Nursing and Rehabilitation Centers

ADRC
Aging and Disability Resource Center
of Dodge County

Deciding to seek placement in a skilled nursing or rehabilitation facility can be a difficult decision. Selecting the right facility is important. Most skilled nursing facilities continue to offer long-term care for individuals who require daily assistance on a long-term basis.

Additionally, many facilities now offer rehabilitative-focused programs designed for individuals with more short-term needs. These services may include inpatient or outpatient rehabilitation to support recovery and a return to greater independence.
