

College Credit Plus is Ohio's dual enrollment program that lets students in grades 7-12 earn college and high school credits simultaneously by taking courses at Ohio colleges and universities. This program enhances students' career readiness and postsecondary success while providing a wide variety of options to college-ready students at no or limited cost to students and families. Each university decides its own CCP admissions requirements. Please visit each college website below for deadline and eligibility information. If you are interested in CCP, watch the informational videos and use the last two links for more details.

- ❖ **What is CCP? Watch these videos to learn more: [Ohio Higher Ed CCP Informational Videos](#)**
- ❖ **[College Credit Plus | Home | The Ohio Department of Higher Education](#)**
- ❖ **[FAQs for Students & Families | The Ohio Department of Higher Education](#)**
- ❖ **CCP is free. High school pays for tuition and books.**
- ❖ **CCP courses are *rigorous college-level courses***
- ❖ **Students will be treated as college students, and the university communicates with the college students only due to FERPA, and through their university email only**
- ❖ **CCP grades will appear on a college and high school transcript**
- ❖ **CCP classes can be used to meet High School Graduation Requirements, and thus failing a CCP class can affect meeting graduation requirements**
- ❖ **If a student does not pass, they will have to reimburse the school for tuition and books**
- ❖ **Students are allowed 30 credit hours per year of high school and college credit hours combined**
