

Sixth Grade Supply List

Dear Students and Parents,

Welcome to sixth grade! This is going to be a great year full of learning and new experiences. Our teachers are excited to work with you and create a classroom where everyone feels supported.

One big focus this year is staying organized. You'll use folders and binders to keep track of your work for each subject, plus a homework folder to help you remember your daily assignments. We can't wait to watch you grow and take charge of your own learning!

We look forward to a great year ahead!
