the law in our schools.

HIB policy only applies to actions between students. It does not cover harassment, intimidation, or bullying of an employee, volunteer, parent/legal guardian, or community member.

How can I make a report about HIB?

Talk to any school staff member, start with whoever you feel most comfortable with, such as a teacher, counselor, coach, or other school staff. You can report HIB by telling school staff in person or in writing (written reports can be made in your home language; please ask your school or district for support with translation). You can make your report anonymously/without giving your name or confidentially (asking that your name not be shared with other students or parents/caregivers involved). No student will be disciplined based only on an anonymous or confidential report.

If a staff member learns about, sees, or hears HIB happening, they must act quickly to stop the behavior(s) and keep it or them from happening again. Our district also has a HIB Compliance Officer (**District HIB Name and Contact Info**) who helps prevent and respond to HIB.

What happens after I make a report about HIB?

When you report HIB, school staff must act quickly to stop the behavior and prevent it from happening again. If you and the school agree the problem is resolved, then no further action may be needed. But, if you feel that you or someone you know is facing HIB that is unresolved, severe, or keeps happening, you should ask for an official HIB investigation by completing an Incident Reporting Form [\[link\]](#).

The school must also make sure that students who report HIB are not treated badly for speaking up. This is called retaliation, and it is not allowed.

What is the investigation process?

The HIB investigation begins if you submit the HIB Incident Report Form [\[link\]](#), and the incident meets the definition of HIB toward a student. When you submit the Incident Reporting Form, the HIB Compliance Officer or the staff member leading the investigation must notify the families of the students involved that a complaint was received. They must make sure a prompt and thorough investigation takes place. The investigation is usually finished within five school days. If it takes longer, the school will keep you updated, generally once a week, until it is done.

When the investigation is complete, the HIB Compliance Officer or the staff member leading the investigation must share the results with you within two school days.

This response should include:

- A summary of what the investigation found
- A decision about whether the HIB was substantiated (found to have happened)
- Any steps the school will take to address the problem
- Clear information about how you can appeal the decision

If HIB is confirmed, the school will address it.

What are the next steps if I disagree with the outcome?

For the student named as the “targeted student” in a complaint:

If you disagree with the school district’s decision, you may appeal. To appeal, send a written request asking the superintendent (or the person they’ve assigned) to review the investigation. They will send you a written decision.

For the student named as the “aggressor” in a complaint:

A student found to be an “aggressor” in a HIB complaint may not appeal the decision of the investigation itself. They can, however, appeal any corrective actions (consequences) that come from the HIB investigation findings.

What information may I have about other students?

Student privacy laws limit what the school can tell you about any intervention or discipline given to another student. You will be told whether HIB was found to have happened and that steps were taken, even if the details of those steps impacting all students involved cannot be shared.

For more information about the HIB complaint process, including important timelines, please see the district’s [HIB webpage](#) or the district’s [HIB Policy \[3207\]](#) and [Procedure \[3207P\]](#).

How do I make a HIB complaint about a staff member?

This process is for concerns about one student harassing, intimidating, or bullying another student. If your concern is about a staff member’s behavior, ask your school for information on how to report it.

Our School Stands Against Discrimination

Discrimination can happen when someone is treated differently or unfairly because of a **protected status**, including their race, ethnicity, color, national origin, immigration or citizenship status, sex, gender identity, gender expression, sexual orientation, homelessness, religion, creed, disability, neurodivergence, use of a service animal, or veteran or military status.

What is discriminatory harassment?

Discriminatory harassment can include teasing and name-calling; graphic and written statements; or other behavior that is threatening, harmful, or humiliating. It happens when the behavior is based on a student’s protected status and is serious enough to create a hostile environment. A **hostile environment** is created when behavior is so severe, pervasive, or persistent that it limits a student’s ability to participate in or benefit from the school’s services, activities, or opportunities.

To review the district’s Nondiscrimination Policy 3210 and Procedure 3210P, visit freemansd.org.

What is sexual harassment?

Sexual harassment is unwelcome behavior or communication that is sexual in nature and seriously interferes with a student’s educational performance or creates an intimidating or hostile environment. Sexual harassment can also occur

when a student is led to believe they must accept unwelcome sexual behavior or communication to receive something in return, such as a better grade or a place on a sports team.

Examples of sexual harassment include:

- Pressuring a person for sexual actions or favors.
- Unwelcome sexual touching.
- Written, graphic, or electronic messages that are sexual in nature.
- Sharing sexually explicit texts, emails, or pictures.
- Making sexual jokes, spreading sexual rumors, or making suggestive comments.
- Physical violence, including rape and sexual assault.

Our school does not discriminate based on sex. We prohibit sex discrimination in all education programs, activities, and employment, as required by Title IX and state law.

To review the district's Sexual Harassment Policy 3205 and Procedure 3205P, visit freemansd.org.

What should my school do about discriminatory and sexual harassment?

When a school learns about possible discriminatory harassment or sexual harassment, it must investigate and take steps to stop the unwanted behavior. The school must address any effects of the harassment on the student at school, including eliminating the hostile environment, and prevent the harassment from happening again.

What can I do if I'm concerned about discrimination or harassment?

Talk to a Coordinator or submit a written complaint. You may contact the following school district staff to report your concerns, ask questions, or learn more about how to resolve your concerns. If English isn't your first language, you can request an interpreter or prepare the complaint in your language. If you have a disability and need accommodations to make a complaint, let the school know your disability needs.

Concerns about discrimination:

Civil Rights Coordinator: Lisa Phelan, 509-291-3695.

Concerns about sex discrimination, including sexual harassment:

Title IX Coordinator: Lisa Phelan, 509-291-3695.

Concerns about disability discrimination:

Section 504 Coordinator: Lisa Phelan, 509-291-3695.

Concerns about discrimination based on gender identity:

Gender-Inclusive Schools Coordinator: Lisa Phelan, 509-291-3695.

To **submit a written complaint**, describe the behavior or incident that you believe may be discriminatory. Send it by mail, fax, email, or hand delivery to the school principal, district superintendent, or civil rights coordinator. Submit the complaint as soon as possible so the school district can investigate it promptly. You must submit your complaint within one year of the behavior or incident.

What happens after I file a discrimination complaint?

The Civil Rights Coordinator will give you a copy of the school district's discrimination complaint procedure. The Civil Rights Coordinator will make sure your complaint is investigated promptly and thoroughly. The investigation will be completed within 30 calendar days unless you agree to a different timeline. If exceptional circumstances require more time, the Civil Rights Coordinator will notify you in writing and tell you the expected date for the response.

When the investigation is complete, the school district superintendent or the staff member leading the investigation will send you a written response. The response will include:

- A summary of the investigation results.

- A determination of whether the school district failed to comply with civil rights laws.
- Any corrective actions or remedies that are needed.
- Information about how to appeal the decision.

What are the next steps if I disagree with the outcome?

If you disagree with the decision about your complaint, you may appeal the decision to the School Board. You may then file a complaint with the Office of Superintendent of Public Instruction (OSPI). For more information about this process, including important deadlines, see the school district's Nondiscrimination Procedure (3210P) and Sexual Harassment Procedure (3205P).

I already submitted an HIB complaint – what will my school do?

Harassment, intimidation, or bullying (HIB) can be discrimination if it is based on a protected status. If you give your school a written report of HIB that involves discrimination or sexual harassment, your school will notify the Civil Rights Coordinator. The school district will investigate the complaint using both the Nondiscrimination Procedure (3210P) and the HIB Procedure (3207P) to fully address your concerns.

Our School is Gender-Inclusive

In Washington, all students have the right to be treated consistent with their gender identity at school. Our school will:

- Address students by their requested name and pronouns, whether or not they have legally changed their name.
- Update students' gender designation so they accurately reflected in school records.
- Provide students with access to restrooms and locker rooms that align with their gender identity.
 - Ensure students can participate in sports, physical education classes, field trips, and overnight trips consistent with their gender identity.
- Keep students' health and education information private and confidential.
- Allow students to wear clothing that reflects their gender identity and enforce dress codes without regard to a student's gender or perceived gender.
- Create an inclusive, respectful environment and protect students from teasing, bullying, or harassment based on their gender or gender identity.

To review the district's Gender-Inclusive Schools Policy 3211 and Procedure 3211P, visit freemansd.org. If you have questions or concerns, please contact the Gender-Inclusive Schools Coordinator:
Lisa Phelan, 509-291-7301

For concerns about discrimination or discriminatory harassment based on gender identity or gender expression, please see the information above on page ##.

Our School is Committed to Students and State Law

Students have the right to learn in schools that follow state law and protect their rights. Willful noncompliance happens when a school district leader or school board member does something—or fails to do something—that they knew, or reasonably should have known, would violate state law. Under ESHB 1296, OSPI is responsible for investigating complaints about willful noncompliance and working to find fair solutions.

These laws include requirements related to:

- Civil rights and nondiscrimination (RCWs 28A.640 and 28A.642)
- Harassment, intimidation, or bullying (RCW 28A.600.477)
- Curriculum requirements and instructional materials policies (RCWs 28A.150.230, 28A.300.475, 28A.320.170, 28A.320.230, and 28A.320.235)
- Use of restraint or isolation (RCW 28A.600.485)

- Student discipline (chapter 28A.600 RCW)

How do I make a complaint about willful noncompliance with state law?

You must first use available complaint processes to try to resolve your concern. This means the available complaint processes start with your school district, even if the school district superintendent or a school board member is the subject of your complaints. School personnel are not allowed to retaliate for making a formal complaint.

If no available complaint processes are available, you must check OSPI's website for other OSPI complaint procedures at [How to File a Complaint](#), and follow any applicable processes. If none exist, or you have completed all other processes, you must send written notice to the district superintendent at least 30 calendar days before filing a complaint with OSPI.

Complaints to OSPI must be submitted within 30 calendar days after a final decision in the local complaint process, when one applies. The complaint must be in writing and include enough information to describe the concern and the actions or failures to act that may be willful noncompliance. You may send the complaint by mail, email, or hand delivery to OSPI.

When OSPI receives a complaint that meets the requirements for investigation, it will open an investigation. OSPI will send you written notice of the allegations under investigation. After the investigation is complete, OSPI will issue written findings to you and your school. These findings will state whether noncompliance occurred and may require the school to take actions to fix the issue.

Who else can help with HIB, Discrimination, or Willful Noncompliance Concerns?

Office of Superintendent of Public Instruction (OSPI)

All reports must start locally at the school or district level, even if the complaint involves the school or school district. School personnel should not retaliate against students or families for making a formal complaint.

OSPI can assist students, families, communities, and school staff with questions about state law, the HIB complaint process, and the discrimination and sexual harassment complaint processes, as well as complaints alleging willful noncompliance with state law under ESHB 1296.

Our School is Committed to Safety at School Activities and Events

Washington State wants school activities and events, like athletic competitions, performances, and other extracurricular activities, to be safe for everyone who takes part in them or watches them.

What does state law say?

Washington State law has long banned intimidation, force, and threats of violence at school events. [ESB 5272](#) (which takes effect in 2026) made those protections stronger. It now also covers officials and volunteers at extracurricular athletic activities, and it has created new consequences for breaking the law. For non-students, if they are convicted of a crime, they may be banned from school activities for up to 18 months, receive a fine, or go to jail for no more than 6 months. For students, other school consequences, including removal from school, may also apply under [RCW 28A.600.015](#).

How is this different from HIB?

This is different from our school's HIB policy, which deals with conduct between students through a school process. ESB 5272 covers more people and more situations and is enforced through criminal law and school discipline procedures instead of the school's HIB process.

The expectations in this section are broader. They apply to everyone at school activities — students, parents, and community members alike — and they cover behavior toward everyone involved, not just students. This section and the HIB section work together but cover different situations.

What should I do if I experience or witness this conduct?

- Call 911 if there is an immediate safety concern
- Report to a coach, event supervisor, school administrator, or other trusted adult as soon as possible. They can connect you with the right support and make sure the right steps are taken
- If a student was the target of the conduct, you may also be able to file a report under our school's HIB policy — see the HIB section of this handbook for more information

Who can I contact with questions?

For questions about safety at school events, contact your school principal or Lisa Phelan, 509-291-3695.

For questions about whether conduct student-to-student may also be HIB, contact the HIB Compliance Officer: Lisa Phelan, 509-291-3695
