Welcome to Westminster!

In a world that feels increasingly uncertain, you want more than a great education for your child. You want them to be known, grounded in faith, and prepared to face the future with confidence and purpose. You're looking for more than a school, but a Christ-centered community that shares your values and partners with you in shaping your child's future.

We know it's hard to trust others with your child's well-being, development, and growth. For over 50 years, Westminster has earned the trust of families like yours by providing a safe, biblically grounded, college-preparatory education for students in grades 7–12, equipping them to thrive academically, spiritually, and personally without compromising truth.

Here, students aren't seen as numbers, but as image-bearers of Christ—challenged in the classroom, supported in community, and shaped for a life of impact. You can be confident your child will be prepared for college, career, and life, and most importantly, discover their identity in Jesus.
This isn't just school—it's family.

Discover. Embrace. Integrate.

At Westminster, our faculty builds relationships with students that are based on mutual trust and respect and are nurtured through encouragement and support. Students feel confident in taking risks, engaging in candid conversations, and embracing success and failure as a means for growth.

We believe we have a responsibility to integrate a biblical worldview into every aspect of school life — including our college preparatory curriculum. Through our lessons, we teach students to problem solve and think critically by asking them to wrestle with complex concepts and make connections across disciplines.

Academic Support

Westminster is committed to helping students grow intellectually and achieve academic success. We offer a variety of academic programs to help them reach their full potential, including Academic Advisory, Academic Connect, the Math Center, and the Writing Center.

The Gifted Program

Westminster's gifted program supports the educational and social-emotional needs of families with gifted students. Through the program, students develop an understanding of their learning profile and social-emotional needs from a biblical perspective while confidently managing their academic coursework.

Special Services

The Special Services Program at Westminster supports the educational needs of families of students with diagnosed disabilities. Special Services teachers seek to enhance academic success and help students understand their learning profile well enough to confidently compensate and advocate according to their needs.

College & Career Counseling

With the increasingly competitive world of college admissions, Westminster recognizes the importance of equipping students with the knowledge and tools they need to be successful in both college and career. This is why college guidance begins early at Westminster. Our college and career counselors prioritize getting to know students' families so they can properly guide students through the college selection process to find the best academic, spiritual, and social fit.

PROGRAM PHILOSOPHY

Our priority is for our teams and athletes to honor God and convey a positive witness to those around them. While we strive for excellence in all endeavors, the win-loss record is not the primary barometer of excellence. Instead, we focus on the processes that lead to those results. No matter the final score, our coaches and athletes strive to be able to say they represented Christ and Westminster well.

A NOTE FROM THE HEAD OF SCHOOL

Belong. Believe. Become.
Choosing a school for your child is one of the most important decisions you will ever make. As a parent, you want more than a safe, academically rigorous environment. You want your child to be known, loved, and encouraged to grow, not only in knowledge, but in wisdom and faith. You want them to belong to a caring Christian community, to believe deeply in the truth of God's Word, and to become all that He created them to be, ready to face the future with confidence, faith, and purpose.

Belong — Westminster Christian Academy is a place where every student is valued as an image-bearer of Christ and treated with dignity and respect. Our teachers, coaches, and administrators invest personally in each student, recognizing their unique gifts and needs. With exceptional academic programs, enrichment opportunities, support programs, championship athletics, and vibrant arts, every student can discover their place, build lasting friendships, and thrive in a community that feels like family.

Believe — We are more than a private school. We are a Christ-centered school where biblical truth is woven into every class, program, and activity. Through intentional relationships and rigorous academics grounded in Scripture, we help students develop a strong, resilient faith that stands firm in a world often pulling in the opposite direction. Our goal is to nurture a holistic biblical worldview, preparing students to take every thought captive to obey Christ (2 Corinthians 10:5) and to be transformed by the renewing of their minds so they may discern the good, acceptable, and perfect will of God (Romans 12:1–2).

Become — We want your child to flourish in every God-given ability, passion, and calling. Led by dedicated Christian educators, our programs emphasize character formation, academic excellence, competitive athletics, and rich opportunities in the visual and performing arts. By the time our students graduate, they are exceptionally equipped for college, career, and a lifetime of faithful service to Christ in their communities and beyond.

This is not just school. It is family. You are not alone. We invite you to join us, to see your child belong, believe, and become all that God created them to be.
