

Stoy Fourth Grade

Dear Fourth Grade Families,

I can't believe it is almost time for the new school year to begin! I am excited to start our year together!

Fourth Grade is an important time for students to build upon the skills they have gained from previous grades and solidify their educational foundation for the years ahead. With guidance, students will work on increasing their stamina and perseverance as they tackle more challenging material presented in Fourth Grade. In addition, students will take on more responsibilities and work towards becoming more independent.

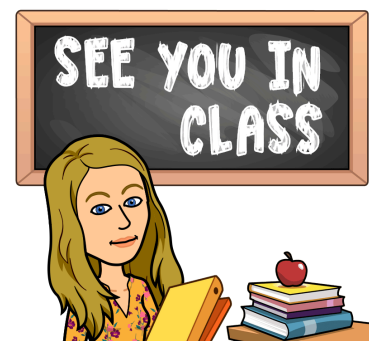

Fourth Grade is also an important time for students to build strong social skills. There will be many opportunities for students to collaborate in partnerships and small groups. Students will work on actively listening, effectively communicating ideas, providing constructive feedback, and reaching consensus with others. Navigating Fourth Grade friendships can sometimes be difficult, especially since many students have been together in the same class since Pre-K. Students will be expected to be respectful towards one another and handle conflicts with empathy.

To get to know you and your Fourth Grader better, please complete the Parent Survey included with this letter. Your child may bring it to school on their first day or you may mail it to me care of Stoy School. I read each and every one of them and appreciate any insight, feedback, or concerns you share. Please feel free to add comments to the back of the survey or email me before the start of the school year if there is something important you feel that I should know.

Sincerely,

Miss Fliegel
