Course Description

The Business Law course aims to familiarize students with a foundational understanding of key legal principles and concepts that apply to the business world. Students will explore the United States legal system, court structures, and various law practices. They will gain an understanding of the fundamental aspects of criminal, civil, and business law. Students will have the opportunity to delve into case studies, engage in activities and projects, and participate in class discussions to gain an appreciation for the legal complexities that shape and regulate business activities.
