

Dear Families,

I am honored and excited to introduce myself as the new Principal/Executive Director of Overland Elementary Early Childhood Education Program.

I have been at this building since it began in 2023 as the Early Childhood Education Program. I started here as a preschool teacher and then was the Head Start Director for the past two years. Prior to this I have taught Kindergarten and First Grade and also ran my own preschool for 10 years.

I have a true passion for early childhood education and believe these first years of learning are among the most important in a child's educational journey. My goal is to create a safe, welcoming, and engaging environment where every child feels valued, every family feels connected, and every staff member is supported.

As I begin this new role, I look forward to getting to know each of you and building strong relationships with our students, families, and staff. I am excited to continue the excellent work that has already been established at Overland and to work alongside our dedicated educators to help every child develop the skills and confidence they need to be successful as they transition into elementary school.

I believe that strong partnerships between home and school are essential to student success. I encourage open communication and welcome your ideas, questions, and involvement throughout the school year. I look forward to meeting you and sharing an exciting and successful school year together.

Sincerely,

Amy Pierantoni
Principal/Executive Director
Overland Elementary Early
Childhood Education Program
