

SCHOOL ATTORNEY

The North Middlesex Regional School Committee shall seek the services provided by counsel. The Committee and the Superintendent may seek counsel and represent the school system at various times.

However, because the complexity of school department operations often requires specialized legal services, the Committee may also retain an attorney or law firm to provide additional legal services.

The counsel for the Committee will advise the North Middlesex Regional School Committee and the Superintendent on the specific legal problems submitted to them. They will attend meetings upon request and will be sufficiently familiar with Committee policies, practices, and actions under these policies, and with requirements of the school law to enable him/her to offer the necessary legal advice.

The Committee will decide whether to seek legal advice or assistance on behalf of the school system. The Superintendent may also take such action at the Committee's direction.

Many types of legal assistance are routine and do not require specific Committee approval or prior notice. However, when the Superintendent concludes that unusual types or amounts of professional legal service may be required, they will advise the Committee and seek either initial or continuing authorization for such service.
