2026-27 Family Income Survey

Schools receive certain federal and state funding (learning assistance programs, teacher incentives, etc.) when you complete this Family Income Survey. Your children may qualify if your household income falls at or below the limits.

This Family Income Survey provides your child's school a way to collect household income information. This information makes sure your child's school receives the full amount of federal and state funding and makes sure your child receives services they are entitled to when free/reduced price applications are not collected.

STUDENTS: Please fill in the following information for all children living with you that are attending school.

Student's Last Name	Student's First Name	MI	Date of Birth	School	Grade

HOUSEHOLD is defined as all persons, including parents, children, grandparents, and all people related or unrelated who live in your home and share living expenses. If you are applying for a household with a foster child, you may include the foster child in the total household size.

How many persons live in your household? ☐

HOUSEHOLD INCOME is considered to be any taxable income each household member received before taxes. This includes wages, social security, pension, unemployment, welfare, child support, alimony, and any other cash income. If including a foster child as part of the household, you must also include the foster child's personal income. Do not count foster payments as income.
