CLASS**

Spanish Language Classes!

FOR GRADES 1-5

scan to register

Are you ready to speak Spanish?

Right from the beginning these Spanish classes teach students to ask and answer everyday questions. Classes are designed to make learning a second language engaging, entertaining and fun, setting the foundation for life-long language retention. So, let's all get together and adventure into Spanish!!

Cultured Kids Club's mission is to get you talking! With our interactive and progressing curriculum, small class sizes, and our native-speaking teacher, your child will be on the fast track to learning Spanish naturally in a FUN and engaging environment. Each semester students will learn new topics of conversation and the culture of a Spanish-speaking country with an art project to take home! In addition to our classroom learning, all students will receive password access to our online "Student Corner" Spanish learning resources, for between classroom learning. All classroom materials provided!
