Families Making the Connection

Taste & Learn About Local Produce

North Carolina is fortunate to have a bounty of agricultural products. "Goodness Grows in North Carolina"! You can find locally grown food in grocery stores, roadside stands, and farmers markets as well as restaurants, schools, and early care and education sites across the state.

For National Fruits & Veggies Month in September and Farm to School and Early Care and Education Month in October, plan to participate in the N.C. Crunch, an opportunity to taste and learn about North Carolina grown fruits and veggies. Schools, early care and education centers, organizations, and families can sign up and receive a free guide with tips, templates, and links to resources. Share photos on social media of you tasting and learning about N.C. produce using #NCCrunch. Learn

more and sign up at <https://growing-minds.org/north-carolina-crunch>.

The N.C. Crunch is also an opportunity to recognize all those involved in feeding our youth and communities—farmers, distributors, school nutrition professionals, transportation professionals and more. Let's thank our dedicated #FarmtoSchoolHeroes across the state!
