2. Presentation - Middle School Co-Teaching/Inclusion Model

Mrs. Pandy McCarty, Special Education Coordinator, Mr. Todd Nolen - Greeneview Middle School Principal, and Mrs. Amy Atkins - Instructional Coach, presented on the co-teaching/inclusion model being used at the Middle School. Because the middle school and the special education department have had roughly 25 new staff over the course of two years, they have done a great deal to find people that not only were highly qualified for the position, but were also a good fit for the entire team.

With this model, the staff teach each other, and they have a voice in who they are working with. The small group work that they are implementing is beneficial for students and has proven to be a successful teaching model. These groups may be at different levels, but they are all focusing on the same lesson, but it is taught in a way that works for that particular group. It was modeled at a PD day so that all staff could see how it worked. This model helps each teacher feel like they have skin in the game, and there is not one person that is more of a teacher than the other team member.

4. Superintendent's Update

Administrative Updates

I wanted to share some administrative staffing updates for the 2026 - 2027 school year and ask you to join me in welcoming these individuals into their new roles at Greeneview Schools.

Mr. Jim Putman will be leading our food service department. We are grateful for the leadership Mr. Jim Arrigo has provided in food service and are pleased that he will continue serving our district in a new role while Mr. Putman transitions into the supervisor position. Mr. Putman brings more than 20 years of food service experience, along with a strong commitment to students and a dedication to creating a positive dining experience.

Mr. Dave Irvin has accepted the position of Maintenance Supervisor. He brings more than 25 years of experience in facility maintenance and has served in leadership and supervisory roles throughout his career. During the interview process, Mr. Irvin demonstrated the ability to collaborate, build relationships, and problem-solve. We are excited to add his knowledge and expertise to Greeneview Schools.

I would also like to welcome Mr. Ryan Haines as Greeneview's Athletic Director for the 2026 - 2027 school year. Fifty-six internal and external applications were reviewed during the selection process. Six candidates were interviewed, and three finalists advanced to a second round of interviews. Mr. Haines has served Greeneview Schools for the past 12 years, most recently as Greeneview Middle School Assistant Principal. In addition to continuing in his role as Football Coach, Mr. Haines will bring his passion for athletics and student experiences to the entire district and larger community.

Please join me in congratulating and supporting each of these individuals as they begin their new positions at Greeneview.

High School Students of the Quarter

8th Grade

Cheyenne Fowler--Cheyenne has been a model Greeneview student by being responsible, respectful and reflective. She has worked hard all year to maintain a great GPA, all the while maintaining a positive attitude towards school and learning. Cheyenne is always looking to better herself. She contributes to class discussions and is always willing to help other students.

9th Grade

Ava Jones--Ava's kindness is what fuels her myriad of talents. Many people have natural gifts and earned abilities, but they are often limited by the motivation behind the use of those gifts and abilities. Ava surrounds herself with great friends, but she is incredibly welcoming to people with which she does not normally spend her time. Ava's active compassion and consistent focus on others within the content she has learned in my class has convinced me that she will continue to nurture and develop her exceptional character throughout her life. Ava is a great student and soccer player, but what sets her apart is that she leads with kindness, and she is committed to carrying that kindness into her future.

10th Grade

Maddie Owens--Maddie embodies everything we look for in a Greeneview Ram. Academically, Maddie achieves great grades by desiring to apply content to her life and evaluate that content holistically. Athletically, she excels at golf and softball, and she embodies a fantastic balance of hard work and fun to help everyone around her improve. as my teacher's assistant, she executes tasks with precision and integrity, which allows me to trust her immensely. She also gives great ideas about activities we can do in class, and I genuinely look forward to working with her to improve the educational experience of my students. Above all, Maddie demonstrates superior maturity, care, and humility toward her teachers, classmates, and family. I am supremely confident that Maddie's character will allow her to build a wonderful life for herself and those she cares most for in the future.

11th Grade

Jade Reed--Jade is a student that I can count on to follow through with any idea that I have. She is in her second year of Yearbook class with me and is a great mentor to the first-timers. Jade is very artistic and creative and gets involved with many things with the school. She has a passion for art and music and strives to make Greeneview's programs better each day!

12th Grade

Allie Rittenhouse--She consistently demonstrates a willingness to tackle any assignment placed before her and approaches each day with a positive attitude. Allie continually strives to do her best across all of her classes and takes expectations seriously. Her positive perspective and commitment to meeting expectations do not go unnoticed and are truly appreciated. She is a wonderful example of what it means to be a dedicated and motivated student.

Middle School Students for the Month of April

4th grade - Riley Herbert - Riley is a hard-working student who is always willing to lend a helping hand. He is a great leader.

5th grade - Jeremiah Welborn - Jeremiah earned Student of the Month for always showing kindness, working hard, and being a positive example for classmates. He comes to school ready to learn, participate respectfully, and help others without being asked. We are proud of his effort and the great attitude he brings each day.

6th grade - Zoey Sampson - Zoey is a great example of what a Greeneview Ram should be. Not only does she work hard in the classroom, she also is a quiet leader in the classroom leading by example and helping others. She is kind and empathetic to her classmates and seeks to do her best in all she does.

7th grade - Sutton Holloway - Sutton is a kind and hardworking student who brings a positive energy to our classroom every day. Always smiling and exceptionally polite, she treats others with respect and works well in any group setting. She takes initiative in her learning by asking thoughtful questions and giving her best effort in everything she does. Her recent performance as Puss in Boots in our *Shrek* musical showcased her confidence and creativity.

Middle School Students for the Month of May

4th grade - Lainey Dinnen - Lainey is a kind, hardworking, and respectful student who always gives her best effort. She is a positive role model in the classroom, consistently showing responsibility, compassion, and a willingness to help others. Lainey's enthusiasm for learning, fun sense of humor, and her thoughtful attitude makes her a joy to be around. We are proud to recognize her as Student of the Month!

5th grade - Hadley Holcomb is respectful, responsible and reflective. She comes to school with a great attitude and a readiness to learn. She is a bright spot in her teachers' days. She has worked very hard this year. Congratulations, Hadley!

6th grade - Skylar Fisher is respectful to his peers and adults. He has demonstrated academic growth and takes initiative in his learning. Skylar is a quiet leader in the classroom. He brightens our room with a positive attitude and shows kindness to everyone.

7th grade - Jamie Reynolds - Jamie is both a wonderful student and human! She is always a rockstar with her participation in class, the initiative she takes in being a leader for her peers both in and out of the classroom (student council), and staying on top of her work in general. We really want to emphasize just how good she is,

and the integrity she shows even when no one is watching. She is always doing what is asked of her and more, and never expects any recognition for it, either - she just does it, because that's the kind of hard worker Jamie is. Her maturity and kindness are just so far beyond her years at this age. We are lucky to have her as a student!
