College Applications

Common Application

The Common Application is the best, most efficient means of applying to more than 1,000 schools across the country. LSU, LSUNO, Tulane, Loyola, Xavier, Ole Miss, Southern Miss, Millsaps, Mississippi State, Alabama, Auburn, South Alabama, Georgia, Florida, Texas, Texas A&M, Tennessee, Arkansas and many more are all available to apply here in one place.

It's the fastest, most efficient way to apply to multiple schools and have transcripts uploaded swiftly, safely, and securely.

College Applications

Transcripts

Transcripts are uploaded to the Common Application with the school report.

Louisiana public universities access a student's transcript through the state's transcript system. We do not need to send transcripts to state universities in Louisiana.

If you do not use the Common Application, Mr. Esker may use Slate.org to upload a transcript or, as a last option, send a password-protected e-mail to the college e-mail address that the student provides.

ACT

Your Scores

Students send their official ACT scores to the college or university of their choice through their myACT account that they created.

Fee Waivers

Fee waivers are available for 11th & 12th graders who meet qualifications. E-mail Mr. Esker to receive a copy of the income status survey that must be completed.

Accommodations

Any testing accommodations must be requested and approved directly through ACT. <https://www.act.org/content/act/en/products-and-services/the-act/registration/accommodations.html> Ms. Amy Frey is the school official who submits any supporting documentation from MHS.

Collegiate Athletics

Eligibility Center

Any student athlete who intends to continue her or his career at an NCAA level must register with the NCAA Eligibility Center at <https://web3.ncaa.org/ecwr3/>. There's a cost to do so. Once that's completed, students will receive a consent form so we can upload the transcript. Registration is needed before a student can take an official visit.

NAIA Clearinghouse

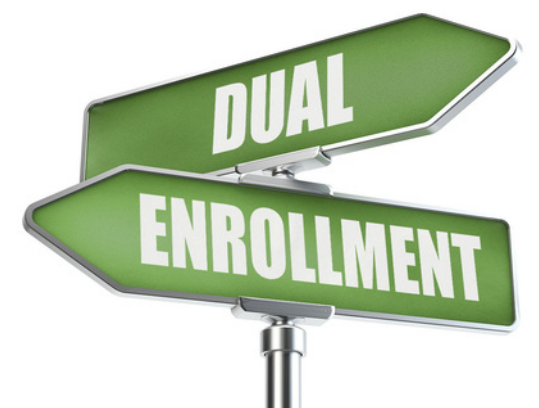

Student athletes who will be continuing their careers at an NAIA school must register at www.playNAIA.org. We will send a consent form to upload the transcript to the site.

Dual Enrollment Credit

Students have the opportunity to earn dual enrollment credit from several universities that may transfer to the college of their choice.

Students' grades on their college transcript are often different from their MHS transcript grade.

Students must request their transcript directly from the college or university that awards the credit and have it sent directly to the college or university of their choice.

Dual Enrollment Credit

Southeastern Louisiana University awards credit to students who dual enroll in: English III, English IV, College Algebra, Trigonometry, Calculus, Probability & Statistics, U.S. History, World History, Chemistry, Physics (through 25-26 year), and STAR.

https://www.southeastern.edu/admin/registrar/transc-verify/transcript_request/index.html

Northshore Technical & Community College credit may be earned in Drafting, EMT, Medical Terminology, French or Spanish.

<https://www.northshorecollege.edu/admissions/transcript-request>.

AP Courses & Tests

Students have the opportunity to take AP tests in a number of subjects and potentially earn college credit at a fraction of the typical cost for a three-hour course.

Registration is \$99 per test with the fee payable on MyPaymentsPlus. The registration deadlines for fall term courses and spring term courses will be advertised at a later date.

Students must use their College Board account in order to send their scores to the college or university of their choice.
