

Team Explorers

Your Team Explorers teachers have been busy getting ready for an amazing school year, and we can't wait to meet you! We're excited to learn, discover, and grow alongside you throughout the year. Our team name, Explorers, represents curiosity, courage, and a willingness to try new things. Explorers are excited to ask questions, try new experiences, and venture beyond what they already know. When they face challenges, they keep going, learn from their experiences, and find new ways to move forward. As Team Explorers, we will stay curious, embrace new adventures, lead with kindness, and support one another along the way. Every day is an opportunity to discover something new, challenge ourselves, and grow! Welcome to Team Explorers, we're so excited you're here!

What is Team?

Holicong is organized into teaching teams. Team Explorers is your "home base." The teachers plan team activities, coordinate lessons and due dates, and discuss student progress. Your teaching team looks out for you! Team Explorers is a brand-new team, and we are so excited to create new traditions that pave the way for future Explorers!

Get involved and try new things by checking out our available student activities. It's time to gear up and be a respectful, responsible, considerate, and healthy Explorer this year!

Team Teachers

Mrs. Garland
Mrs. Mauer
Mrs. Pizzi-Young
English

Mrs. Downey-Miller
Mr. Heine
Ms. Klukiewicz
Math

Mrs. Lovuolo
Mrs. Madden
Mr. Vorwerk

Special Education

Mrs. Lovuolo
Team Leader

On our first day, you can expect to . . .

- Get to know your teachers and team members
- Practice opening your locker
- Understand your schedule
- Attend your A day classes
- Find your classrooms on the team and for your specials class
- Figure out the cafeteria rules and routines
- Take a guided building tour
- Socialize and make new friends

. . . all with the help of your teachers.
