Welcome to Central Early Learning Center!

We Welcome Each Other. We Care for Each Other. We Stand Up for Each Other. We Protect Each Other.

We're excited to have you here.

We support children birth through age 5 and their families through:

Early Childhood Family Education (ECFE) – These classes are designed to strengthen and empower families and support the health development of young children.

Half Day Preschool – Our Parent Aware rated program offers the city's youngest learners a chance to learn with future elementary school classmates in a real world environment. Morning or afternoon classes are available.

Early Childhood Screening – We provide free early childhood screening for all 3-5 year olds. Screening between the ages of 3 and 4 provides the best opportunity for any health and development support you or your child may need. Early Childhood Screening is required by the State of Minnesota before a child can begin kindergarten.

Early Childhood Special Education – Our ECSE services include early intervention programming (birth to age 3), as well as preschool programming (3 to 5 years old). Eligibility is determined by using a comprehensive evaluation, which assists in identifying a child's strengths and needs.

Preschool Enrichment - We offer swimming lessons, dance classes, and a first taste at sports! See the QR codes for more information.
