General Information for Family Contribution and Income Eligibility

All students admitted to Cristo Rey Jesuit must demonstrate financial need by meeting the income criteria of the Cristo Rey Network, the national organization which sets the standards for Cristo Rey schools. For admissions to the 2027-2028 school year, your family's annual household income generally may not exceed the amount shown below in the first column for your household size. Please contact the Admissions Office if you have questions about your family's financial status or your eligibility for admissions.

All applicants are required to submit your 2025 federal income tax return with your student's application for admission. You may also be required to submit your 2026 Form W-2 to verify your most recent annual income, if requested. If you do not file an income tax return or if you do not receive a Form W-2, please contact the finance office to discuss alternate forms of income documents that you may submit. If your child is accepted to Cristo Rey Jesuit, we will walk your family through the financial aid process. Once your financial aid has been awarded, you will receive a separate letter from the finance office indicating the amount of your family contribution for child's tuition for the year. Tuition will be paid in ten monthly payments from August 2027 through May 2028. Please note that the monthly family contribution amounts do not include fees for athletics teams, lunch fees, or replacement of lost items such as textbooks, library books and PE uniforms. We work closely with our families throughout this process. Should your family experience unexpected hardships which affect your ability to pay tuition, you are always welcome to contact the finance office for a confidential meeting to work out an adjusted payment plan.

Cristo Rey Jesuit believes that education should be accessible.

Our generous financial aid is designed to ensure that no student encounters cost as a barrier.

At Cristo Rey Jesuit, we are committed to providing an affordable Catholic education to the students we serve. Cristo Rey Jesuit exclusively serves students who desire a college prep education but could not otherwise afford the rising costs of private school tuition in the Houston area. While the actual cost to educate a Cristo Rey Jesuit student is approximately \$20,000 annually, our unique educational model and generous benefactors make a Cristo Rey Jesuit education accessible to families across Houston. For the 2025-2026 school year, the average family contribution was \$1080.

All Cristo Rey Jesuit students work throughout their four years of high school, earning approximately 40% of the cost of their education while also gaining valuable business experience and building their resume. **In addition to earning up to 40% of the cost of their education through the CWSP, financial assistance is available to every student.**
