

What is a School-Parent Compact?

A *School-Parent Compact for Achievement* is an agreement that parents, students, and teachers develop together. It explains how parents and teachers will work together to make sure all our students reach grade-level standards.

Effective Compacts:

- Link to goals of the school improvement plan
- Focus on student learning skills
- Describe how teachers will help students develop those skills using high-quality instruction
- Share specific strategies parents can use at home
- Explain how teachers and parents will communicate about student progress
- Describe opportunities for parents to volunteer, observe and participate in the classroom

Jointly Developed

The parents, students, and staff of Eastanollee Elementary School developed this School-Parent Compact for Achievement. Teachers suggested home learning strategies, parents added ideas to make them more specific, and students told us what would help them learn. Meetings are held each year to review the compact and make changes based on student needs, student achievement data, and parent feedback.

Parents are welcome to contribute comments at any time.

If you would like to volunteer and participate, please contact Eastanollee Elementary School at 706-827-2850.

Activities to Build Partnerships

Please join us for the following opportunities to participate in building a partnership to support your child's academic success

- Parent-Teacher Conferences
- Family Nights
- Volunteering
- Open House

Communication about Student Learning

Eastanollee Elementary School is committed to frequent two-way communication with families about student learning. Some of the ways you can expect us to reach you are:

- Updates on the school website
- Current grades in Infinite Campus
- Classroom newsletters
- Parent/teacher conferences
- Communication folders
- Email
- Student agendas
- Campus Messenger (texts & emails)
- Class Dojo messages
- School Facebook posts
- Monthly calendars

2026-2027 School-Parent Compact For Achievement

**Pre-K to 5th Grade
Focus for Student Success**

Revised 08/19/2026

Our Goals for Student Achievement

District Goals

The Board of Education sets goals for the entire district. The district achievement goals for upcoming year are focused on increasing literacy and mathematics outcomes.

- Achievement Goal 1: Increase the percentage of students performing at a proficient or higher level in ELA as measured by state and local assessments.
- Achievement Goal 2: Increase the percentage of students performing at a proficient or higher level in mathematics as measured by state and local assessments.

School Goals

Eastanollee Elementary School also sets goals for your child's academic achievement. These goals include district and school achievement goals in the areas of literacy and math. School goals for 2026-2026 school year include the following:

Goal 1: Improve our Learning Environment

Through implementation of The Leader in Me, we will have improved student engagement, student ownership in learning, positive school experience, positive learning environment, attendance, and safety.

Goal 2: Improve Student Proficiency in Reading

Increase in the percentage of first and second grade students performing at proficient or higher in reading as measured by STAR Reading and other local assessments.

Goal 3: Improve Student Proficiency in Math

Increase in the percentage of first and second grade students performing at proficient or higher in Math as measured by STAR Math and other local assessments.

Teachers, Parents, Students - Together for Success

In Our Classrooms

Our teachers will work with students and their families to support students' success in literacy and math. Some of our key connections with families will be:

- Communicating with parents
- Providing reading strategies parents can use at home
- Sending individual leveled books home so students can read with family members
- Providing math newsletters to explain modules and concepts
- Conferencing with parents

At Home

Eastanollee Elementary School parents joined staff to develop ideas about how families can support students' success in literacy and math. Families may have other ideas to add to this list:

- Set aside time to practice reading and math skills daily
- Communicate with the teacher
- Check their child's agenda daily
- Provide necessary supplies
- Establish a proper bedtime
- Provide well-balanced meals
- Offer emotional support
- Volunteer at school

Eastanollee Elementary Students

Eastanollee Elementary School students joined staff and parents to develop ideas about how they can succeed in school and reach for the stars in literacy and math. Students thought of the following ideas to make connections between learning at home and school:

- Work hard
- Set goals
- Follow directions
- Be respectful
- Listen to their teacher
- Read daily
- Complete assignments
- Practice math facts
