

What is a School-Parent Compact?

A School-Parent Compact for Achievement is an agreement that parents, students, and teachers develop together. It explains how parents and teachers will work together to ensure all our students reach grade-level standards.

Effective compacts:

- Link to goals of the school improvement plan
- Focus on student learning skills
- Describe how teachers will help students develop those skills using high-quality instruction
- Share strategies parents can use at home
- Explain how teachers and parents will communicate about student progress
- Describe opportunities for parents to volunteer, observe, and participate in the classroom

Jointly Developed

The parents and staff of Hart County Middle School developed this School-Parent Compact for Achievement. Teachers suggested home learning strategies and parents added ideas to make them more specific. Meetings are held each year to review the Compact and make changes based on student needs. Parents are encouraged to contribute comments at any time. If you would like to volunteer, participate, and/or observe in the classroom, please contact Lindsay Jones at (706) 376-5431 or by email at lindsay.jones@hart.k12.ga.us.

Do you have questions about your child's progress?

If so, contact your child's teacher by phone at 706- 376-5431 or via email. Email addresses are listed on the school's website at <http://hcms.hart.k12.ga.us>.

Our Goals for Student Achievement Hart County Charter System District Goals

The Hart County Charter System is committed to academic excellence. The mission of the district is to prepare all individuals to meet tomorrow's challenges by providing quality educational opportunities today. The district has set the following goals for 2026-2027:

- The Hart County Charter System's College and Career Ready Performance Index (CCRPI) score will meet or exceed the state's CCRPI score.
- Students in the Hart County Charter System will demonstrate academic growth in the area of Math as measured by state and local assessments.
- Students in the Hart County Charter System will demonstrate academic growth in the area of ELA (including reading, language, and revision tasks) as measured by state and local assessments.

Hart County Middle School Goals

Administrators, teachers, and parents have studied our student performance data to decide on the most important areas of improvement for our students. Hart County Middle School has set the following goals for 2026-2027:

- HCMS's College and Career Ready Performance Index (CCRPI) score will meet or exceed the state's CCRPI score.
- HCMS will have ELA and Math scores meet or exceeds the state average as measured by the Georgia Milestone Assessment.
- HCMS will have school-level assessment scores in Science and Social Studies greater than the Pre Assessment as measured by the Post Assessments.

7th Grade Classrooms at Hart County Middle School

7th-grade teachers will work with students and their families to support success in all academic areas in Writing across the curriculum with emphasis on Math, Science, and Social Studies. Our key connections with families will be to:

As a School, we will...

- Provide 7th-grade students and parents with sample questions for Georgia Milestones focusing on genre techniques, interpreting text sets, and grammar skills.
- Provide 7th-grade students opportunities to research and explore Science through project-based learning, STEAM activities, and Informational literary sources.
- Analyze the Historical, Geographical, Economical, and Civil components of Africa and Asia through Project-Based Learning opportunities and Argumentative Writing in order for students to make real-life connections between standards and current social issues.
- Solve multi-step real-world problems, compare different representations of numbers (i.e. fractions, decimals, radicals, etc.), and perform basic operations using different methods in IXL and Study Island math software.

"It's a great day to be a Bulldog at HCMS!"

At Home

Hart County Middle School 7th-grade parents joined staff to develop ideas about how families can foster student success across the curriculum and improve achievement in Math, Science, Social Studies, and Writing.

As a Parent/Guardian, I will...

- Review my student's sample questions for Georgia Milestones focusing on genre techniques, interpreting text sets, and grammar skills.
- Discuss and ask questions about different projects and literary activities that my student completed in Science class. Encourage my student to talk and write about real-world Science connections through Informational writing.
- Review Africa and Asia with my student through interactive notebook, handouts, and artifacts. Discuss current events and how these events impact their lives.
- Encourage my student to practice and explain fractions, decimals, radicals, etc. and perform basic operations using different techniques in math software twice a week.

7th Grade Students

The following strategies will bridge connections between learning at home and school.

As a Student, I will...

- Refer to sample questions for Georgia Milestones focusing on genre techniques, interpreting text sets, and grammar skills.
- Review daily Science lessons and Informational literacy sources to implement in lab reports. Discuss with my parents real-world Science connections and current projects.
- Reflect on my understanding of Africa and Asia through my Argumentative Writing and current projects. Talk with my parents about current events and how they relate to my learning in Social Studies.
- Actively use the Educational Software Packages (IXL & Study Island) to improve my comprehension of fractions, decimals, radicals, etc.
