

2026-2027 Meal Prices

The Community Eligibility Provision (CEP) is a meal service option for schools and school districts in low-income areas and is a key provision of The Healthy, Hunger Free Kids Act (HHFKA, Public Law 111-296; December 13, 2010). CEP allows the nation's highest poverty schools and districts to serve breakfast and lunch at no cost to all enrolled students without the burden of collecting household applications. This alternative saves local educational agencies (LEAs) time and money by streamlining paperwork and administrative requirements and facilitates children's access to nutritious school meals.

Schools qualify based on their percentage of direct certification. The term identified students refers to children who are directly certified for free school meals based on their participation (or a household member's participation) in other means-tested assistance programs, such as:

- The Supplemental Nutrition Assistance Program (SNAP),
- Temporary Assistance for Needy Families (TANF),
- The Food Distribution Program on Indian Reservations (FDPIR)

Including Medicaid

Participation in CEP will provide free breakfast and lunch to ALL students in our schools.

ALL students will be offered free breakfast and lunch for the 2025-26 school year and will NOT need to submit a free and reduced meal application this year.
