

CARROLL
Independent School District

CISD Regular Board Meeting
President's Report
August 17, 2026

Good evening, everyone.

First, I want to congratulate our students, teachers, staff, and families on a successful first week of school. It has been great to see our campuses full of energy and our Dragons back in the classrooms.

We also have some outstanding academic news to celebrate. Every Carroll ISD campus received an A rating from the Texas Education Agency. That is an incredible accomplishment and a reflection of the hard work and commitment of our students, teachers, staff, and administrators.

I also want to congratulate Trustees Christy Stacy, Mandy Reece, and Eric Lannen on another term of service to Carroll ISD. Each of them will return for another term after not garnering an opponent for the November election. We appreciate their willingness to continue serving our students, staff, and community.

Finally, I want to provide an update on our Tax Increment Reinvestment Zone (TIRZ) funding request. The Board will submit a request to our City Council for an additional \$500,000 in TIRZ funding in the next budget cycle to help address needed capital improvements at Eubanks Intermediate, Dawson Middle, Old Union Elementary and Dragon Stadium.

These are not new construction projects or discretionary enhancements. They are routine maintenance and infrastructure improvements designed to preserve the safety, functionality, and longevity of facilities used by our students, staff, families, and the broader community.

Carroll ISD has participated in the TIRZ since its creation in 1998, and the district's contribution comes from Carroll ISD property tax dollars generated within the TIRZ. The City's current projections indicate that the TIRZ could add nearly \$2 million to its fund balance this fiscal year, bringing the projected balance above \$16 million.

We have also requested a comprehensive public accounting of the TIRZ's history, including the amount of Carroll ISD property tax increment contributed since 1998, how TIRZ funds have been spent, the current fund balance and historical reserves, planned uses of the existing balance, and the projects funded throughout the TIRZ's history.

Our request is ultimately about responsible stewardship of taxpayer dollars and preserving public assets that benefit the entire community. Strong schools strengthen our neighborhoods, property values, businesses, and overall quality of life.

I spoke with both Mayor McCaskill and TIRZ Chair Councilman Robbins last week on this subject and let them know I would be sending a funding request on behalf of the Board. We appreciate very much the City's and District's partnership and respectfully ask that it consider this additional \$500,000 investment in Carroll ISD and the Southlake community.
