ANNUAL ASBESTOS MANAGEMENT PLAN NOTIFICATION NOTICE OF AVAILABILITY

To Staff, Parents/Guardians, and Students:

This notice serves to fulfill annual notification requirements in accordance with Section 763.93 of the *Asbestos Emergency Response Act* (AHERA). AHERA requires that all school buildings be visually inspected by accredited inspectors to identify all asbestos-containing building materials (ACBM) that may be present in the school environment. As required under AHERA, **Ahfachkee Day School** must maintain an Asbestos Management Plan (AMP) and keep the AMP on file at the school, and the School Administrative Office. The AMP is available for review during school hours, Monday through Friday, in the front office

An AHERA certified inspector determined no Asbestos Containing Building Material (ACBM) are present and the architect/project engineers responsible for the construction of our school facilities certified in a written statement that no ACBM was used as a building material in the buildings. These documents are available for review in the AMP.

For additional information, please contact our AHERA Designated Person, Toby Pruitt, at 863-983-6348 or tobypruitt@semtribe.com

Sincerely,

Philip Baer
Principal
