Also - please teach them their social security number and home address, including zip code!

PRO TIP - email them sometimes to see if they respond so you know they are checking it!

Acceptance Timeline

Community Colleges: Students ARE ACCEPTED! However, following through on all steps, like orientation & registration, is required!

CSU Campuses: Non Impacted campuses may start notifications as early as December; most will come out February - March.

UC Campuses: Notifications will go out during the month of March, usually each campus releases on a set day.

Private schools: Early Action or Early Decisions applicants will be notified in December; all others are typically rolling with some schools (like USC) setting a specific release day.

What about the dreaded "Waitlist"? It means IF space permits after the May 1st 'Intent to Register Deadline', you may be admitted...

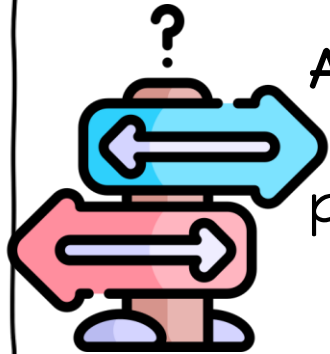

DA

May 1st = Intent to Register Deadline

Students must accept an offer of admissions by this deadline and pay the deposit; typically required.

Waitlisted students should accept an offer to a school they were accepted by, unless choosing community college.

AFTER May 1st, if a student is accepted off a waitlist they can accept that offer and CANCEL their previous intent BUT you are not refunded the deposit.

For now, don't get caught up in WHERE they SHOULD go. Wait for admission and financial aid to have a complete picture of the options, THEN help them determine what is best for THEM.
