Third Grade

Journey Day

September 25, 2026

At Mason City Schools, we believe each Comet is on a journey to discover their **purpose and potential**. This Journey Day invites students to boldly step into the role of **LEARNER**—curious, creative, and driven to grow.

This theme centers on the idea that learning extends beyond the classroom and content standards. It's about **uncovering passions**, building **new skills**, and trying things that might spark a **future direction**. Whether it's coding, cooking, storytelling, animation, music production, design thinking, or robotics—this day is designed for authentic exploration and discovery.

Aligned to our Portrait of a Comet, this day nurtures:

- **Voice & Ownership** – Students choose what they want to learn and how they want to explore it.
- **Adapting for the Future** – By trying new tools and talents, students build the flexible skillsets needed in an evolving world.
- **Engaging in Worthy Challenges** – Students step outside their comfort zones to take on something new and exciting.
- **Building Meaningful Relationships** – Through shared experiences, mentorship, or collaboration, students connect with peers and community members who can fuel their learning journey.

Missions

****Required**

Your Mission: Understand yourself as a learner! To do this, you will complete a Learner profile and have a family discussion about what you learned.

Action: Answer the question on the back of this page to complete your Journey Profile so you can share this at school!

Family Connection Questions:

1. What is something you are really proud of about yourself as a learner?
2. When have you seen me use one of my strengths at home?
3. How can our family help me continue my learning journey this year?

Expeditions

****Optional**

Choose your own Adventure! These **OPTIONAL** choices are filled with fun, optional activities to help you discover new interests, explore your community, and think about how you learn best.

- **Ideal Learning Space:** Sketch your favorite learning spot or build it at home. What makes it work well for you? [Click here to Try it!](#)
- **Positive Self Talk Poster:** Learning can be tricky! Make a poster that gives you some positive words or a strategy you can use when you feel stuck! [Click here to Try it!](#)
- **Learn Something New:** Is there something you've always wanted to learn? Try something new today! [Click here to Try it!](#)

Quests are OPTIONAL Journey Day experiences offered by community partners. These optional experiences help students see how their gifts and interests can make an impact beyond the classroom, while building relationships with those who support and inspire them.
