CCMR STUDENT INFORMATION

What is CCMR?

CCMR (College, Career, and Military Readiness) is a Texas accountability measure that evaluates how well schools prepare students for success after high school. A student is considered CCMR-ready when they demonstrate readiness for college enrollment, workforce entry, or military service through approved state performance indicators.

Why Does CCMR Matter?

CCMR ensures that students graduate with the knowledge, skills, and credentials needed to succeed in their chosen postsecondary pathway. It encourages schools to provide meaningful opportunities that lead to college success, industry-recognized certifications, career training, or military enlistment.
