

MISS GARRIDO – ART 1

CLASS DESCRIPTION

Students will study the elements of art and the principles of design using a variety of art mediums. Students will study different styles and techniques of art while using critical thinking to analyze art.

Students can expect to produce major projects every 1-2 weeks with minor assignments in between.

ABOUT THE TEACHER

I love to travel and some of my favorite places I have been are New Zealand Japan, and Italy. Traveled Asia for 2 months this summer and documented it on a travel app that I shared with my students last year.

I love reading and one day hope to have a small library in my home. (1000+ books)

I love to try all different experiences and just recently went scuba diving for the first time.

I love to make art but especially love to see what art others make.
