Newport Families,

As the Superintendent of the Newport School District, I want to welcome our students, families, and staff to the 2026-2027 school year. I am looking forward to a great year for all of us, and we are excited to get started.

While we have a full year ahead of us, below are several important dates and activities we want you to be aware of to help us get off to a great start. In addition to this correspondence, each of our schools have shared information about activities specifically planned to connect staff, students, and parents. I hope that you take advantage of these opportunities to connect, participate, and be part of our school community.

We are grateful for our community partners who have planned a wonderful Health Fair during our Open House on the 26th. We encourage families to take advantage of the resources and information that will be available. And of course, please plan to join us for Meet the Griz at 6:00 PM that same evening as we kick off another great year.

For our parents and guardians, please watch for important school information that will be sent by your child's school on Friday, August 28th. The safety of our students, staff, and families is our highest priority and it is crucial that we all have a shared understanding of our safety procedures and expectations. Working together and staying informed are important parts of keeping our schools as safe as possible.

Again, I look forward to a great and productive school year. We are proud to serve the students of Newport and look forward to all that the 2026-27 school year will bring. As always, I encourage you to reach out to your child's school at any time with questions, concerns, or if there is anything else we can do to support your student.

Welcome back, Grizzlies!

ONLINE PAYMENT SYSTEM UPDATE

We are happy to share that Newport School District has transitioned from eFunds to InTouch for online payments. We believe this change will provide our families with a simpler, more convenient way to manage school-related payments.

InTouch is a payment system designed specifically for K–12 schools. Through the InTouch online portal, families will be able to view and pay school fees and other charges, see payment and purchase history, and manage payments for multiple students, all in one convenient location.

We know that changing to a new system can take a little time to get used to, and we appreciate your patience as we make this transition. If you have any questions or need assistance with InTouch, please reach out to your student's school.

Stay Connected with ParentSquare

Newport School District now uses ParentSquare as our primary communication system, and we strongly encourage all families to download the ParentSquare app if you have not already done so.

Due to the rising costs of printing and postage, the district is transitioning to paperless communication whenever possible. ParentSquare will be the primary way families receive important information, including district and school announcements, newsletters, report cards, reminders, emergency notifications, and more.

The ParentSquare app is the easiest and most reliable way to stay connected and ensure you don't miss important information, and is available for both Apple and Android devices. If you need assistance accessing ParentSquare or setting up the app, please contact your child's school. We appreciate your partnership as we make this transition!

The McKinney-Vento Homeless Assistance Act defines homeless children as "individuals who lack a fixed, regular, and adequate nighttime residence." The act provides examples of children who would fall under this definition:

- Children and youth sharing housing due to loss of housing, economic hardship or a similar reason
- Children and youth living in motels, hotels, trailer parks, or camp grounds due to lack of alternative accommodations

- Children and youth living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations
- Migratory children and youth living in any of the above situations

The McKinney-Vento Homeless Assistance Act guarantees students the right to:

- Stay in the school they last attended when permanently housed or last school enrolled. Students are allowed to stay in this school through the remainder of the school year.
- Immediately enroll, attend classes and participate fully in school activities in the area where they are living - even when lacking proof of residency, immunization, medical or school records, or other documents usually required by schools.
- Have transportation to their "school of origin" provided or arranged by the school district.
- Access all school services including free school meals, Special Education and Title I services, Vocational and Technical classes, Gifted and Talented services and after school programs provided by the District.

Prohibition of Harassment, Intimidation and Bullying - (Policy 3207 Students)

The District is committed to a safe and civil educational environment for all students, employees, volunteers and patrons, free from harassment, intimidation or bullying. "Harassment, intimidation or bullying" means any intentional written message or image - including those that are electronically transmitted - verbal, or physical act, including but not limited to one shown to be motivated by race, color, religion, ancestry, national origin, gender, sexual orientation, including gender expression or identity, or mental or physical disability, or other distinguishing characteristics, when an act: Physically harms a student or damages the student's property; or has the effect of substantially interfering with a student's education; or is so severe, persistent or pervasive that it creates an intimidating or threatening educational environment; or has the effect of substantially disrupting the orderly operation of the school.

Nothing in this section requires the affected student to actually possess a characteristic that is a basis for the harassment, intimidation, or bullying. "Other distinguishing characteristics" can include but are not limited to: physical appearance, clothing or other apparel, socioeconomic status and weight. The full policy can be viewed on our website at www.newportgriz.com or you can request a copy from the district office.

This holds true for all students who are interested in participating in educational programs and/or extracurricular school activities.

Notification of Rights Under the Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (eligible student) certain rights with respect to the student's education records. They are as follows:

1) The right to inspect and review the student's educational records. 2) The right to request the amendment of the student's education record that the parent or eligible student believes is inaccurate or misleading. Parents or eligible students may ask Newport School District to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed and specify why it is inaccurate or misleading. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. 3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, medical consultant, or therapist); or a parent or student serving on an official committee, or assisting another school official in performing his or her tasks. A school official has a legitimate, educational interest if the official needs to review an education record in order to fulfill his or her responsibilities. Upon request, the District discloses education records without consent to officials of another school district in which a student seeks to or intends to enroll. 4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is listed below. Family Policy Compliance Office; U.S. Department of Education; 400 Maryland Ave. SW; Washington D.C. 20202-8520

Education of Students with Disabilities Under Section of the Rehabilitation Act of 1973

It is the intent of the District to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated, and provided with appropriate educational services. Students may be disabled under this policy even though they are not eligible for services pursuant to the Individuals with Disabilities Education Act (IDEA).

Section 504 of the Rehabilitation Act of 1973 is a civil rights law, which protects the rights of individuals with disabilities in programs and activities that receive federal financial assistance from the U.S. Department of Education. A child is a "qualified disabled person" under Section 504 if he or she (1) has a physical or mental impairment that substantially limits one or more major life activities (such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working), has a record of such an impairment, or is regarded as having such an impairment; and (2) is between the ages of 3 to 21 years old.

Information and application forms for 504 accommodations are available at the Newport School District Office.

Sexual Harassment

Newport School District is committed to a positive and productive education and working environment free from discrimination, including sexual harassment. The District prohibits sexual harassment of students, employees and others involved in school district activities. RCW 28A.640.020 requires that the Superintendent of Public Instruction shall develop regulations and guidelines to eliminate sexual discrimination as it applies to public school employment, counseling and guidance services to students, access to course offerings, and in textbooks and instructional materials used by students. Newport School District is in compliance with all requirements as mandated by state and federal law.

Transgender Students

Fostering an educational environment that is safe and free of discrimination for all students regardless of sex, sexual orientation, gender identity or gender expression. The board recognizes the importance of an inclusive approach toward transgender students with regard to official records, confidential and educational information, communication, restroom and locker room accessibility, sports and physical education, dress codes and other school activities, in order to provide students with equal opportunity for learning and achievement. NSD board policies and procedures are available online or upon request.
