Meet Your Counselor

My name is Ms. Hess, and I am excited to join your school community as your school counselor! This year, I will be serving students at both Rogers Park Elementary and Scenic Park Elementary. I look forward to getting to know our students, families, and staff.

What a Counselor Does

- Work with all students.
- See students in the classroom, in small groups, and individually
- Help students emotionally, socially, and academically
- Support students through difficult experiences as well as their successes.
- Help students feel safe at school and at home.
- Work with teachers and families to help students be their best

What a Counselor Does Not Do

- Only see students who get in trouble a lot
- Have a magic wand to fix problems
- Tell others what students say unless a student shares that someone is hurting them, they want to hurt themselves, or they want to hurt someone else
- Judge students or families for what they share or do not share
- Punish students or get them in trouble
- Provide long-term mental health counseling

Conversations with the school counselor are private except when safety concerns require help or reporting.
