

No Additional Food Charge Request Form

By completing this form, you are requesting that your child(ren) only receive standard, daily school meals. This restriction blocks charging privileges for all other items—such as second servings, extra milk, and à la carte choices—to prevent unexpected account charges.

- **Free Standard Meals:** Every student receives one free school breakfast and one free school lunch daily. Each standard meal includes one carton of milk.
- **Fruits & Vegetables:** There are generally no limits on the fruits and vegetables included with a standard meal.
- **Cash Purchases Allowed:** Restricted students may still purchase à la carte items or second helpings if they pay with cash at the register.

Important Guidelines & Account Disclaimers

- **System Limitations:** This request will be honored whenever possible. However, please understand that we cannot be held accountable for oversights caused by automated computer system glitches, technical issues, or substitute cafeteria cashier staff.
- **Talk to Your Child:** Please notify your child directly regarding these spending restrictions so they know what they can and cannot choose at the registers.
- **Extra Milk Rules:** Please be aware that any extra milk is considered an à la carte item. If a student brings a cold lunch from home and wishes to purchase milk at school, they must pay for it with cash at the register.
