STEEL CENTER UPDATE AUG. 2026

Save the Date

NEW STUDENT ORIENTATION

THURSDAY, **AUG. 27**, 2026
6:00-8:00 P.M.

DRIVING AT STEEL CENTER

- The Student Parking Interest Form has been posted on our website since the middle of the summer, and all available parking spaces are now filled.
- Students will be notified during the week of August 10 if they have been approved for a parking pass.
- Students who would like to be placed on the parking waitlist may submit a parking request.
- To receive a parking pass, students must provide copies of their valid driver's license, current vehicle registration, and proof of insurance and pay the $25 parking fee.

Information on driving can be found at www.steelcentertech.com

It is very important that your student is here as much as possible. We do understand students get sick, doctor appointments are scheduled and emergencies happen. It is very important that your student turns in an excuse when they return to Steel Center.

- The excuse must be turned in within **3 days**.
- Students need an excuse for their sending school and Steel Center.
- Excuses can be emailed to **attendance@steelcentertech.com**
- It is the **student's** responsibility to ask for make up work.

STEEL CENTER FOR CAREER AND TECHNICAL EDUCATION

STUDENT ORGANIZATIONS (CTSO)

Career and Technical Student Organizations (CTSOs) in Pennsylvania are student organizations that combine academics with technical and career skills through real-world experiences. CTSOs provide students with opportunities to apply their knowledge and skills in the workforce, and help them develop skills like leadership, teamwork, and citizenship. CTSOs also offer career awareness, motivation, and recognition for career-related skills.

SkillsUSA

SkillsUSA's mission is to empower students to become skilled professionals, career-ready leaders and responsible community members. SkillsUSA is a partnership of students, teachers and industry professionals to produce the most highly skilled workforce in the world, providing every member the opportunity for career success.

National Technical Honor Society

The mission of the **National Technical Honor Society** is to advocate for and empower all students to pursue the skills needed to build their careers and the global workforce. The National Technical Honors Society has four core objectives that serve as guiding principles, these objectives are designed to empower members and foster their development in areas essential for success in their future careers.

---

hosa future health professionals

HOSA-Future Health Professionals is an international student organization endorsed by the U.S. Department of Education and the Health Science Education (HSE) Division of ACTE. Our two-fold mission is to promote career opportunities in the health care industry and to enhance the delivery of quality health care to all people. HOSA's goal is to encourage all health occupations instructor and students to join and be actively involved in the HSE-HOSA Partnership.

NAHB National Association of Home Builders | Student Chapters

National Association of Home Builders Student Chapter program is dedicated to enriching students' educational experience and exposure to the home Building industry through national programming and the connection with their local home builders association. This national membership offers educational programming, leadership development, and networking opportunities, among other benefits. NAHB Students Chapter membership is right for students studying for a career in residential construction or skilled trades, or younger minds seeking more information and exposure to construction-related career pathways.

STEEL CENTER FOR CAREER AND TECHNICAL EDUCATION

Our mission for the **Student Ambassador Program** is for the selected students to represent Steel Center to prospective students, families, and visitors. It is a privilege to be selected as a Student Ambassador. Excellence in the classroom, leadership at school and in the community, the ability to serve those in need, and a strong commitment to providing positive mentoring are qualities that are required of Steel Center Ambassadors. Ambassadors serve as tour guides to visitors at Steel Center.
