2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2025-26 School Description and Mission Statement

The Stanislaus County Office of Education alternative program is comprised of both court and community school programs. This report will only address the court school portion of the program. The County Office of Education operates the educational program at Stanislaus County West Campus. Students complete a WASC accredited, grade appropriate, standards-based academic courses and work on basic skills to complete requirements or earn high school credits. Students at the West Campus who have been identified as needing special education services are provided supplementary services through credentialed special education teachers and para professional support.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Chromebook use is preferred for all students however there are situation in the facility where safety mandates other means of curriculum presentation be utilized.

Chromebook use for core classes in grades 9-12 are all California State Board of Education standards aligned and SBE approved.

Chromebooks for core classes in grades 6-8 are all SBE adopted as well as Stanislaus County Board adopted following an adoption process by staff within each adoption cycle. The process follows the "Toolkit" published by our COE to guide committees through the review and recommendation of texts as well as a vote at whole-division staff meetings followed by a recommendation at a board meeting for adoption/approval depending on grade level. All past recommendations have been approved by our SCOE Board.

Chromebooks are ordered initially based on enrollment counts of students and extras are ordered throughout the life of the adoptions due to enrollment surges and/ chromebook loss.

School Facility Conditions and Planned Improvements

The Stanislaus County Office of Education runs the school program at Juvenile Hall per CCR Title 15. The facility is run and maintained by the county probation department. The facility consists of 8 separate units where youth are housed and educated. The facility has a large multi purpose room/kitchen and outdoor recreation areas in addition to offices, courtrooms, interview rooms and storage areas. The facility is well maintained and very clean. Inspections by the California Department of Corrections and Rehabilitation are available upon request.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Stanislaus County West Campus students are incarcerated and have limited visitation rights with their parents. The Stanislaus County Office of Education provides support services to detained students who are in transition out of the facility, are parents or pregnant, or who are in the foster care system.

The County provides agency support staff including counselors, probation and parole staff, therapist and other personnel to deal with the education rights and social/emotional needs of the students. Parents of Special Education students are included in all IEP meetings while their student is in the Hall. The county office invites parents to participate in the SSC and DELAC at the site level. Probation staff serves on these on occasion as stakeholders in our school.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school Dropout Rates;
- High school Graduation Rates; and
- Chronic Absenteeism

Fiscal Year 2024-25 Types of Services Funded

West Campus is committed to providing comprehensive programs designed to enrich student learning and facilitate successful post-secondary transitions. Our specialized services ensure students are equipped with both academic knowledge and practical career skills.

Fiscal Year 2024-25 Types of Services Funded

Students receive individualized guidance and skill-building through two key personnel: a Career and Education Technology Coach who focuses on developing relevant, modern workplace skills, and a Career Navigator whose primary function is to guide students through the complex process of transition to higher education or direct employment.

We offer high-value vocational programs that provide pathways to professional certifications and immediate employability. These include the Truck Driving Program, which introduces students to the transportation industry while teaching the specific foundational knowledge and skill work required to operate within the instructional parameters of Juvenile Hall. Additionally, the Culinary Arts Program provides hands-on instruction in the fundamentals of food preparation and kitchen safety, culminating in the opportunity for students to earn their ServSafe Certification, a nationally recognized credential highly valued in the food service

Professional Development

Professional development opportunities are coordinated and conducted twice monthly and focused on instruction to improve student achievement. Topics include but are not limited to new laws and procedures, educational platform training, EL strategies, artificial intelligence, and Ethnic Studies. Principals and other division leadership staff offer faculty opportunities to attend conferences on subject related areas. It is a division goal for all staff members to feel confident about the curriculum they are teaching as well as to provide opportunities for the staff to learn ways to more effectively serve our alternative education population academically, emotionally, and physically.

An Instructional Coach is utilized as a cornerstone of this strategy, performing a vital, non-evaluative role focused exclusively on elevating the quality of teaching and learning at the school site. This position functions as a job-embedded professional development resource, ensuring the consistent implementation of best practices and the maximization of student outcomes.

The scope of the Instructional Coach's impact is defined by core responsibilities, including:

- *Targeted Coaching and Mentoring
- *Curriculum and Standards Implementation
- *Modeling of Best Practices
- *Data Analysis and Action Planning
- * Facilitation of Resources and Training

Through the deployment of this comprehensive support structure, the Instructional Coach is instrumental in fostering a robust culture of continuous instructional improvement, thereby ensuring that every student benefits from highly effective and engaging instruction.
