INTRODUCTION

Message from the Superintendent

Dear Sacramento City Unified Students and Families,

Welcome to the 2026–27 school year! As we begin this new academic year together, I want to express how grateful we are to have you as part of the Sacramento City Unified School District community.

At SCUSD, our mission is to provide every student with access to a high-quality education and meaningful opportunities for growth. This year, I encourage all students to get involved—whether through academics, the arts, athletics, clubs, or community programs. Our schools are places where you can explore your interests, build lasting friendships, and prepare for a bright future.

I want to thank and acknowledge our families and caregivers for your continued partnership. Your support at home, consistent communication with your child's school, and commitment to daily attendance make a big difference. We are here to serve you and work together to ensure every student's success.

We also recognize this school year begins at a time when many families may feel uncertain. I want to reassure you: ***Sacramento City Unified is—and remains—a Safe Haven School District.*** That means we are committed to protecting the safety, privacy, and rights of all students, regardless of immigration status, background, or identity. Our schools are safe and welcoming spaces, and we want every student to feel supported, valued, and safe to come to school every day.

Please take a moment to ensure your contact information is current. Accurate phone numbers and emergency contacts help us stay connected, provide timely updates, and ensure we can reach you when it matters most. You can make updates at <https://www.scusd.edu/about/news/family-communications>.

Thank you for your trust and partnership. We're looking forward to a strong and successful year ahead.

Sincerely,

Part I: Enrollment

PART I: ENROLLMENT

ENROLLMENT

Each child has the right to a free public education regardless of immigration status or religious beliefs.

ENROLLMENT CENTER

Families are required to go through the Enrollment Center, which is a one-stop resource, to complete the registration and enrollment process. Families can submit new student registrations, submit transfers and school of choice applications, have questions answered, receive pre-testing services, and benefit from the on-site immunization clinic.

The Enrollment Center ensures fairness and equity in the treatment of families and allows central monitoring of enrollment and intra- and inter-district permits. It also provides an opportunity to consolidate services and create a more efficient enrollment process, as Enrollment Center staff is highly trained and knowledgeable in all processes and procedures.

Online Registration link: <https://www.scusd.edu/enroll-your-student>.

Enrollment Center Hours

In-person front desk support:

Monday through Friday 8:00 a.m. - 5:00 p.m.

Closed All School Holidays

CAREGIVER

A pupil may reside in the home of a caregiving adult that is located within the boundaries of the school district.

Execution of an affidavit under penalty of perjury by the caregiving adult is a sufficient basis for a determination that the pupil lives in the caregiver's home, unless the school district determines from actual facts that the pupil is not living in the caregiver's home. [Education Code § 48204 (a)(5)]

CAREGIVER AFFIDAVIT

Upon enrollment, the caregiving adult shall execute, under penalty of perjury, the affidavit specified in Family Code §6552. Parents/guardians of students living with a caregiver or in foster care shall receive all parental notifications required by law. They shall be contacted for all major educational decisions concerning enrollment, attendance, discipline, and final grades. If the caregiver or the parent/guardian fails to cooperate with the District's efforts to determine facts and ascertain the parent/guardian's whereabouts, the affidavit may be denied. Additional information can be obtained by calling the Enrollment Center at (916) 643-2400.

CONTRACT CAPACITY (CONCAPPING)

What is ConCapping?

Sometimes, the number of students in a grade level exceeds the maximum capacity allowed for that grade, and the District must transfer some students to another school during the school year. This process is called ConCapping.

PART I: ENROLLMENT

The District recognizes that this process may be difficult and inconvenient for families, and the District will make every effort to transfer students only when necessary.

ConCapping is short for Contract Capacity. This process must happen because the District signed an agreement with the District teacher's union known as the collective bargaining agreement, or the CBA. The District and the teacher's union agreed to the following maximum number of students in a classroom:

- Kindergarten to 3rd grade: 24 students per teacher
- 4th- 6th grade: 30 students per teacher

When you enroll your child into elementary school, you must acknowledge that you understand that your child may not be able to attend their neighborhood school due to space limitations, and that your child may be enrolled in another school that has an opening.

Why is ConCapping Changing?

In January 2026, the District signed a stipulated judgment with the California Attorney General regarding past enrollment policies and practices that were found to be unlawful. The stipulated judgment requires the District to change how it used to choose students for ConCapping. The District used to choose the last student to enroll as the first student chosen to be transferred out of the school. This selection process violated state law.

The stipulated judgment requires the District to develop a new Board Policy and Administrative Regulation about ConCapping and to form a ConCap Work Group.

The Work Group includes staff from school sites most affected by ConCapping and parents and guardians of current District students who have been ConCapped.

The Work Group will review data on how ConCapping affects different student groups, gather community input, and make suggestions on how to improve the ConCapping process.

The Work Group will hold public meetings during the school year where families and community members can share their views. The District will announce each meeting on on ParentSquare 20 days, 10 days, and 1 day before the meeting, and will post a summary of each meeting on the District website within 14 days.

The District would like to hear from you. Please consider participating, especially if your family has experienced ConCapping.

What is the process and who will be ConCapped?

PART I: ENROLLMENT

While the Work Group continues to develop the new policy, in order to comply with state law and the stipulated judgment, the following ConCapping process will be in place for the 2026–2027 school year.

Over the summer:

Whenever possible, Principals will inform families during the week before school begins if their student's grade is overenrolled. If a family is notified, they will have a chance to volunteer to transfer their child to a school with space at this time. When a family volunteers, they will receive notification of their option(s) from the District's Overenrollment Technician.

The District greatly appreciates volunteer transfers before the start of the school year, so that student learning is minimally disrupted. Any student who is ConCapped, including volunteers, will have the option of returning to their original school if space opens up later in the school year, or the student may remain at their new school. The student will also have the option to return to their original school the next year or remain at their new school for the remainder of elementary school. The student will also be excluded from the ConCap Lottery for the next year.

First day of school through the 15th day of school:

On the first day of school, Principals will continue to ask for volunteers, if ConCapping is still needed.

If not enough families volunteer, then the District will run a lottery to select the student(s) to ConCap. The District will run the ConCap Lottery between the 10th and 15th day of the school year.

The first run of the lottery will include every student in the overenrolled grade who registered at their school between the last day of the previous school year and the date of the ConCap Lottery.

If the first run of the ConCap lottery cannot select enough students to ConCap, then there will be a second ConCap lottery run.

The second ConCap lottery run will include every student who registered during the third trimester of the previous school year.

If the second run of the ConCap lottery still cannot select enough students to ConCap, then there will be a third ConCap lottery run.

The third ConCap lottery run will include every student who registered during the second trimester of the previous school year.

PART I: ENROLLMENT

The District will continue this process until the grade is not overenrolled.

The following students will not be ConCapped under state and federal law and the stipulated judgment:

- Students identified as experiencing housing instability or homelessness
- Foster Youth
- Students with disabilities whose IEP designates they require a specialized academic setting (SDC)
- Students who have been administratively transferred
- Students with a sibling who is already enrolled at the same school are exempt from the lottery. This exemption does not apply when siblings are enrolling at the school at the same time.
- Students whose parent is an employee of the school.
- Students who were ConCapped into or out of the current school they attend the previous school year.

After the 15th day of school

After the 15th day of school, the school site shall inform new families that the school they want to enroll into is full. The Overenrollment Technician, in conjunction with the school site office staff and administrator, shall work with the families to place their students at schools with space.

Foster youth and students experiencing homelessness have special protections under federal and state law. Ed. Code, § 48853.5 and 20 U.S.C. § 5312; Ed. Code, § 48852.7 and 42 U.S.C. § 11432. They may enroll in the school that is in their best interest. This means that in rare circumstances, a foster youth or student experiencing homelessness may move into a school with an overenrolled grade in the middle of the school year. If this happens, then the school may have to run the ConCap lottery in the middle of the school year to select a student who is not a foster youth or student experiencing homelessness for transfer.

PROOF OF IDENTITY/RESIDENCE

Please be advised for the safety and security of all children, only biological parents, legal guardians or educational rights holders may enroll a child into our school district. The person enrolling any child will be required to present the following documentation:

1. Photo Identification – State-issued I.D. or other photo identification of the parent, legal guardian(s), or educational rights holder (work badge, passport, student I.D., Costco card)
2. Address Verification – Name on I.D. must match the name on a bill issued within 30 days. Bring ONE of the following or other options listed under Ed. Code § 48204.1: (a) utility service contract, statement (SMUD, PG&E or Water); (b) rental/lease agreement with tenant & landlord's information & signatures (if lease is older than 1-year OR is

PART I: ENROLLMENT

month-to-month, the current month's rental receipt is required); (c) current property tax bill; (d) voter registration (voter election guide/ballots NOT accepted); (e) correspondence from a Government agency on official letterhead; (f) pay stub

3. Proof of Birth – County-issued birth certificate, duly- attested baptism certificate, or a non-expired passport. Other appropriate means of proving the age of the child can be provided when none of the foregoing is obtainable. (Education Code § 48002)
4. Immunization Record – Current for each child (California Health & Safety Code, §§120325- 120375). T-Dap Booster shot is required for grades 7-12. Both full name and date of birth must be on the immunization record.
5. Individual Education Plan (IEP) – If your child is receiving Special Education Services.
6. Current withdrawal grades and transcripts – Needed for grades 9-12 only.

Residency Based on Parent/Guardian Employment (Allen Bill Transfers):

District residency status may be granted to a student if at least one of his/her parents/guardians is physically employed within district boundaries of the requested school for a minimum of 10 hours during the school week. No student seeking residency on this basis shall be denied enrollment based on race, ethnicity, gender, gender identity, gender expression, sexual orientation, parental income, scholastic achievement, or any of the individual characteristics set forth in Education Code 220. Enrollment may be denied provided the articulation of circumstances consistent with legal requirements.

UNHOUSED/HOMELESS STUDENT ENROLLMENT

Unhoused/Homeless students have the right to remain in their school of origin or be immediately enrolled in their school of residence (per their best interest), even if missing the documents normally required for enrollment. They have other rights and protections as well. To receive more information and to sign a student up for homeless rights and services, contact the district's Homeless Services Office, at (916) 643-2450; homeless-services@scusd.edu; or visit [our District website](#).

Part II: Student Attendance

PART II: STUDENT ATTENDANCE

SCHOOL ATTENDANCE: WHY IT MATTERS

When students are in class, they thrive. National research confirms that regular school attendance matters more than virtually any other factor in a student's academic success, social development, and long-term well-being. Every single day a student spends in the classroom builds confidence, deepens reading and math skills, and strengthens their connection to friends and trusted mentors.

In addition to the many academic and social benefits of students being at school every day, their attendance also impacts our overall ability to provide resources to schools. In California, public schools are funded based on **Average Daily Attendance (ADA)**, which means school districts only receive funding for the exact days a student is physically sitting in class. When a student is absent, even for an excused reason like illness, the state subtracts that funding from our schools.

In California, children ages 6 to 18 must attend school every day. While the law does not currently apply to children below the age of six, research shows that early education (pre-school and kindergarten) is essential for future academic success. It is the family's responsibility to ensure that their student gets to school on time, every day. For support in keeping your student in school, or if you have any questions about the District Attendance Policy, please contact the Attendance & Engagement Team within the Community Engagement & Communications Department at (916) 643-2121.

Tips for Success:

- Help your student get to bed on time so they are well-rested.
- Limit "screen time" & video games at night for quality sleep.
- Create a morning routine (getting dressed, eating breakfast) and stick to it.
- Talk to your student about why going to school matters.
- Set aside a quiet time every night for homework.

(Education Code § 60901(c)(1).)

SEPTEMBER IS ATTENDANCE AWARENESS MONTH

SCUSD has officially declared September as Attendance Awareness Month. During this month, the district supports a wide range of activities, incentives, and educational opportunities to improve student, family, and community engagement while promoting good school attendance.

Please talk to your student about how important it is to be at school every day, on time, and ready to learn. For more tools to help, visit: <https://www.attendanceworks.org/>

WHAT TO DO WHEN YOUR STUDENT IS ABSENT

If your student must stay home, please inform the school before or within 5 school days of their return. You can:

1. Use the "Report an Absence" form on your school's website.
2. Call, email, or speak to the school office staff.
3. Send a note with your child.

PART II: STUDENT ATTENDANCE

Please include: Your child's name, your name, the date(s) of the absence, and the reason why they were out. If you have a doctor's note please submit that as well. This serves as verification and supports excused absences.

HOW THE SCHOOL CHECKS ABSENCES

The school can accept the absence verifications listed above only from parents, guardians, caregivers, or the student if they are 18 or older.

Other ways the school can check on an absence include:

- A home visit by an SCUSD employee
- Any other reasonable method which establishes the fact that the student was absent for the reasons provided.

Important Doctor's Note Rule: Once a student has missed **10 days** of school in one school year because of sickness verified only by a parent or guardian, any additional absences for sickness must have a note from a doctor or other health/mental health care provider.

EXCUSED ABSENCES (AR 5113)

Education Code §§ 48205, 48225.5, 46014; SCUSD AR 5113

Notwithstanding Education Code § 48200, a student shall be excused from school when the absence is for one of the following reasons:

1. **Illness:** The student is sick, including mental or behavioral health. (After 10 days of illness absences verified by a parent/guardian, a doctor's note or medical verification is required.)
2. **Quarantine:** The student is under stay-at-home orders from a city or county health officer.
3. **Medical Care:** The student has appointments for doctor, dental, eye care, or chiropractic services.
4. **Funeral or Grieving:** The student is attending a funeral or grieving the death of an immediate family member, or someone considered like immediate family. (Up to five days per incident.)
5. **Jury Duty:** The student is serving on a jury as required by law.
6. **Student Who Is a Custodial Parent:** If the student has a child, the student is excused to care for their sick student or take the student to a medical appointment during school hours. The school shall not require a doctor's note for this reason.
7. **Justifiable Personal Reasons:** These must be requested in writing by the parent/guardian and approved by the principal based on district rules. **Examples include:**
 - Going to court
 - Attending a funeral
 - Observing a religious holiday or ceremony
 - Attending a religious retreat
 - Attending an employment conference
 - Attending an educational conference on the legislative or judicial process offered by a nonprofit organization
8. **Election Board:** The student is serving as a member of an election precinct board under **Elections Code § 12302.**
9. **Military Family Visit:** The student is spending time with an immediate family member in

PART II: STUDENT ATTENDANCE

the uniformed services who has been called to duty, is on leave, or has recently returned from deployment. The superintendent or designee determines how many days are allowed.

10. **Citizenship:** The student is attending their own U.S. naturalization ceremony.
11. **Cultural Ceremony or Event:** The student is participating in a cultural ceremony or event.
12. **Civic or Political Event:** A middle school or high school student participating in a civic/political event, such as voting, poll working, public comment, a candidate speech, civic forum, political forum, town hall, or similar event. One day absence per school year; additional days may be approved by a school administrator.
13. **Death-Related Support or Safety Services:** If an immediate family member, or someone considered like an immediate family, has died, the student has up to three days per incident to access victim services, grief support, safety planning, or relocation-related support. Additional days may be approved by a school administrator.
14. **Military Entrance Processing:** The student is participating in military entrance processing.
15. **Religious Instruction or Practices :** The student engages in religious instruction or related practices, consistent with district policy and state law.
16. **Entertainment or Performing Arts:** A student may be excused in limited circumstances for entertainment industry work with a valid work permit, or to participate in a nonprofit performing arts performance for a public school audience.
17. ***Administrator Approval:** The absence is authorized at the discretion of a school administrator, as allowed by law.

Grades and Credit: A student's grade or class credit may not be lowered because of an excused absence. If the student completes missed assignments and tests that can reasonably be provided within a reasonable amount of time.

Important Note: *Excused absences still count as absences for chronic absenteeism purposes and do NOT accrue ADA funding.*

For more details and official legal language, please see [Attendance and the Law](#).

UNEXCUSED ABSENCES

An unexcused absence is defined as missing a full day of school or being late or absent for 30 minutes or more without a valid excuse.

Unexcused absences include:

- Missing class or school without an approved reason, whether decided by the student or the parent (for example: staying home for childcare or grocery shopping).
- Absences that needed approval ahead of time but did not get it. (Civic Engagement)

CHRONIC ABSENTEEISM

California Education Code (EC) § 60901(c)(1) defines a "chronic absentee" as a student who misses **10% or more** of the school year. This is calculated by dividing their total absences by their total days enrolled.

Please Note: Every absence counts toward this 10% rate, regardless of the reason.

PART II: STUDENT ATTENDANCE

Schools do not receive state funding (ADA) when a student is not physically present.

TRUANCY

SCUSD is legally obligated to notify families if a student has unexcused or unverified absences. The state defines this as truancy. Truancy includes full-day absences, missing class periods, or being **late by more than 30 minutes** without a valid reason. While we prefer positive attendance practices, we must follow these state laws or face monetary penalties that ultimately hurt our students.

Notice #1: Sent when a student has at least three (3) unexcused/unverified absences (**3 absent days/ 18 periods total**)

Notice #2: Sent after 2 more unexcused/unverified absences (**5 absent days/ 30 periods total**)

Notice #3: Sent after 2 or more additional unexcused/unverified absences (**7 + absent days/ 42 + periods total**). This letter states the student is legally a truant and a meeting must be held at the school to create a plan.

***Note:** Unverified and Unexcused absences include full days, class periods, or being late by more than 30 minutes.*

ATTENDANCE NOTIFICATIONS

In addition to legally mandated Truancy Notices families will receive informational updates about their student's attendance record throughout the year. Including letters, emails or text messages about excessive absences, tardies, and chronic absenteeism (SCUSD AR 5113). You can also check regular attendance reports anytime at your student's school or in the Infinite Campus Parent Portal.

For information regarding Truancy Notices, please see the Truancy section above.

OFFICIAL SCUSD ABSENCE PROCESS

Starting the moment your student misses their first full day of school, SCUSD uses a step-by-step process, along with extra support, to help your family overcome challenges and get to school consistently. This process resets each trimester for K-6th grades or quarter for 7th -12th grades.

- **Step 1: All Absences**
Automated Call/Text and Email home
- **Step 2: Third Absence**
School staff will call home to discuss absences and see how we can help
- **Step 3: Fifth Absence**
Chronic Absence Letter mailed home
- **Step 4: Seventh or more Absence**

PART II: STUDENT ATTENDANCE

Engagement Support Plan (ESP) Meeting scheduled to put an attendance improvement plan in place.

- **Step 5: Subsequent Absence and/or violation of ESP,**
Restorative SARB Meeting scheduled

ENGAGEMENT SUPPORT PLAN (ESP)

An ESP is a meeting between you and the school. We want to support your student before absences hurt their grades. If your student hits 7 absences, we will invite you to an ESP meeting to:

- **Understand the challenges:** Discuss why getting to school has been difficult.
- **Find solutions:** Identify your family's strengths and connect you with school or community resources.
- **Create a plan:** Agree on a clear, supportive path forward to improve your student's attendance and school success.

RESTORATIVE SCHOOL ATTENDANCE REVIEW BOARD (SARB)

A Restorative SARB Family Conference brings school sites, families, and community partners together to support students who are **chronically absent** or **truant**.

When does a SARB happen?

A student is referred to SARB only after all previous school outreach and interventions fail to improve attendance.

What to expect:

- **Collaboration:** To ensure an open, collaborative, and stress-free conversation, everyone sits together as equals at a roundtable. After the principal briefly reviews attendance records and past support, the panel will ask a few restorative questions to understand your needs and highlight your family's strengths.
- **Support Network:** Depending on your needs, the panel may involve district and community resources like the Connect Center, Student Support Centers, Sacramento County Department of Human Assistance, Department of Child, Family and Adult Services, La Familia, or the Sacramento Children's Home.
- **The Outcome & Legal Accountability:** The family, school, and district will sign a **Restorative SARB Attendance Agreement**. You will receive a copy of this contract and a SARB Summary.

Legal Note: If attendance does not improve, the SARB Panel holds the responsibility to refer students and parents/guardians to truancy court.

Contact Information

For questions regarding the SARB process, please call **(916) 643-2121** or email **Attendance-SARB@scusd.edu**.

PART II: STUDENT ATTENDANCE

INACCURATE ATTENDANCE RECORD

Under **Education Code § 49070**, if a parent disagrees with an attendance record, they may request a correction.

A parent or guardian can write a letter to the superintendent to fix or remove school records that they believe are:

1. Inaccurate.
2. An unsupported personal opinion or conclusion.
3. A conclusion made by someone without the proper knowledge.
4. Not based on the direct view of a named person (with the time and place written down).
5. Misleading.
6. In violation of the privacy or other rights of the student.

Once received, SCUSD has 30 days to investigate the attendance record and make the correction if deemed necessary.

DISTRICT SAFEGUARDS AND STUDENT RIGHTS REGARDING SPECIAL CIRCUMSTANCES

Rules for Staying in School (The 10-Day Rule)

We want to help every student stay in school. We will not remove a student from our records until they have missed 10 school days in a row without an excuse. During those 10 days, our school team will try to reach you multiple times by phone, email, or home visits. We also check to see if your child has brothers or sisters at other schools in our district to help us connect with you. We do all of this work to locate and support families so students don't lose their spot in school or drop out.

Unfortunately, after 10 consecutive days with no communication and when a student cannot be located after exhaustive outreach, we must open spots for other students. At that point, the school will disenroll your student and refer your information to the Attendance & Engagement Office for further community follow-up and re-engagement support.

Please Note: This specific rule does NOT automatically apply to foster youth, students with an active IEP, or students that are currently unhoused.

Help for Foster Youth and Students Experiencing Homelessness

Students who are in foster care or do not have a permanent home have special legal rights under laws like the federal McKinney-Vento Act.

- **Protected Absences:** They cannot be automatically dropped or penalized if they miss class due to housing instability, placement transitions, or moving to a new temporary shelter.
- **Team Review:** Before any major attendance or administrative enrollment decisions are made for these students, school leaders, counselors, and specialized district helpers must meet. This ensures the student's unique circumstances are reviewed and their rights are fully protected first.

AVAILABLE LANGUAGE PROGRAMS AND LANGUAGE ACQUISITION PROGRAMS

Sacramento City Unified School District offers the following language and language acquisition programs for student enrollment. Parents/Guardians may choose a language acquisition program that best suits their child. (Education Code § 310 (a).)

- **Structured English Immersion (SEI) Program:** A language acquisition program for English learners in which provides English learners all or most of their instruction in English. SEI classes focus on teaching students the English language with vocabulary, syntax (English word order rules), and content adapted to students' comprehension level. All students have access to the core curriculum. In Elementary, teachers dedicate designated English Language Development time and integrated English Language Development to support all levels of English learners. In Secondary, students receive integrated English Language Development support throughout the day. In addition, ELD designated courses are also available to support high school students. Instructional staff are not required to speak a language other than English. In some cases, teachers and/or bilingual aides may offer students support in their native language. (Education Code §§ 305(a)(2), 306(c)(3).)
- **Dual-Language Immersion (DLI) Program** (Spanish, Mandarin, Cantonese, and Hmong). A language acquisition program for English learners and native English speakers in which a percentage of the primary language is taught in conjunction with English. (Education Code § 306(c)(1).)
- **Transitional Bilingual Program (English/ Spanish):** A language acquisition program for English learners in which students receive academic instruction in an English learner's home language as the students learn English. The primary goals

PART III: LEARNING SUPPORT SERVICES & ALTERNATIVE EDUCATION PROGRAMS

of the Transitional Bilingual Program are to ensure mastery of grade-appropriate academic skills and knowledge and to facilitate and speed up the process of learning English. (Education Code § 306(c)(2).)

How to Enroll Your Child in a Language Acquisition Program:

Submit a verbal or written request to the office at your local school.*

How to Request the Establishment of a New Program at a School:

Schools in which the parents or legal guardians of 30 pupils or more per school or the parents or legal guardians of 20 pupils or more in any grade request a language acquisition program that is designed to provide language instruction shall be required to offer such a program to the extent possible. (Education Code § 310(a).)

When the parents of 30 pupils or more enrolled in a school, or when the parents of 20 pupils or more in the same grade enrolled in a school, request the same or substantially similar type of a language acquisition or language program, the school responds by notifying the LEA immediately and taking the following **three** actions:

1. Within 10 school days of reaching a threshold described above, the LEA notifies the parents of pupils attending the school, the school's teachers, administrators, and the LEA's English learner parent advisory committee and parent advisory committee, in writing, of the parents' requests for a language acquisition program.
2. The LEA then identifies costs and resources necessary to implement any new language acquisition or language program, including but not limited to, certificated teachers with the appropriate authorizations, necessary instructional materials; pertinent professional development for the proposed program; opportunities for parent and community engagement to support the proposed program goals.
3. Having completed the costs and resource analysis, the LEA determines, within 60 calendar days of reaching the threshold described above, whether it is possible to implement the requested language acquisition or language program. At that time, the LEA provides notice, in writing, to parents of pupils attending the school, the school's teachers, and administrators of its determination.

*Waivers are no longer required.

Per the **McKinney-Vento Homeless Assistance Act, Subtitle B of Title VII, Education for Homeless Children and Youths (42 U.S.C. § 11431 et seq.)**, students experiencing housing instability are those who lack a fixed, regular, and adequate nighttime residence. This may include students who are sharing housing due to loss of housing or economic hardship; living in motels, hotels, trailer parks, or campgrounds due to the lack of adequate alternative accommodations; residing in

emergency or transitional shelters; living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; or students who are living apart from a parent or legal guardian.

The **Homeless Education Services** program supports the enrollment, attendance, engagement, and academic success of students experiencing housing instability to ensure equal access to educational opportunities. Eligible students have the right to remain in their school of origin or enroll immediately in their school of residence; receive transportation assistance when applicable; participate fully in academic programs, extracurricular activities, and school events; access educational supports and services; and receive other rights and protections provided under federal law.

For additional information about eligibility, rights, and available services, contact **Homeless Education Services** by calling or texting **(916) 507-3452** or emailing homeless-services@scusd.edu.

Through advocacy, community building, and education, the support services program seeks to create an environment for all students to feel safe and affirmed. For further information, visit www.scusd.edu/lgbtq-support-services.

MARRIED/PREGNANT/PARENTING STUDENTS (BP 5145)

The governing board recognizes that responsibilities related to marriage, pregnancy, or parenting and related responsibilities may disrupt a student's education and increase the chance of a student dropping out of school. The board therefore desires to support married, pregnant, and parenting students to continue their education, attain strong academic and parenting skills, and promote the healthy development of their children.

(BP 5113.1 - Chronic Absence and Truancy) (BP 5147 - Dropout Prevention) (BP 6011 - Academic Standards) (BP 6164.5 - Student Success Teams)

The district shall not discriminate against, exclude, or deny any student from any educational program or activity, including any class or extracurricular activity, solely on the basis of the student's pregnancy, childbirth, false pregnancy, termination of pregnancy, or related recovery. In addition, the district shall not adopt any rule concerning a student's actual or potential parental, family, or marital status that treats students differently on the basis of sex. (Education Code § 221.51, EC § 230; 5 CCR § 4950.)

(BP 0410 - Nondiscrimination in District Programs and Activities)

The superintendent or designee shall annually notify parents/ guardians at the beginning of the school year of the rights and options available to pregnant and parenting students under the law. In addition, pregnant and parenting students shall be

PART III: LEARNING SUPPORT SERVICES & ALTERNATIVE EDUCATION PROGRAMS

notified of the rights and options available to them under the law through annual school year welcome packets and through independent study packets. (Education Code §§ 222.5, 48980)

(BP 5145.6 - Parental Notifications)

Any complaint of discrimination on the basis of pregnancy or marital or parental status shall be addressed through the district's uniform complaint procedures in accordance with 5 CCR 4600-4687 and BP/AR 1312.3 - Uniform Complaint Procedures.

(BP 1312.3 – Uniform Complaint Procedures)

For school-related purposes, a student under the age of 18 years who enters into a valid marriage shall have all the rights and privileges of students who are 18 years old, even if the marriage has been dissolved. (California Family Code § 7002)

PREGNANT/PARENTING PROGRAM

SSHS pregnant/parenting program supports the well-being of SCUSD student parents and their babies. Our goal is to maintain students' academic success and support life skills to enter the world, college or career ready. Once a student is identified as pregnant or parenting, a referral form will be sent to the SSHS Coordinator, who will meet with the student to conduct a needs assessment and provide them a welcome packet. The packet contains resources for health care, family planning, lactation rights, and their student rights and protection under Title IX. Title IX protects students who are pregnant, parenting, or who have been pregnant from being excluded from or participating in any part of an educational program. SSHS collaborates with community agencies to refer students for comprehensive services and support. With strategic partnerships, our goal is to improve the knowledge and skills of student parents to be advocates in their own education, to become successful parents, and to have healthy transitions into adulthood.

B. ALTERNATIVE EDUCATION PROGRAMS

NOTICE OF ALTERNATIVE SCHOOLS

California state law authorizes all school districts to provide alternative schools. Section § 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to:

- Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy;
- Recognize that the best learning takes place when students learn because of their desire to learn;
- Maintain a learning situation maximizing student self- motivation and encouraging students in their own time to follow their own interests. These interests may be

PART III: LEARNING SUPPORT SERVICES & ALTERNATIVE EDUCATION PROGRAMS

conceived by them totally and independently or may result in whole or in part from a presentation by their teachers' choices of learning projects;

- Maximize the opportunity for teachers, parents, and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process;
- Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for their information. This law particularly authorizes interested persons to request the Governing Board of the district to establish alternative school programs in each district.

Further, a copy shall be posted in at least two places normally visible to pupils, teachers, and visiting parents in each attendance unit for the entire month of March each year. (Education Code § 58501)

Part IV:

Students with Disabilities

PART IV: STUDENTS WITH DISABILITIES

INDIVIDUALS WITH DISABILITIES

In accordance with federal and state laws, the school district does not discriminate against individuals with disabilities in its programs and activities. For special accommodations, parents should contact the school or the county office.

SPECIAL EDUCATION

Special education programs and services are provided to students with identified disabilities which adversely impact the students' educational program. The Individuals with Disabilities Education Act (IDEA) defines "children with disabilities" to mean children with intellectual disabilities, hearing impairments including deafness, speech or language impairments, visual impairments including blindness, emotional disturbance, orthopedic impairments, autism, traumatic brain injury, other health impairments or specific learning disabilities, and who by reason thereof, need special education and related services. Eligible students are provided a free and appropriate public education (FAPE) in the "least restrictive environment" (LRE). Eligibility & Services

(34 CFR 300.111; EC §§ 56026, 56300, 56301.)

CHILD FIND

The SCUSD actively seeks out and evaluates district residents from birth through the age of 21 who have disabilities in order to provide them with appropriate educational opportunities in accordance with state and federal law. Additionally, a parent, teachers, and appropriate professionals may refer a student who is believed to have a disabling condition that may require special education programs or services by contacting the SCUSD's Special Education Department at (916) 643-9163.

Before the initial provision of special education and related services to a student with a disability, the district will conduct, with the consent of the parent, a full and individual initial evaluation of the student. The evaluation will be conducted by qualified personnel who are competent to perform the assessment and will not use any single measure or assessment as the sole criterion for determining whether a student is a student with a disability and for determining the appropriate educational program for the student. If a determination is made that a student has a disability and needs special education and related services, an individualized education program (IEP) will be developed.

HOME AND HOSPITAL INSTRUCTION – TEMPORARY DISABILITY

Parents/guardians have the right to have their child receive individual instruction if attendance at school is impossible or inadvisable due to a temporary disability. Parents must inform the district if their child is hospitalized or unable to attend school. Individual instruction may be provided at the child's home, in a hospital, or other residential health facility. If the hospital or facility is located in another school district, that district will provide individual instruction. (Education Code § 48206.3 et seq, § 48207, and § 48208).

PART IV: STUDENTS WITH DISABILITIES

MULTI-TIERED SYSTEM OF SUPPORTS

SCUSD is committed to providing high-quality instruction and support to promote the highest achievement of all students. At the school level, the Multi-Tiered System of Supports (MTSS) is a framework used to deliver high quality core instruction to all students and maximize their success by providing instruction and interventions matched to student need.

Combined with assessments, MTSS helps educators by providing them with information to identify students needing additional support (academic, attendance, and behavioral). For more information on MTSS email academicoffice@scusd.edu.

PSYCHOLOGICAL TESTING

Parents/guardians have the right to receive information about psychological testing the school does involving their child and to deny permission to give the test. (Education Code § 51101)

SECTION 504

If parents/guardians suspect that their child has a physical or mental disability which may substantially limit a major life activity, such as learning, they may request that their child be evaluated under Section 504 of the Rehabilitation Act of 1973. This ensures that all individuals, no matter their disability, should live free of discrimination. A qualified educational team will evaluate the child to determine if they qualify as a student with a disability. Qualified students will have an individualized 504 plan developed by an educational team that will include the school site 504 coordinator, the child's teacher(s), other support personnel as needed, the student if appropriate, and the parent. This plan will be reviewed regularly and will address appropriate interventions and accommodations to assist the child's educational program. For transfer students with current 504 plans, an educational team will review the plan to determine whether to continue it until the next review or to schedule a meeting to recommend revisions to the plan. For more information parents/guardians should contact their child's teacher, the school site 504 coordinator, or the district 504 coordinator at (916) 643-7912.

Eligibility

A disabled student eligible for services under Section 504 is one who (a) has a physical or mental impairment that substantially limits one or more major life activities, including learning, (b) has a record of such an impairment, or (c) is regarded as having such an impairment. (Code of Federal Regulations, Title 34, Part 104.3)

Major life activities are functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning and working. Examples of students with such impairments include, but are not limited to:

1. Students with a normal ability to learn but who have a mobility impairment;

PART IV: STUDENTS WITH DISABILITIES

2. Students with emotional disabilities manifested by behavior problems which result in exclusion from classes or school.

Indications of a possible disability that significantly interferes with learning include, but are not limited to:

1. Medical conditions such as severe asthma, diabetes or heart disease;
2. Temporary medical condition due to illness or accident;
3. Poor or failing grades over a lengthy period of time.

Referral and Identification Procedures

1. Any student may be referred by a parent/guardian, teacher, other school employee or community agency for consideration of eligibility as a disabled student under Section 504. This referral should be made to the school site principal.
2. The school site committee shall promptly consider the referral and determine whether an evaluation under this procedure is appropriate. This determination shall be based on a review of the student's school records (including academic, social and behavioral records, observations) and the student's needs. Students requiring evaluation shall be referred to appropriate evaluation specialists.
3. If a request for evaluation is denied, the school site committee shall inform the parents/guardians of this decision in writing and of their procedural rights as described below.

Accommodation Plan

1. When a student is identified as disabled within the meaning of Section 504, the school site committee shall determine what services are necessary to ensure that the student's individual education needs are met as adequately as the needs of nondisabled students.
2. In making this determination, the school site committee shall consider all significant factors relating to the learning process for the student, including his/her adaptive behavior and cultural and language background. The evaluation may include, but is not limited to, classroom and playground observation, performance-based testing, academic assessment information, and data offered by the parent/guardian.
3. The parents/guardians shall be invited to participate in the school site committee meeting where services for the student will be determined and shall be given an opportunity to examine all relevant records.
4. The school site committee shall develop a written plan describing the disability and specifying the services needed by the student. A copy of this plan shall be kept in the student's cumulative file and uploaded into Infinite Campus. The

PART IV: STUDENTS WITH DISABILITIES

student's teacher and any other staff who provide services to the student shall be informed of the services necessary for the student, to the extent that they need to be informed in order to provide for the student in the school setting.

5. If the school site committee determines that no services are necessary for the student, the record of the committee's meeting shall reflect the identification of the student as a disabled person under Section 504 and shall state the basis for the decision that no special services are presently needed. (Eligibility Determination Form)
6. The disabled student shall be placed in the regular educational environment unless the district demonstrates that a more restrictive placement is required in order to meet the student's needs. The disabled student shall be educated with those who are not disabled to the maximum extent appropriate to his/her individual needs.
7. The parents/guardians shall be notified in writing of the final decision concerning services to be provided, if any, and of the Section 504 procedural safeguards, including the right to an impartial hearing to challenge the decision.
8. The district shall complete the identification, evaluation and placement process within a reasonable time frame.
9. The student's plan shall include a schedule for periodic review of the student's needs and indicate that this review may occur sooner at the request of the parent/guardian or school staff.

Review of the Student's Progress

1. The school site committee shall monitor the progress of the disabled student and the effectiveness of the student's plan. The committee shall periodically determine whether the services are appropriate and necessary and whether the disabled student's needs are being met as adequately as the needs of nondisabled students.
2. A reevaluation of the student's needs will be conducted before any subsequent significant change in placement. At a minimum the plan should be reviewed annually to ensure accommodations are appropriate and meet the individual needs of the student's disability.

Behavior/Discipline

Different rules and limitations apply to disciplinary actions taken against students with disabilities than apply to actions against nondisabled students. As a general rule, the procedural protections available to students classified as disabled under the IDEA are available to students classified as disabled under Section 504.

PART IV: STUDENTS WITH DISABILITIES

1. Manifest Determination – after a student with a disability has been removed from his or her current placement for ten (6) school days in the same school year, during any subsequent days of removal, child is entitled to a manifestation determination meeting within ten (6) school days of the District's decision to change the student's placement. The student's parent/guardian must be invited to participate as a member of this manifestation determination meeting. At this meeting, the team will determine (based upon a review of all relevant information in the student's cumulative and Section 504 Service Plan files, the Student's Section 504 Service Plan, any teacher observations, and any relevant information provided by the parent/guardian) whether the student's alleged behavior was a manifestation of his/ her disability by answering the inquiry required by the IDEA. 1) Whether the conduct in question was caused by, or had a direct and substantial relationship to the student's disability; or, 2) Whether the conduct in question was the direct result of District's failure to implement the student's current Section 504 Service Plan.
2. If the team answers yes to either question, the alleged misconduct shall be determined to be a manifestation of the student's disability. However, if the team answers no to both questions, the alleged misconduct shall be determined not to be a manifestation of the student's disability and the District may take disciplinary action against the student, such as expulsion, in the same manner as it would with a child without disabilities.

Procedural Safeguards

1. Parents/guardians shall be notified in writing of all district decisions regarding the identification, evaluation, or educational placement of students with disabilities or suspected disabilities. Notifications shall include a statement of their rights to: Examine relevant records;
2. Have an impartial hearing with an opportunity for participation by the parents/guardians and their counsel;
3. Have a review procedure.

(Code of Federal Regulations, Title 34, Part 104.36.)

Notifications shall also set forth the procedures for requesting a hearing, the name, address and telephone number of the person with whom the request should be made, and the fact that reimbursement for attorney's fees is available only as authorized by law. The superintendent or designee shall maintain a list of impartial hearing officers who are qualified and willing to conduct Section 504 hearings. To ensure impartiality, such officers shall not be employed by or under contract with the district in any capacity other than that of hearing officer and shall not have any professional or personal involvement that would affect their impartiality or objectivity in the matter.

PART IV: STUDENTS WITH DISABILITIES

If a parent/guardian disagrees with the identification, evaluation or educational placement of a student with disabilities under Section 504, he/she may initiate the following procedures:

1. Within 30 days of receiving the student's accommodation plan, set forth in writing his/her disagreement and request that the school principal and school site committee review the plan in an attempt to resolve the disagreement. This review shall be held within 14 days of receiving the parent/guardian's request, and the parent/guardian shall be invited to attend the meeting at which the review is conducted.
2. If disagreement continues, request in writing that the Superintendent or designee review the plan. This review shall be held within 14 days of receiving the parent/ guardian's request, and the parent/guardian shall be invited to meet with the Superintendent or designee to discuss the review.

- Junior: 110 credits
- Senior: 160 credits

Students who are deficient in credits must enroll in extra classes to graduate. Additional credits may be earned by accessing one or more of the options listed below:

Title VI of the Civil Rights Act of 1964 and Title IX of the Education Amendments of 1972 prohibit discrimination on the basis of race, color, national origin, or sex in federally financed education programs or activities. The district does not discriminate in admission or access to its programs or activities.

Under California law, discrimination is prohibited in any program which receives state financial assistance on the basis of gender (which includes sex and a person's gender identity and gender related appearance and behavior whether or not stereotypically associated with the person's assigned sex at birth); gender expression; age; race (includes ancestry, color, ethnic group identification and ethnic background); national origin; religion (includes all aspects of religious belief, observance, and practice and includes agnosticism and theism); immigration status; mental or physical disability; sexual orientation (includes heterosexuality, homosexuality, asexuality, and bisexuality); or because a person is perceived to have one or more of the above characteristics or because a person associates with a person or group with one or more of these actual or perceived characteristics.

Students are assured that they need not endure bullying behavior or harassment that impairs the learning environment, interferes with students' ability to benefit from their education, or has a detrimental effect to a student's emotional well-being. Schools will work toward providing an orderly, caring, and non-discriminatory learning environment and students need not endure bullying behavior whether it takes place on or off school property, electronically, at any school-sponsored function, or in a school vehicle.

All school employees, students, parents, and others are required to report bullying behavior to the principal who will determine if the act meets the anti-bullying policy and who may apply consequences. Retaliation towards students or others who report bullying or harassment is prohibited. Parents, Guardians, and Students can find more information

Any student who believes that they have been subjected to sexual harassment by another student, an employee, or a third party or who has witnessed sexual harassment is strongly encouraged to immediately submit a complaint or otherwise report the incident to their teacher, the principal, or any other available school employee. Within two school days or whenever reasonably practical, the school employee shall forward the report to the principal or the Site Designated Title IX Specialist, or the district's Title IX Compliance Officer, the district's Title IX Investigator, or the Instructional Assistant superintendent responsible for the site identified in this administrative regulation and AR 1312.3 - Uniform Complaint Procedures. In addition, any school employee who observes an incident of sexual harassment involving a student shall, within two school days or whenever reasonably practical, report their observation to the principal or Site Designated Title IX Specialist. The employee shall take these actions, whether or not the alleged victim files a complaint.

In matters involving complaints of harassment of a student by a district employee, the Human Resource Department shall lead the investigation and be responsible for all reporting. The district's Title IX Coordinator can assist with the investigation as needed. When a verbal or informal report of sexual harassment is submitted, the Title IX Coordinator or Site Title IX Specialist shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with applicable district complaint procedures. All complaints and allegations of sexual harassment by and against students shall be investigated and resolved in accordance with law and district procedures. The Title IX Coordinator shall review the allegations to determine the applicable procedure for responding to the complaint. All complaints that meet the definition of sexual harassment under Title IX shall be investigated and resolved. Other sexual harassment complaints shall be investigated and resolved pursuant to BP/AR 1312.3 - Uniform Complaint Procedures.

PART VI: STUDENT RIGHTS & RESPONSIBILITIES

If a complaint of sexual harassment is initially submitted to the principal or Site Designated Title IX Specialist, they shall, within two school days, forward the report to the district's Title IX Coordinator. In investigating a sexual harassment complaint, evidence of past sexual relationships of the victim shall not be considered, except to the extent that such evidence may relate to the victim's and respondent's prior relationship with one another concerning established methods of communicating consent.

In any case of alleged sexual harassment involving the principal, Site Title IX Specialist, the district's Title IX Coordinator, or any other person to whom the incident would ordinarily be reported or filed, the report may instead be submitted to the superintendent or designee who shall determine who will investigate the complaint.

(BP 5141.4 - Child Abuse Prevention and Reporting)

Confidentiality

All complaints and allegations of sexual harassment shall be kept confidential to the extent permitted by law and except as necessary to carry out the investigation or take other subsequent necessary action. (5 CCR § 4964)

When a complainant or victim of sexual harassment notifies the district of the harassment but requests confidentiality, the district's Title IX Coordinator shall inform them that the request may limit the district's ability to investigate the harassment or take other necessary action. When honoring a request for confidentiality, the district will nevertheless take all reasonable steps to investigate and respond to the complaint consistent with the request.

When a complainant or victim of sexual harassment notifies the district of the harassment but requests that the district not pursue an investigation, the district will determine whether or not it can honor such a request while still providing a safe and nondiscriminatory environment for all students.

The principal or Site Title IX Specialist shall take immediate measures necessary to stop the harassment and protect students and/or ensure their access to the educational program. To the extent possible, such interim measures shall not disadvantage the complainant or victim of the alleged harassment. Interim measures may include placing the individuals involved in separate classes or transferring a student to a class taught by a different teacher, in accordance with law and Board policy. Records of complaints, investigations, findings and resolutions may be audited by the district's Title IX Coordinator or designee on an annual basis.
11. In consultation with district legal counsel, information about the relevant part of the written report of the decision on a complaint may be communicated to a victim who is not the complainant and to other parties that may be involved in implementing the decision or affected by the complaint, as long as the privacy of the parties is protected. Notice of the district's decision to the alleged victim shall include information about any sanction to be imposed upon the respondent that relates directly to the alleged victim.
12. The principal or Site Title IX Specialist shall determine whether or not the student who complained has been further harassed. The principal or Site Title IX Specialist shall keep a record of this information and shall continue this follow-up, including assessment of the need for any ongoing student support services such as counseling.

KELVIN WELL-BEING PULSE SURVEYS

This year SCUSD will collect ongoing feedback from students via a short online survey to help build healthier, happier places to learn. A positive learning environment, strong adult-to- student and peer-to-peer relationships, and social and emotional learning have been shown to have a measurable impact on student outcomes. This tool will help provide insight outside of grades, attendance, and behavior and create a picture of the whole child so SCUSD can best meet their needs. The survey will measure aspects of school culture and social and emotional learning from students' perspective.

To complete this survey Students respond to the Pulse message while using their Chrome devices. Students will see an animated dog in the bottom right corner of their school devices while browsing in Chrome. Their answers are confidential. For more information or a copy of the survey questions please contact Kelvin@scusd.edu.

In the event there is reasonable suspicion that the electronic device has been used in violation of a school rule or district policy, such as cheating or bullying, taking pictures in locker rooms, committing an actual crime, or out of concern for the health and safety of the student or others, the superintendent or designee is authorized to review contents of the device consistent with legal standards.

USE OF SCHOOL COMPUTERS, NETWORKS, TECHNOLOGY, AND LEARNING PLATFORMS

Introduction

Sacramento City Unified School District (SCUSD) recognizes that access to technology in school gives students and teachers greater opportunities to learn, engage, communicate, and develop skills that will prepare them for work, life, and citizenship. We are committed to helping students develop 21st Century technology and communication skills.

To that end, we provide access to technologies for student use. This Acceptable Use Agreement outlines the guidelines and behaviors that users are expected to follow when using school technologies or when using personally-owned devices on the school campus.

- The network is intended for educational purposes.
- All activity over the network or using district technologies may be monitored and retained.
- Access to online content via the network may be restricted in accordance with our policies and federal regulations, such as the Children's Internet Protection Act (CIPA).
- Students are expected to follow the same rules for good behavior and respectful conduct online as offline.
- Misuse of school resources can result in disciplinary action.
- We make a reasonable effort to ensure students' safety and security online but will not be held accountable for any harm or damages that result from misuse of school technologies.
- Users of the network or other technologies are expected to alert school staff immediately of any concerns for safety or security.

Technologies Covered

SCUSD may provide Internet access, desktop computers, mobile computers or devices, videoconferencing capabilities, online curriculum, online collaboration capabilities, learning management systems, email, and more.

As new technologies emerge, SCUSD will attempt to provide guidance and access to them. The policies outlined in this document are intended to cover all available

PART VI: STUDENT RIGHTS & RESPONSIBILITIES

technologies, not just those specifically listed.

Usage Policies

All technologies provided by SCUSD are intended for educational purposes. All users are expected to use good judgment and to follow the specifics of this document as well as the spirit of it: be safe, appropriate, careful and kind; don't try to get around technological protection measures; use good common sense; and ask if you don't know.

Training

Students will receive training about appropriate online behavior referred to as digital citizenship, including interacting with other individuals on social networking websites and in chat rooms, and cyberbullying awareness and response. In addition, students will learn how to use technology safely and responsibly.

Web Access

SCUSD provides its users with access to the Internet, including web sites, resources, content, and online tools. Internet access is restricted in compliance with the Children's Internet Protection Act (CIPA) regulations and school policies. In order to comply with both CIPA and SCUSD policies, the District will make a reasonable effort to filter out material and pictures that constitute: (a) obscenity; (b) pornography; or (c) material harmful to minors, for district computers.

These efforts include the following precautions:

- blocking access to inappropriate or harmful material on the Internet;
- preventing access to so-called "hacking" sites and other inappropriate activities;
- preventing unauthorized disclosure, use, and dissemination of personal information regarding minors.

Users are expected to respect that the web filter is a safety precaution and should not try to circumvent it when browsing the Web.

No Expectation of Privacy

Users have no expectation of privacy while using District information technology. District staff may monitor or examine all system activities to ensure proper use of the system.

Email

SCUSD has created Google email accounts for all students in grades PK-12 to allow for collaborative sharing. These accounts will be used at school for school related projects.

This email address will be considered the student's official SCUSD email address until the student is no longer enrolled in SCUSD. The student will protect their account by not giving out their password, report any suspected misuse to their teacher or administrator, and use their email responsibly.

Email accounts should be used with care. Users should not:

PART VI: STUDENT RIGHTS & RESPONSIBILITIES

- send personal information;
- attempt to open files or follow links from unknown or untrusted origin;
- use inappropriate language;
- communicate with people not allowed by District policy or the teacher.

Users are expected to communicate with the same appropriate, safe, mindful, courteous conduct online as offline. Email usage may be monitored and archived. In addition, in the normal course of system administration, system administrators may have to examine activities, files, and email to gather sufficient information to diagnose and correct problems within system software or hardware.

Users of student email are strictly prohibited from accessing files and information other than their own. Like all District technologies, the use of student email is considered a privilege given at the discretion of SCUSD. The District reserves the right to access student email accounts, including current and archival files of user accounts, when there is reasonable suspicion that unacceptable use has occurred. The District maintains the right to immediately withdraw the access and use of student email when there is reason to believe that violations of law or District policies have occurred. In such cases, the alleged violation will be referred to the Principal for further investigation and resolution.

Social / Web 2.0 / Collaborative Content

Recognizing that collaboration is essential to education, SCUSD may provide users with access to web sites or tools that allow communication, collaboration, sharing, and messaging among users. (See also the section on Social Media Responsible Use Guidelines, below.)

Users are expected to:

- communicate with the same appropriate, safe, mindful, courteous conduct online as offline;
- not to share personally identifiable information online.

Mobile Devices Policy

SCUSD may provide users with mobile computers or other devices to promote learning both inside and outside of the classroom. Users should abide by the same acceptable use policies when using school devices off the school network as on the school network.

Users are expected to treat these devices with extreme care and caution; these are expensive devices that the school is entrusting to your care. Users should report any loss, damage, or malfunction to school staff immediately. Users may be financially accountable for any damage resulting from negligence or misuse.

Use of school-issued mobile devices, including use of the school network, will be monitored.

PART VI: STUDENT RIGHTS & RESPONSIBILITIES

Personally-Owned Devices

If a student uses a personally owned device to access SCUSD technology, he/she shall abide by all applicable board policies, administrative regulations, and this Acceptable Use Agreement.

Security

Users are expected to take reasonable safeguards against the transmission of security threats over the school network. This includes not opening or distributing infected files or programs and not opening files or programs of unknown or untrusted origin. If you believe a computer or mobile device you are using might be infected with a virus, please alert a school staff member.

In order to maintain security for District technology resources, students must abide by the following:

- notify the classroom teacher or site administrator at once if a security problem is identified;
- never demonstrate a security problem to other users;
- never use another individual's account without written permission from that person;
- only use your own account on the SCUSD network;
- never circumvent any District security device or software including, but not limited to, proxy sites, firewalls, and/or filtering or blocking programs;
- never add hardware or download software, attachments, graphics, photos, documents or any other files to District computers unless otherwise authorized by a teacher or administrator;
- never use the SCUSD network or devices for commercial purposes;
- never use the SCUSD network or devices for political lobbying;
- SCUSD Internet access is expressly prohibited for any of the following: access to pornographic or sexually explicit materials, access to information promoting or instructing in acts of terrorism or treason, access to information instructing or promoting armed rebellion or hate crimes, access to information pertaining to the design, purchase, acquisition or construction of any type of weapon or explosive device or other instrument capable of causing physical harm or death.
- only download image files including videos from reputable sites and only for educational purposes.

Network Etiquette

- Users should always use the Internet, network resources, and online sites in a courteous and respectful manner.
- Users should understand that some online content is unverified, incorrect, or inappropriate.
- Users should use trusted sources when conducting research via the Internet.

PART VI: STUDENT RIGHTS & RESPONSIBILITIES

- Users should not post anything online that they wouldn't want parents, teachers, or future colleges or employers to see. Once something is online it can be shared and spread in ways you never intended.

Plagiarism

Plagiarism involves presenting someone else's work, ideas, or words as your own without giving them proper credit. Users should reference the original creator of any content, including words or images from the Internet or Artificial Intelligence (AI), if not their own.

Use of Artificial Intelligence

Artificial Intelligence (AI) has become increasingly prevalent in many areas, including the education sector. Students are not permitted to access AI for assistance with assignments or research unless done under the guidance and approval of a teacher. Unpermitted use of AI may lead to penalties for academic misconduct.

Personal Safety

If you see a message, comment, image, or anything else online that makes you feel uncomfortable or concerned for your personal safety, bring it to the attention of an adult (teacher or staff if you're at school; parent if you're using the device at home) immediately.

- Users should never share personal information, including passwords, phone number, address, social security number, birthday, or financial information over the Internet without adult permission.
- Users should recognize that communicating over the Internet brings anonymity and associated risks and should carefully safeguard the personal information of themselves and others.
- Users should never agree to meet someone they meet online in real life without parental permission.

Staff will closely supervise students while using online services and may ask instructional assistants and student aides to assist this supervision.

Cyberbullying

Cyberbullying will not be tolerated. Harassing, dissing, flaming, denigrating, impersonating, outing, tricking, excluding, and cyberstalking are all examples of cyberbullying. Don't be mean or send emails or post comments with the intent of scaring, hurting, or intimidating someone else.

Engaging in these behaviors, or any online activities intended to harm (physically or emotionally) another person, will result in disciplinary action and loss of privileges. In some cases, cyberbullying can be a crime [California Penal Code Section 653.2]. Remember that your activities are monitored and retained.

Social Media Responsible Use Guidelines

While social networking is valuable, there are some risks involved in its use. In the social media world, the lines are blurred between what is public or private, personal or professional. The following guidelines are specific to social networking/media. You must follow them any time you utilize social networking/media for SCUSD or school-related purposes. These must be applied in conjunction with the acceptable use rules contained in this document, and all acceptable use rules apply to social networking/media.

When using social networking:

Use good judgment

- We expect you to use good judgment in all situations.
- You must know and follow all District policies, regulations, and procedures regarding use of technology, as well as all applicable disciplinary policies.
- Regardless of your privacy settings, ***assume that all the information you have shared on your social network is public information, and treat it as such.***
- Users are responsible for their own behavior and will be subject to discipline for violations of these guidelines where appropriate, including violations of District policies regarding cyberbullying and related misconduct.
- Be respectful.
- Always treat others in a respectful, positive, and considerate manner.
- Social networking/media should not be utilized during school hours unless allowed by the teacher or other authorized adult.

Don't share confidential information:

- Do not publish, post, or release information that is considered confidential or not public. If it seems confidential, it probably is. Online "conversations" are never private. Do not use your birth date, address, and cell phone number on any public website.
- Private and personal information.
- To ensure your safety, be careful about the type and amount of personal information you provide. Avoid talking about personal schedules or situations.
- NEVER give out or transmit personal information of students, parents, or school staff.
- Don't take information you may receive through social networking (such as email addresses, customer names, or telephone numbers) and assume it's the most up-to-date or correct.
- Always respect the privacy of SCUSD and school community members.

Use of images:

- Respect brand, trademark, copyright information and/or images of SCUSD or school (if applicable).
- You may use photos and videos (products, etc.) that are available on SCUSD or a school's website.

PART VI: STUDENT RIGHTS & RESPONSIBILITIES

- Do not post pictures of others without their permission.

Vandalism

Vandalism is defined as any malicious attempt to harm or destroy district technology equipment, or even the data of another user or any other agencies or networks that are connected to the system. This includes, but is not limited to, the uploading or creation of computer viruses. Any vandalism will result in the loss of computer access, disciplinary action, potential restitution for damages/repair, and possible legal referrals.

Limitation of Liability

SCUSD makes no warranties of any kind, whether expressed or implied, for the service it is providing. SCUSD will not be responsible for damage or harm to persons, files, data, or hardware. Damages include loss of data as a result of delays, non-deliveries, mis-deliveries, or service interruptions caused by the system or your errors or omissions. While SCUSD employs filtering and other safety and security mechanisms, and attempts to ensure their proper function, it makes no guarantees as to their effectiveness. SCUSD specifically disclaims any responsibility for the accuracy of information obtained through its services. In addition, SCUSD will not be responsible, financially or otherwise, for unauthorized or personal transactions conducted over the school network.

Violations of this Acceptable Use Agreement

Students accept responsibility for compliance with this agreement and for reporting any misuse of the SCUSD network to the classroom teacher or site administrator. Misuse is defined as any violation of this agreement. The site administrator will decide what constitutes appropriate use. Their decision is final. The system administrator may deny access at any time deemed necessary to protect district resources.

Use of the information technology system is a privilege and not a right. Violations of this agreement may have disciplinary repercussions, including:

- notification to parents;
- suspension of network, technology, or computer privileges;
- detention or suspension from school and school-related activities;
- legal action and/or prosecution.

PERSONAL PROPERTY

The district or the county offices are not responsible for personal property. Students are discouraged from bringing non-instructional items to school.

These strategies, to establish greater expectations for parent involvement, will address how the district shall carry out each activity listed in 20 USC § 6318.
- The district will consult with parents/guardians of participating students in the planning and implementation of parent involvement programs, activities, and regulations. PART VII: PARENT-FAMILY RESOURCES & RESPONSIBILITIES

School district employees will not solicit or encourage any exemption request on behalf of a pupil or group of pupils.

PARENT ENGAGEMENT BOARD POLICY

The Governing Board believes that family and community engagement is a fundamental component to student success and achievement. When families are engaged at home and at school, student achievement increases. The engagement of families and community members in the education of students creates a positive bond between the home and the school.

The Board also believes that strong, ongoing family and community engagement, in all aspects of school programs and activities, provides support for measurable improvement in student achievement.

Consequently, the Board supports a collaborative environment in which the parents, families, and communities of SCUSD students are empowered to become partners with our schools and to participate as stakeholders in the vision of creating a world-class educational system that enables all students to excel.

In order to establish the framework and responsibilities for the implementation of strategies to increase family and community engagement in student achievement in schools, the district shall ensure that:

- The district commits to building engagement capacity in developing parenting skills, communication, home learning, volunteering at school, classroom support roles, decision making, advocacy, and collaboration.
- The district will provide awareness of the importance of family and community engagement, academic goals, and assessment of their student and of the resources and programs available to support their student's learning and post-secondary preparation.
- The district will support upon available fiscal resources the volunteer Teacher-Parent Home Visitation program.

PART VII: PARENT-FAMILY RESOURCES & RESPONSIBILITIES

- The district will develop and implement district-wide and school-based strategies and programs based on the California Strategic Plan for Parental Involvement in Education.
- Schools will create and communicate participation opportunities for parents/guardians and other community members to partner with schools to participate in and support students' education at the elementary, middle, and high school levels.
- Parent/guardians shall be notified annually of their rights to be informed about and to participate in their children's education and the parent and family engagement opportunities available to them.
- Teachers and administrators will receive training including all Title I and non-Title I schools that fosters effective and culturally sensitive communication with parents/guardians. This includes training on how to communicate with non-English speakers and how to give parents/guardians opportunities to participate in the decision-making process and to support their student's instruction both at school and at home.
- The district welcomes and creates opportunities for parents/guardians to participate in leadership and school site councils, advisory councils, and in other activities in which they may undertake governance, advisory, and advocacy roles as well as volunteer in the schools.
- The district will encourage school-family-community partnerships that reflect the ethnic and cultural diversity of the district.
- The district will encourage a school-family-community partnership to provide support and technical assistance to schools in order to help them integrate family involvement practices. Family engagement programs and activities in schools will recognize the diversity of family structure, circumstances, and cultural backgrounds and respect families as important decision-makers for their children's education. The district will regularly evaluate and report to the Board on the effectiveness of the district's parent involvement efforts, including but not limited to input from parents/guardians and school staff on the adequacy of parent involvement opportunities. Part VIII: Behavior & Discipline

PART VIII: BEHAVIOR & DISCIPLINE

STUDENT DISCIPLINE

District and school rules pertaining to student discipline are available to parents and guardians of district students in the school office. (Education Code § 35291)

SUSPENSION

Suspension is the exclusion of a student from the classroom for disciplinary reasons for a defined period of time by a teacher or a school administrator. A principal or a designee may suspend from school for up to five consecutive days. A suspension may be extended under certain conditions. There are three kinds of suspensions:

- Out-of-School Suspension means that students are not permitted on or near any Sacramento City Unified School District campus, nor are they allowed to participate in any school activities, during the period of suspension.

They may, however, be required to complete assignments and tests which will be made available to them through a school employee.

- In-school Suspension means that the student is removed from class, but remains on campus isolated from other students under the supervision of a certificated staff member.
- Teacher Suspension allows a teacher to suspend for the remainder of the class in which the misconduct occurred and for the next day's class.

For more information on suspension appeals please contact the Student Hearing and Placement Department. The parent or guardian of a student who has been suspended by a teacher may be required to attend a portion of a school day in their child's class. (Education Code § 48900.1)

EXPULSION

An expulsion is the removal of a student from all schools in the Sacramento City Unified School District for violating the California Education Code as ordered by the Board of Education. The expulsion is for a defined period of time, but an application for re-admission must be considered within a specified time period.

State law provides for full due process and rights to appeal any order of expulsion. State law mandates the Board of Education to expel students as indicated in Education Code § 48915 (c) for:

- Sale, possession or furnishing of a firearm
- Brandishing a knife at another person
- Selling a controlled substance
- Sexual assault or sexual battery
- Possession of explosives

PART VIII: BEHAVIOR & DISCIPLINE

California Education Code requires a school administrator to recommend expulsion if a student commits one of the following offenses:

- Causing serious physical injury to another person except in self-defense
- Possession of any knife, explosive, or other dangerous object of no reasonable use to the pupil
- Unlawful possession of any drug except for the first-time offense of possession of not more than one ounce of marijuana
- Robbery or extortion
- Assault or battery upon a school employee

A student shall not be disciplined, suspended, or recommended for expulsion unless the superintendent, a designee, or the principal of the school in which the student is enrolled determines the student has violated one or more parts of the Standards of Behavior, district policies or the Education Code § 48900.

A student may be disciplined, suspended for a maximum of five consecutive days, or expelled for acts specified in the Standards of Behavior that are related to school activity or school attendance occurring at any district school or within any other school district, including, but not limited to, any of the following:

- While on school grounds
- During the lunch period, whether on or off campus
- During, going to, or coming from school or a school- sponsored activity

OTHER GROUNDS FOR EXPULSION

Upon recommendation by the principal, the Board of Education may order a student expelled for any other acts listed in Education Code § 48900.

A decision to expel a pupil for any of those acts shall be based on a finding of one or both of the following:

- Other means of correction are not feasible or have repeatedly failed to bring about proper conduct; or
- Due to the nature of the act, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others.

SEARCH AND SEIZURE POLICY

The Search and Seizure Policy governs the district's authority to search individual students and their property. School officials may search when there is a "reasonable suspicion" it will reveal evidence that the student is violating the rules and regulations of the district, school, or § 48900 of the California Education Code.

PART VIII: BEHAVIOR & DISCIPLINE

WEAPONS DETECTION POLICY

The Sacramento City Unified School District ("District") utilizes metal detectors and other types of weapon detection technology as a resource and part of a program to ensure safety and deter the presence of weapons at school. Any person can be subject to a scan with a metal detector or the use of weapons detection technology when on District property or attending athletic or extracurricular events. Weapons detection technology is designed to alert school staff to the presence of firearms, knives or other equipment that could present a danger to students, staff, or the community. The District's general procedures follow:

- Before initial walk-through, students shall be asked to empty their pockets of all metal objects
- Should an activation occur, the student shall be scanned a second time
- If a second activation occurs, a handheld metal detector will be utilized
- Should the activation occur without explanation, the student will be escorted by a staff member to a private screening area
- In the private screening area, an expanded search will be conducted by a staff member who shall be the same sex as the student
- The search will be limited only to the detection of weapons

MULTI-TIERED SYSTEM OF SUPPORTS

SCUSD is committed to providing high-quality instruction and support to promote the highest achievement of all students. At the school level, the Multi-Tiered System of Supports (MTSS) is a framework used to deliver high quality core instruction to all students and maximize their success by providing instruction and interventions matched to student need.

Combined with assessments, MTSS helps educators by providing them with information to identify students needing additional support (academic, attendance, and behavioral). For more information on MTSS contact MTSS Director Matt Callman at matthew-callman@scusd.edu.

Part IX:

Student Health & Nutritional Resources

PART IX: STUDENT HEALTH & NUTRITIONAL RESOURCES

SCHOOL MEALS

SCUSD Nutrition Services and the Central Kitchen provide all students with fresh, nutritious meals, including breakfast and lunch (and supper in extended learning programs). More than half of menu items are prepared with clean, locally sourced ingredients, supporting the district's mission to provide fresh meals to every student regardless of income. Student participation helps sustain the program, support local farmers, and improve meal quality. Through California's Universal Meals Program, all SCUSD and affiliated charter school students receive meals free of charge, with no application required. Families are encouraged to have their students participate, as nutritious meals can improve attendance, behavior, and academic performance. Students who bring lunch from home may also receive free fruit, vegetables, and milk to complement their meal brought from home.

HEALTH INSURANCE ENROLLMENT

SCUSD is committed to ensuring that all students have access to affordable health care. For further information, please email ConnectCenter@scusd.edu.

The following health insurance enrollment occurs on-site at 5601 47th Avenue on a weekly basis:

- Prescreening to determine eligibility
- Health insurance outreach and enrollment
- Health navigation support
- Spanish assistance: (916) 643-2351

PUPIL INSURANCE

SCUSD is committed to ensuring that all students have access to affordable health care. For further information, please email ConnectCenter@scusd.edu or contact your school's Student Support Services staff (find their information at www.scusd.edu/supportcentersites).

HEALTH SERVICES

Health Services staff engage students, families, and the community with programs and services that support physical, mental, and social health in order to succeed in school and life.

Credentialed school nurses, teachers, and staff provide health-related interventions, assessments, screenings, education, case management of direct care services, procedures, and referrals. We are health advocates for children by assisting families and communities to manage health problems and enable students to access learning.

CALIFORNIA HEALTHY KIDS SURVEY (6th Grade Students)

The California Healthy Kids Survey (CHKS) is integral in providing the district with the data needed to implement quality programs to students that improve school climate and students' social/emotional wellbeing while addressing issues such as school safety,

PART IX: STUDENT HEALTH & NUTRITIONAL RESOURCES

alcohol, tobacco, and other drug usage, and violence. The survey is voluntary and anonymous. No names will be recorded or attached to the survey forms or data.

Written permission from a parent/guardian is required for students to complete the survey. Sixth grade students will receive the Elementary School Survey.

CONFIDENTIAL MEDICAL SERVICES

Students age 12 and older may be excused from school for the purpose of obtaining confidential medical services (sexual health, mental health, and drug and alcohol counseling) without the consent of the student's parent or guardian. (Education Code § 46010.1)

EMERGENCY TREATMENTS

Anaphylaxis is a severe and potentially life-threatening allergic reaction that can occur after encountering an allergic trigger, such as food, medicine, an insect bite, latex, or exercise. Symptoms include narrowing of the airways, rashes or hives, nausea or vomiting, a weak pulse, and/or dizziness. It is estimated that approximately 25% of anaphylactic reactions occur during school hours to students who had not previously been diagnosed with a food or other allergy. Without immediate administration of epinephrine followed by calling emergency medical services, death can occur. Being able to recognize and treat it quickly can save lives. Education Code § 49414 requires school districts to provide epinephrine auto-injectors to school nurses and trained personnel and authorizes them to use epinephrine auto-injectors for any student who may be experiencing anaphylaxis, regardless of known history. (Education Code § 49414)

AEDs are devices designed to administer an electric shock to the heart of a Sudden Cardiac Arrest victim. Under Education Code §35179.6, at least one AED must be present in each California school with an interscholastic athletic program. The AED must be tested and maintained on an ongoing basis, and any expected users (such as coaches) must undergo CPR and AED training. Contact the school site Administrator for AED locations or Health Services at (916) 643-9412 for more information.

Naloxone is a life-saving medication that reverses an opioid overdose while having little to no effect on an individual if opioids are not present in their system. Naloxone works by blocking the opioid receptor sites, reversing the toxic effects of the overdose. Naloxone requires a prescription but is not a controlled substance. Naloxone is administered when a patient is showing signs of opioid overdose. Cal. Educ. Code § 49414.3 and Cal. Bus. & Prof. Code § 4119.8 allow for the provision of Naloxone in schools. Contact the school site Administrator or Health Services at (916) 643-9412 for more information.

HPV IMMUNIZATION INFORMATION

Pursuant to California Education Code § 48940.4, information on HPV immunization guidelines is provided to 6th grade students and their parents and guardians. HPV vaccination can prevent over 90 percent of cancers caused by HPV. HPV vaccines are very safe, and scientific research shows that the benefits of HPV vaccination far outweigh the

PART IX: STUDENT HEALTH & NUTRITIONAL RESOURCES

potential risks. Because the vaccine is more effective when given at younger ages, two doses of HPV vaccine are recommended for all kids between the ages of 9 to 12 years, and the second dose should be given before the start of 8th grade. Please visit <https://www.scusd.edu/explore/programs-services/student-support-and-health-services> to learn more.

MEDICAID REIMBURSEMENT FOR HEALTH SERVICES

The Medicaid Program allows SCUSD to be reimbursed for health services provided at school to Medi-Cal eligible students. These services include but are not limited to hearing and vision screenings, speech and occupational therapy, health assessments, and anticipatory guidance/health teaching.

To receive the Medicaid programs federal dollars, the school district must have parent/guardian consent to disclose personally identifiable information (PII) for the purpose of processing claims for reimbursement: name, birthdate, gender and medical service (including the type, date, duration, and the name of the service provider). To consent to disclosure of PII for the purpose of billing Medi-Cal for eligible services, please mark the applicable box on the last page of this notification.

Consent or lack of consent to disclose PII will not affect school health services provided to students nor will parents/guardians ever be billed for these services. For further information regarding this policy, please email medi-cal@scusd.edu.

MEDICATIONS GIVEN AT HOME

A parent or guardian is required to inform the school if a student is on a continuing medication regimen to a non- episodic condition. With a parent's or guardian's consent, a designated employee may communicate with the physician with regard to the possible effects of the drug on the child's physical, intellectual, and social behavior, as well as possible behavioral signs and symptoms of adverse side effects, omission, or over-dosage. (Education Code § 49423)

STUDENT IMMUNIZATIONS

Children must be immunized against certain diseases before being admitted to school unless a medical exemption has been provided by a medical doctor and approved through the CAIR-ME system at California Department of Public Health. Parents/guardians have 10 school days to supply evidence of proper immunization or an appropriate exemption. The school district may offer immunizations to prevent communicable disease to students with parent or guardian consent. (Education Code §§ 49403, 48216) For further information please call the Health Services Office at (916) 643-9412.

STUDENT MEDICATION AT SCHOOL

Any student who must take prescribed medication at school and who desires assistance of school personnel must submit a written statement of instruction from the physician or surgeon and a written statement by the parents/guardians indicating their desire to have the school assist in administering the physician's instructions. (Education Code § 49423)

PART IX: STUDENT HEALTH & NUTRITIONAL RESOURCES

It is the responsibility of the parent/guardian to provide medications in properly labeled, original containers along with a medication administration authorization signed by both the doctor and the parent/guardian. For prescribed medication, the container also shall bear the name and telephone number of the pharmacy, the student's identification, and the name and phone number of the authorized health care provider. (5 CCR § 606)

Any student who carries and self-administers prescription auto-injectable epinephrine, inhaled asthma medication, or insulin must submit a written statement of instruction from the physician that includes confirmation that the student is able to self-administer the medication and a written statement by the parent or guardian that (1) consents to the self-administration; (2) provides a release for the school nurse or other designated school personnel to consult with the physician regarding any questions that may arise regarding the medication; and (3) releases the school district and school personnel from liability if the student suffers an adverse reaction as a result of self-administering the medication. The written statements required for any medication at school shall be provided at least annually and more frequently if the medication, dosage, frequency, or reason for administration changes. (Education Code § 49423, § 49423.1)

ORAL HEALTH ASSESSMENT

A record of a dental assessment done by a dental professional is required for all kindergarteners and first graders attending public school for the first time. Dental assessments must be completed in the 12 months prior to entry or by May 31st of the student's first school year.

If a school or school district hosts a free oral health assessment event at which dental health professionals conduct the assessments, a student's oral health will be assessed unless the parent or legal guardian has opted out in writing. The District will distribute to each pupil's parent or guardian or responsible relative or adult who has assumed responsibility for his or her care and custody (in the case of a minor), or the pupil (if an adult), a letter which may be returned to such district or authority in which the person to receive the letter may indicate that the treatment is desired and the pupil is to receive the treatment or that the pupil is not to receive the treatment for one of the following reasons: (i) the pupil has received the treatment from a dentist, or (ii) the treatment is not desired. (Education Code § 49452.8)

PHYSICAL EXAMINATION

A child may be excluded from physical examination whenever the parent/guardian files a written statement with the school that they will not consent to a physical examination of their child. When a child has written exclusion and there is a good reason to believe the child is suffering from a recognized contagious or infectious disease, the child will be excluded from school attendance. (Education Code § 49451)

A child's vision and hearing will be screened by a credentialed school nurse during kindergarten, upon first entry into a California school, and in grades 2, 5, and 8, unless

PART IX: STUDENT HEALTH & NUTRITIONAL RESOURCES

parents/ guardians present a certificate from their physician verifying prior testing or a letter declining the screening.

The district may perform certain screenings, which may include physical assessments, screenings, and examinations as required by the Education Code. (Education Code §§ 49452, 49452.5)

TYPE 1 DIABETES INFORMATION

Type 1 diabetes in children is an autoimmune disease that can be fatal if untreated. Pursuant to California Education Code 49452.6, diabetes information for parents and guardians can be found on our website: <https://www.scusd.edu/explore/programs-services/student-support-and-health-services/health-services/important-information-about-diabetes-and-your-student>.

TYPE 2 DIABETES INFORMATION

If you have Type 2 diabetes, your body’s cells can’t properly take up sugar (glucose) from the food. If left untreated, Type 2 diabetes can cause such health problems as heart disease, kidney disease, and/or stroke. It is recommended that students displaying or possibly experiencing the risk factors and warning signs associated with type 2 diabetes be screened (tested) for the disease. Pursuant to California Education Code § 49452.7, type 2 diabetes information is provided to parents and guardians of incoming seventh grade students each year. To learn more about type 2 diabetes, visit <https://www.scusd.edu/explore/programs-services/student-support-and-health-services/health-services>.

DIABETES CARE AT SCHOOL

Health Services ensures that all identified students with diabetes receive the medical care they need to safely attend school and participate in school activities. Trained school personnel may provide or support direct care services, such as blood glucose monitoring, insulin administration, and emergency response to hypoglycemia or hyperglycemia. Parents/guardians must provide current medical documentation, physician orders, necessary supplies, and completed authorization forms to enable Health Services staff to safely support students during the school day.

PART IX: STUDENT HEALTH & NUTRITIONAL RESOURCES

SPECIAL DIETARY NEEDS AND FOOD ALLERGIES

Students with a food allergy or intolerance that substantially limits one or more major life activities are eligible for necessary food substitutions with appropriate documentation. (BP 5141.27.)

Under Section 504, a student with a food allergy can be a student with a disability for purposes of Section 504 if the student's food allergy substantially limits one or more of the student's major life activities. (34 C.F.R. § 104.3(j)(1)(i).) To learn more visit www.scusd.edu/district-wellness-committee.

WELLNESS POLICY

The SCUSD Student Wellness Policy 5030 can be located on the district webpage. The policy addresses many areas including Physical Education, School Meals, Fundraising Activities, Celebrations, School Gardens, Mental Health and more. Federal law requires all K-12 districts to have a Student Wellness Policy. This policy promotes health behaviors that will support wellness, prevent chronic diseases and provide assurances that school meal options meet the minimum federal school standards.

Fundraising efforts that include student stores or other food sales must comply with Federal and State regulations.

Do's

- Pick items from the pre-approved list on the Districts Wellness Committee website under "Approved Snacks and Healthy Celebrations"
- Confirm compliance for any item not on the pre-approved list using the Smart Snacks Product Calculator on the Webpage
- Encourage sales of non-food items

Don'ts

- Do not sell home-made items to be sold to students
- Do not prepare food in classrooms to be sold to students
- Do not sell non-compliant items such as cupcakes, candy and sodas.

Classroom Celebrations

Schools can promote a positive learning environment by shifting the focus from food during classroom celebrations. If food is served, it must be non-allergenic and compliant with school nutrition regulations.

- Music and dancing
- Games, such as relays or scavenger hunts
- Free choice time

SUICIDE PREVENTION

Suicide rates are increasing, and suicide is the second leading cause of death for youth ages 10-24 (CDC, 2018). SCUSD takes concerns about student safety and wellbeing seriously and has standardized procedures to follow for supporting students who express thoughts or risk of self-harm.

Though it can be uncomfortable, research shows that **the best way to prevent suicide is to talk about it directly**. We encourage caregivers to start this conversation with their students early and be aware of potential warning signs, such as:

- Talking about wanting to die (including social media posts)
- Feeling hopeless, worried, sad, angry or agitated
- Displaying changes in mood, behavior, sleeping, or eating habits
- Being withdrawn or isolating from friends and family
- Giving away valued items such as clothes, mementos, toys, etc.

How to help your student:

- Take any expression of suicide seriously, no matter how minor it may seem including verbal statements, artistic expression, social media postings, etc.
- Listen to your child with empathy and provide emotional support.
- Don't tell students not to talk about suicidal feelings, and do not keep suicide a secret. Talk about these feelings and express to your child the importance of seeking help. (www.suicideispreventable.org)

We are here to support and provide families with resources. For concerns or questions, parents and caregivers can contact the Student Support Services staff at their student's school, or reach out to Liz Sterba, Director, Student Support Services: (916) 826-3050 (call or text), or via email: elizabeth-sterba@scusd.edu. Support is also available 24/7 by contacting:

- Crisis Text Line: Text "HOME" to 741-741
- Suicide Prevention Lifeline: 1-800-273-8255 (TALK)

There is no shame - only hope and healing - in talking about suicide and mental health, or reaching out for support.

Part XI: Privacy

PART XI: PRIVACY

DEFINITION OF PUPIL RECORD

Pupil record is any item of information other than directory information that is directly related to an identifiable student and maintained by the district or required to be maintained by an employee in the performance of his/her duties.

NOTIFICATION OF PRIVACY RIGHTS OF STUDENTS

Federal and state laws grant certain privacy rights and rights of access to pupil records to students and to their parents or guardians. Full access to all personally identifiable written records maintained by the school district or county office must be granted to:

- Parents or guardians of students age 17 or younger;
- Parents or guardians of students age 18 or older if the student is a dependent for tax purposes;
- Students age 16 or older or who have completed 10th grade.

Parents/guardians may review individual records by making a request to the principal. At each school, the principal or designee shall act as custodian of records. The principal will see that explanations and interpretations are provided if requested. A parent or guardian has the right to question and receive an answer regarding items on their child's record that appear inaccurate, misleading, or that invade his/her child's privacy. Information which is alleged to be inaccurate, inappropriate, or misleading, may or may not be removed by the Superintendent or his/her designee. A log or record of the maintenance of each pupil record of enrolled students shall be kept in the school office.

In addition, parents or guardians of eligible students may receive a copy of any information in the pupil's records at a reasonable cost per page. School district policies and procedures relating to types of records, kinds of information retained, persons responsible for maintaining pupil records, directory information, access by other persons, and the challenge of the content of records are available through the principal or his/her designee. Parents may contact the school to review the log listing of those that have requested or received information from a pupil's file, as required in Education Code § 49064.

Access to a pupil's records will only be granted to those with a legitimate educational interest who are officials or employees whose duties and responsibilities to the district, whether routine or as a result of special circumstance, require that they have access to pupil records. School officials may be authorized to inspect student records if a legitimate educational interest exists. A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibilities. A school official is a person employed by the district as an administrator, supervisor, instructor, support staff member (including health or medical staff and law enforcement unit personnel), a person serving on the Governing Board, a person or company with whom the district has contracted to perform a special task (such as attorney, auditor, consultant, or therapist), a parent or student serving on an official

PART XI: PRIVACY

committee (such as a disciplinary or grievance committee) assisting another school official in performing his or her tasks.

(FERPA, 34 CFR §§ 99.7(a)(3)(iii), 99.31(a)(1) and Education Code §§ 49063 (d), 49064, and 49076.)

Certain portions of pupil records, such as a student's grade point average, may be disclosed as part of a 12th grade student's Cal Grant application. Parents may opt out of this disclosure by notifying the District at least 30 days from publication.

When a student moves to a new school district, records, including disciplinary records, will be forwarded upon request of the new district. At that time, the parent or an eligible student may challenge, review, or receive a copy at a reasonable cost per page, of the requested records. Parents or guardians may contact the school district or county office for any policy regarding the review and expunging of pupil records.

Parents/guardians who believe the school district is not in compliance with federal regulations regarding privacy may file a complaint with the United States Department of Education at the following address: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Ave SW, Washington, DC 20202-5920.

The school district also allows certain student directory information available in accordance with state and federal laws. This means that each student's name, birthdate, address, telephone number, major course of study, participation in school activities and sports, dates of attendance, degrees and awards, and the most recent public or private school of attendance may be released to certain specified agencies. In addition, height and weight of athletes may be made available.

Directory information does not include citizenship status, immigration status, place of birth, or national origin. Such information shall not be released without parental consent or a court order.

MILITARY RECRUITERS

Federal Law requires that military services representatives shall have access to directory information. However, parents or guardians have the right to request in writing information not be released to a military recruiter without their prior written consent. See the last page of the book to request in writing not to release a student's information.

Directory information may not be provided to any private, profit-making entity other than employers, prospective employers, or representatives of the news media. Names and addresses of seniors or terminating students may be given to public or private schools and colleges. Parents or guardians also have the right to notify the district in writing within 30 calendar days of the receipt of this notice that they do not want a certain category of information designated as directory information.

PART XI: PRIVACY

Upon written request from the parent/guardian of a student age 17 or younger, the school district will withhold directory information about the student. If the student is 18 or older or enrolled in an institution of post-secondary instruction and makes a written request, the pupil's request to deny access to directory information will be honored. (Education Code § 51101)

DIGITAL MEDIA/STUDENT WORK

The district requires parent/guardian permission before use of student images or student work by the district in any official publication or website. Parents/guardians who have an objection to their child's image or student work appearing in any district or school official publication or website need to check the "no" box and sign the permission form on the back of this notification. ASBESTOS MANAGEMENT

The United States Congress passed the Asbestos Hazard Emergency Response Act (AHERA), which requires all primary and secondary schools to be inspected for asbestos-containing building materials. AHERA further requires that school districts develop and implement a plan to safely manage any asbestos-containing building materials found to be present.

Schools in Sacramento City Unified School District have been inspected and assessed by an accredited asbestos contractor. The inspection report filed by the contractor identifies the location, amount, condition, accessibility, potential for disturbance, and other pertinent information on any asbestos found. The report also certifies that there is no immediate health hazard from asbestos-containing material in our schools.

Copies of the school's inspection report, district management plan, and response actions are on file in the school office should you wish to review them during school hours.

The district management plan also is available for review at the district office. If you have questions or comments, please contact Facilities, 916-395-3970.

AB 452 & SB 906 FIREARMS SAFETY MEMORANDUM

The purpose of this memorandum is to inform and to remind parents and legal guardians of all students in the Sacramento City Unified School District of their responsibilities for keeping firearms out of the hands of children as required by California law. There have been many news reports of children bringing firearms to school. In many instances, the child obtained the firearm(s) from his or her home. These incidents can be easily prevented by storing firearms in a safe and secure manner, including keeping them locked up when not in use and storing them separately from ammunition.

To help everyone understand their legal responsibilities, this memorandum spells out California law regarding the storage of firearms. Please take some time to review this memorandum and evaluate your own personal practices to assure that you and your family are in compliance with California law.

- With very limited exceptions, California makes a person criminally liable for keeping any firearm, loaded or unloaded, within any premises that are under their custody and control where that person knows or reasonably should know that a child is likely to gain access to the firearm without the permission of the child's parent or legal guardian, and the child obtains access to the firearm and thereby (1) causes death or injury to the child or any other person; (2) carries the firearm off the premises or to a public place, including to any preschool or school grades kindergarten through twelfth grade, or to any school-sponsored event, activity, or performance; or (3) unlawfully brandishes the firearm to others.^[1]
 - **Note:** The criminal penalty may be significantly greater if someone dies or suffers great bodily injury as a result of the child gaining access to the firearm.

PART XIII: ADDITIONAL NOTICES

- With very limited exceptions, California also makes it a crime for a person to negligently store or leave any firearm, loaded or unloaded, on their premises in a location where the person knows or reasonably should know that a child is likely to gain access to it without the permission of the child's parent or legal guardian, unless reasonable action is taken to secure the firearm against access by the child, even where a minor **never** actually accesses the firearm.^[2]
- In addition to potential fines and terms of imprisonment, as of January 1, 2020, a gun owner found criminally liable under these California laws faces prohibitions from possessing, controlling, owning, receiving, or purchasing a firearm for 10 years.^[3]
- Finally, a parent or guardian may also be civilly liable for damages resulting from the discharge of a firearm by that person's child or ward.^[4]

Note: Your county or city may have additional restrictions regarding the safe storage of firearms.

Thank you for helping to keep our children and schools safe. Remember that the easiest and safest way to comply with the law is to keep firearms in a locked container or secured with a locking device that renders the firearm inoperable.
