

OPTIONAL Chromebook Non-Refundable Insurance Plan 2026-2027

In the fall of 2026, Cedar Hill ISD will offer families an optional protection plan to ensure the district-owned Chromebooks issued to students. This insurance program protects the Chromebook against loss, theft, or destruction as a result of accidental damage (drops/spills, fire, flood, and natural disasters). This insurance policy will provide replacement cost coverage and protect the Chromebook on and off school grounds for one school year.

This **OPTIONAL Non-Refundable Chromebook Insurance Plan Fee** can be paid to cover accidental damage for the first incident and provide discounts for subsequent accidental damage incidents. If you choose not to pay the OPTIONAL Non-Refundable Chromebook Insurance Plan Fee, you are responsible for repair or replacement fees as identified in the table below.

Please see details below about the program:

- Parents/guardians and students must acknowledge and consent to the [Cedar Hill Student Acceptable Usage](#), as well as the [CHISD Student Handbook](#), prior to participating in the program. Acknowledgement of both handbooks is a regular part of the registration process each year.
- Parents/guardians are encouraged to review this agreement with their students prior to registration, as parental consent also includes student consent.
- Program registration opens **during district open enrollment and will end September 30, 2025. Starting on August 17, 2026**, coverage fees will begin to show on MyPaymentsPlus accounts for those who opted in. Once the fee is added, families will receive an email notification. At that time, we ask that payment be made in the MyPaymentsPlus portal within 30 days. Payment is required to be fully covered.
- Program protection will not go into effect until after the MyPaymentsPlus fee has been **paid in full. Coverage lasts for one school year, which will span from the first day of instruction and will end the day prior to the first day of instruction of the next school year.**
- Parents/guardians will have **30 days to pay the opt-in fees** once they have been added to MyPaymentsPlus. After the 30-day window, all optional coverage fees not paid will be removed from student MyPaymentsPlus accounts, and the ability to **opt in will be forfeited.**
- **Students with outstanding technology fees must pay their fees prior to opting into the program.**
- Excessive breakage incidents will be reviewed and handled on a case-by-case basis as it relates to the determination of continued device issuance.
- Insurance coverage will begin 30 days after enrollment and payment have been made.
