School Counselor: Gage McLeod (Mr. MC or Mr. M)

Hi, I am the school counselor, Mr. MC or Mr. M. I just graduated from George Fox University and am continuing my education at Oregon State University for my master's in School Counseling. I want to inspire, motivate, and lead the next generation to be equipped, confident, and positive members of society.

I grew up in a family of educators and coaches, which created my own joy and passion for a career in school counseling and coaching basketball.

I love to play and coach basketball, watch movies and, hang out with my family and friends, listen to country music, and golf!

I hope to see you around, and I am super excited to create positive and meaningful relationships with all students!
