

Effective Use of Sensory Materials (North County)

In-person training session
Monday, September 21, 2026

All preschool children benefit from sensory materials, as hands-on exploration **builds** brain connections, **refines** motor skills, and **supports** emotional regulation.

Participants will learn:

- How to **introduce** the new sensory materials you'll be receiving
- The **WHY** behind their effectiveness
- How to **support** children with using them

Participants who attend the full training will receive a kit of sensory materials discussed during the session.

Must attend session in full to receive credit.
