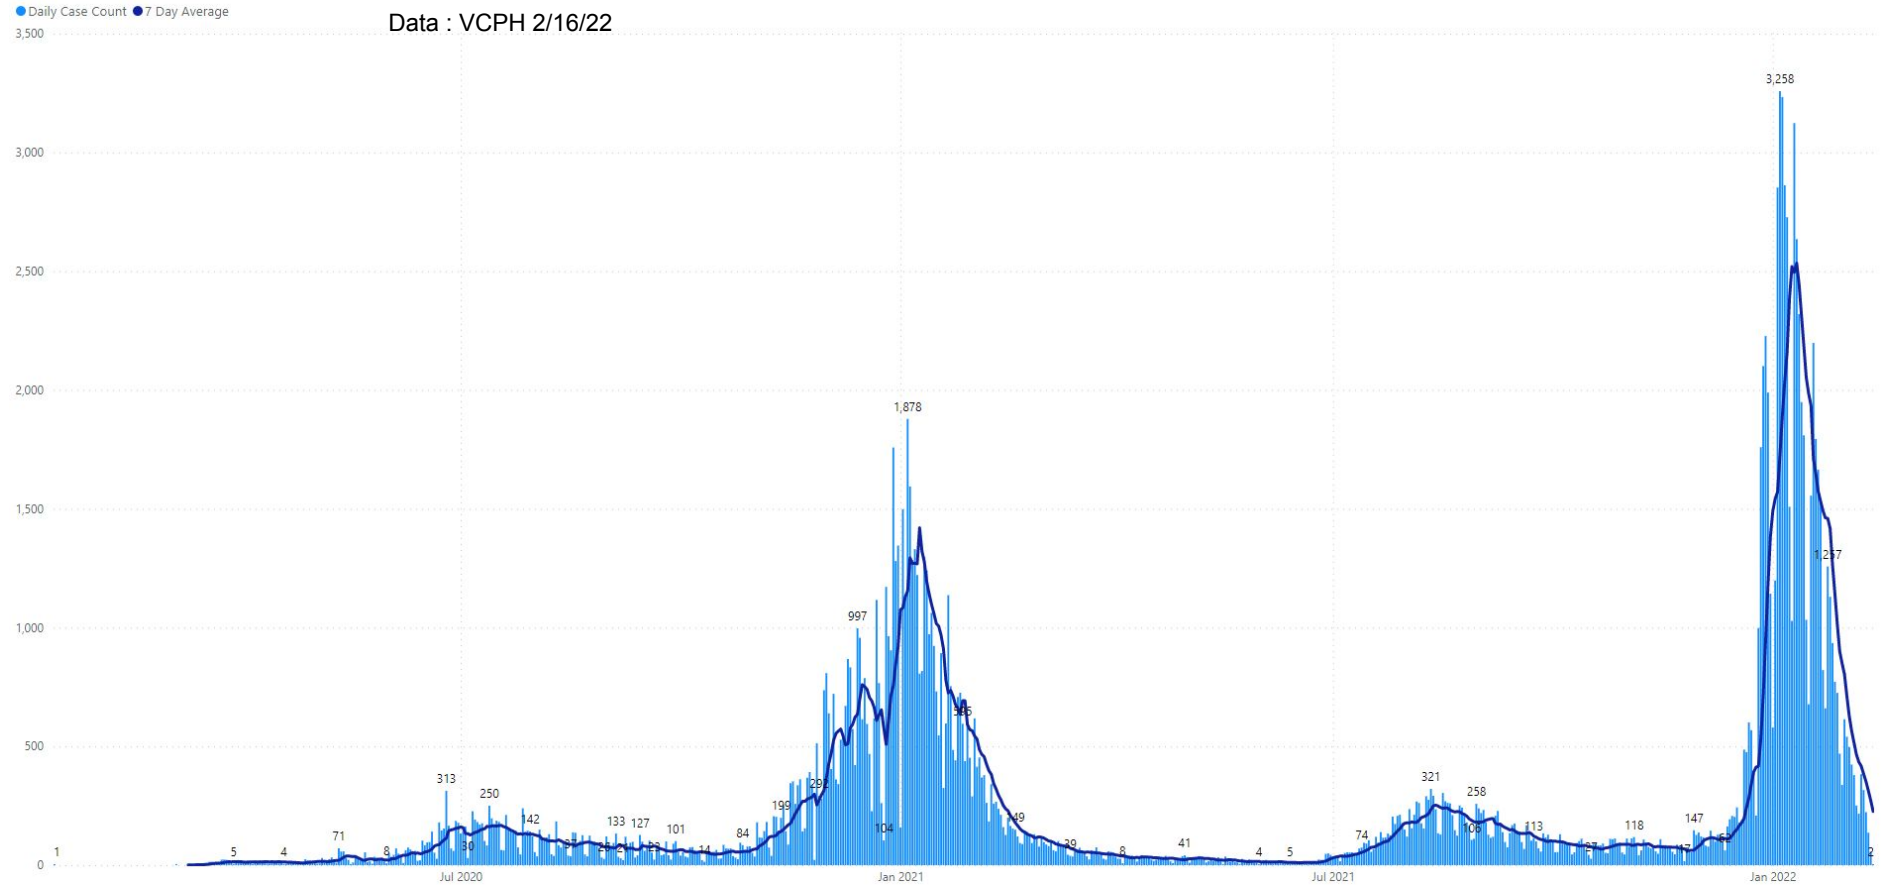
Positive COVID-19 Cases Ventura County



General Indoor Mask Policy Change

The California Department of Public Health's (CDPH) universal indoor masking requirement expired on February 15, 2022. The Ventura County Health Officer Order requiring masking in all indoor public places was lifted Wednesday, February 16, 2022.

- Governor Newsom has left in place the current indoor masking requirement for all students and adults within childcare and K-12 school settings regardless of vaccination status.
- The Governor and his administration will reevaluate the need for continued masking in schools and will provide an update on February 28, 2022.
