Clark County School District

2026–2027 Rights of English Learners Verification

Overview

Nevada Revised Statutes (NRS) 388.406, Rights of English Learners (ELs) requires all districts to develop policies to support and improve academic outcomes for ELs. The NRS extends school districts' responsibility to collect and report data on ELs, aiming to enhance transparency and accountability in the education they provide. Schools support the implementation of NRS 388.406 by verifying the posting of the Rights of ELs in the fall of each year and by reporting EL participation in athletics and extracurricular activities in the spring of each year.

Rights of ELs

By the deadline of Friday, August 7, 2026, all Clark County School District (CCSD) schools that enroll ELs are required to post a copy of the Rights of ELs described in NRS 388.406 on the school's website in as many languages as possible, reflective of the school's student population.

Available translations are provided on the CCSD website.

Principals must verify that the Rights of ELs have been posted to the school's website by submitting a link to the school's webpage, under the Parents tab, via the NRS 388.406, 2026–2027 Rights of ELs Posting Verification Form.

Contact Information

For more information regarding the 2026–2027 Rights of ELs Posting Verification, please contact Kevin Barton, director, English Language Learner Division, at (702) 799-2137 or via email at siglkm@nv.ccsd.net.
