Bedminster Technology Device Form

If a computer is brought in for repair without a case the protection plan is void. While there is no cost for the use of the computer, it is imperative that the computer the student is issued be maintained and handled in a responsible way.

You have the option to purchase a Protection Plan for the school computer to cover repair if the device is accidentally damaged and for replacement costs if the device or accessories are lost or stolen. The Protection Plan is non-transferable and non-refundable. Once purchased, coverage is in effect from the day the device is received through September 03, 2027. You must sign the plan confirming OPT-IN or OPT-OUT.

The cost of the Protection Plan for the 2026-2027 school year is **$50** and gives coverage until June 30th 2027.
DEADLINE: The final date to purchase the protection plan is October 15th, 2026. After that date you will be responsible for the full cost of all repairs.

- The Protection Plan does **NOT** cover misuse, neglect or intentional damage. Students will be responsible for the entire cost of repairs or replacement of devices damaged through student misuse, neglect, or intentional damage.
- The Protection Plan covers accidental damage to power adapters, and any loaner devices and other accessories that are issued to the student in the event that their computer is under repair.
- The Protection Plan only covers stolen devices if an official police report is submitted to the main office.
- The Protection Plan covers **ALL** incidents during the school year.
- If you do **NOT** purchase the Protection Plan, you are responsible for paying the cost of any repair(s) for physical damage to the student's device, power adapter and any loaner devices that are issued to the student. If the device is unable to be repaired, this may also include the full replacement cost of the device.
- Parents are responsible for paying for repairs of damaged devices brought to the tech office for repair without the case, even if the protection plan is paid.
- There are no credits given once money is received.

How to Purchase the Protection Plan

Pay via Pay Schools, Check or Money Order

Payments made via check or money order made payable to ***Bedminster BOE***. Checks can either be sent in with your child to be given to their homeroom teacher or brought in by the parent to the main office. **Please include your child's student ID and grade level on the check**.

Guidelines for Use

- **Acceptable Use Policy**. Use of this computing device is subject to the Bedminster Board of Education Acceptable Use Policy (based on Rules and Regulations 2361) and related policies.
- **Device Maintenance**. The Student shall not tamper with or deface the device or serial number in any way. No form of tampering is acceptable.
- **Daily Use of Device**. Unless otherwise instructed, the device is intended for use at school every day and should be brought to school fully charged.
- **Student Accounts**. The Student shall only access their own device or any district technology resources with their own school account, which has certain privileges and rights on the network. The Student should never use a personal account or another student's account, or attempt in any way to access resources on the network to which no explicit rights have been granted.
- **Network Filtering**. Any computer device that connects through the Bedminster Computer Network is filtered by the school district at all times. Even with these intended safeguards, it is the responsibility of the parent(s) or guardian(s) to monitor appropriate student use of the computing device and the internet outside of school.
- **No Unauthorized Software/Content**. The Student may not download copyrighted software, multimedia, or any other material in violation of district guidelines, state laws, or federal laws. If the Student requires special software/applications for School use, the installation must be approved by the school district beforehand.
- **No Financial Gain**. This device may not be used for any form of personal financial gain.
- **District Property**. This device and its contents are the property of the school district. No data stored on this computing device is personal or private and the Student has no reasonable expectation of privacy in such data. Any application or data (including, but not limited to photos, videos, music, etc.) remains the property of the school district upon completion of the program.
