

District 622 Student Responsibility Policies*

District 622 students have the right to an education, the opportunity to learn, and due process as guaranteed by federal and state law. Students also share the responsibility of helping create a positive learning environment. The Student Responsibility Policies below outline expectations for behavior, how we conduct ourselves at school, and how we treat one another. We encourage the adults in our students' lives to model and reinforce these expectations. For more information, view the full policy documents at isd622.org/about/policies or contact your school's administration.
