Plan Revised 05/05/26

### What is Title I?

BES is identified as a Title I school as part of the Every Student Succeeds Act (ESSA). Title I is designed to support state and local school reform efforts tied to the challenging state academic standards to improve teaching and learning for students. Title I programs must be based on effective means of improving student achievement and include strategies to support family engagement. All Title I schools must develop, with parents and family members, a written family engagement plan.

### School Plan for Shared Student Achievement

### What is it?

BES values the contributions and involvement of our parents in order to establish an equal partnership for the common goal of improving student achievement. This plan describes the different ways that BES will encourage and support parent engagement. It lists opportunities where parents can participate in activities and events that will help promote their child's learning at school and at home.

### How is it revised?

BES welcomes parent input and comments at any time regarding this plan. All parent feedback will be used to revise the plan for the next school year. The plan is posted on our school website for parents to view and feedback is welcome throughout the year. We also distribute an annual survey online. A note will be sent to parents via students that has the survey link and information about how they can request a paper copy of the survey.

### Who is it for?

All students and their families are encouraged and invited to fully participate in the opportunities described in this plan. BES will provide full opportunity for the participation of parents with limited English, parents with disabilities, and parents of migratory children. Residential facilities in the school attendance area are included in any parent involvement correspondence and activities as well.

### Where is it available?

At the beginning of the school year by November 1, the plan is distributed to all students. Parents can also retrieve a copy of the Family Engagement Plan from the school's front office, the Parent Resource Center, and the school website.

### School - Parent Compacts

As part of this plan, BES and our families will develop a school - parent compact. This compact is an agreement to explain how parents and teachers will work together to make sure all students reach grade-level standards. The compact will be reviewed and updated annually based on feedback from parents, students and teachers received throughout the school year.

### Family Engagement Plan

BES believes that family engagement means the participation of parents and family members in regular two-way, meaningful communication. Our goals are to ensure that:

- Parents play an integral role in assisting their child's learning.
- Parents are encouraged to be actively involved in their child's education at school.
- Parents are full partners in their child's education.

### BES Parent Resource Center

The Parent Resource Center is filled with educational games, books, and much more. It is located in room 506. The Family Engagement Specialist will be available at the school by appointment. If you need assistance please contact your school Family Engagement Specialist.

### Reservation of Funds

BCS will reserve 1 percent from the total amount of Title I funds it receives in FY27 to carry out the parent and family engagement requirements listed in this plan and as described in Section 1116 of the ESSA. Furthermore, BCS will distribute 90 percent of the amount reserved to Title I schools to support their local- level family engagement programs and activities. The district will provide clear guidance and communication to assist each Title I school in developing an adequate family engagement budget that addresses their needs assessment and parent recommendations.

## BES Supports Achievement!

BES will take the following measures to promote and support parents as an important foundation of the school in order to strengthen the school and reach our goals. We will:

- Communicate with all families and the community on a regular basis regarding school-wide events and activities via call outs, email, and social media.
- Conduct staff development annually on parent involvement practices and effective strategies for staff to communicate and build partnerships with parents.
- Partner with early childhood programs, middle and high schools, college and career ready resources or organizations, parent resource centers, or other programs (as applicable) to help prepare parents and their children for successful school transitioning.
- Share information in English and Spanish for parents to understand the school's academic standards and assessments as well as the ways parents can monitor their child's progress and work with educators.
- Work with parents to develop relevant training and presentations to educate them on how to help their child achieve academic success.
- Listen and respond to parents' requests for additional educational support.
- Maintain a Parent Resource Room to help parents establish home learning environments.
