OUSD Cell Phone Policy: After-School Implementation

Maintaining a Focus on Learning and Connection from Bell to Bell

Effective August 10, 2026, Oakland Unified has implemented a new cell phone policybased on state law, mandating that every school day is a "Cell Phone Free Day". For our after-school programs, this policy remains in full effect from the moment the school bell rings until dismissal at 6:00 PM.

Core Policy Principles

The Board of Education established this policy to eliminate distractions and foster better social skills among students. Key directives include:

- **Every school day is now a Cell Phone Free Day.**
- **During class, between classes, and during lunch, students will NOT BE ALLOWED to use their cell phones:**
- **The basis for the State Law and our Board Policy (BP 5131.8) is a need to eliminate distractions from learning in school.**

Implementation for After-School Staff

Priority Action	Description
Align with Daytime	Confer with the daytime teaching staff to ensure after-school processes for phone storage and enforcement are identical to the school day.
Secure Equipment	Verify that your program has full access to the necessary locking pouches (Yondr) or classroom lock boxes.
Model Behavior	Adults must lead by example. Avoid using personal cell phones during program hours to demonstrate the value of being present and engaged.
Manage Exceptions	Only allow access for students with documented medical needs, IEPs, or Section 504 plans as authorized by the district.

ASP will allow students to use their cell phones during the 15min passing period while we are in the cafeteria but they will be locked as they exit the cafeteria to their programs

Managing Safety and Emergencies

While phones must remain stored and locked, safety is our top priority.

- **Emergency Access:** A student may only access a stored phone in a genuine health or safety emergency, as determined by a staff member.
- **Family Contact:** Families should be encouraged to call the school or program office directly for urgent matters rather than trying to text their students.
- **Routine Contact:** Families may email students for non-urgent matters, though students will not check these until after 6:00 PM.

Support and Resources

If you have questions regarding the implementation of these "Cell Phone Free" hours, please contact your Program Manager. Our goal is to ensure students are paying attention, engaging with their peers, and developing social skills without the distraction of digital devices.

Board Policy Superintendent Memo

Stay Connected to ASP!

Our ASP parents have access to our Remind Community Communication Resource! Remind is a communication platform primarily used in schools to facilitate communication between students, parents and staff. Families and students can use Remind to communicate fast, efficiently and directly with Ms. Ari or the ASP team!

HOW TO JOIN THE REMIND PARENT COMMUNITY

- ❑ Text the number 81010
- ❑ Type the message @aspparco

TAP IN ALL THE WAY

- ❑ Download the Remind App for more direct access
- ❑ Join the Oakland Tech community through 'organizations'
- ❑ Assign your role as a PARENT & STAY INFORMED!

Please Fill Out the Family Questionnaire!

How To Register For After School Program

BAY AREA COMMUNITY RESOURCES

REGISTER FOR THE BACR AFTER-SCHOOL PROGRAM!

OAKLAND UNIFIED SCHOOL DISTRICT
