# GUIDE TO GIVING

## YOUR MAP TO PHILANTHROPY AT HIES

### TAX CREDIT PROGRAM

The Georgia GOAL Scholarship Program allows individuals and corporations to redirect a portion of their state income tax to the HIES financial aid program. On average, our community contributes almost $1M annually!

The program strengthens the Holy Innocents' financial aid budget each year to ensure aid is available to outstanding students with financial need.

### PARENT GROUPS

Three parent groups help support the life of the school: the Parents' Association, the Fine Arts Alliance and the Bears Athletic Club. These groups host events including fundraisers, celebrations, parent education workshops and service opportunities.

While each group focuses on a specific area of interest, together they strengthen the school's overall success and benefit the entire community.

### PLANNED GIVING

Donors may include HIES in their estate plans through gifts by will, life insurance, charitable annuities, trusts or other planned gifts. Planned gifts help to ensure HIES's financial viability in the long term and provide an opportunity to leave your legacy.

Planned gifts are recognized through membership in The Golden Legacy Society.

### LONG-TERM GIFTS

The HIES Endowment is a sustainable funding source that provides long-term financial stability for our school.

Gifts to capital projects ensure funding of critical building priorities, renovations and special projects.

Transformative philanthropic commitments ensure the funding of our strategic priorities and support HIES's long-term financial viability.

### GOLDEN BEAR ANNUAL FUND

The Golden Bear Annual Fund is HIES's top philanthropic priority, providing essential support for the school's greatest needs and helping offset annual operating costs. The fund supports every aspect of campus life, from hosting guest speakers to advancing professional development for faculty, ensuring excellence in all we do.

If you can only make one gift to HIES, please support The Golden Bear Annual Fund!
