Motion by: Suzanne Arthur Seconded by: Jessie Conner

Motion carried with the following 4-0 vote:

Aye: Mr. Bailey, Mrs. Conner, Mrs. Smith, Mrs. Arthur

Nay: None

Abstain: None

4. Superintendent's Update

A. Teaching & Learning

- Summer Camp has already finished up for the month of June - hard to believe, and our credit recovery program has also been completed. Summer camp leaders are already thinking about next year - considering new topics and leveling up to make the camp more robust.
- Please note that on tonight's Board agenda that I have updated the job descriptions for building principal and athletic director. A special thank you to Beavercreek Schools who collaborated with me on this.
- School fees are on the Board agenda as well. You'll notice that there is not a Chromebook fee for Grade 4. We are going to begin phasing out the 1-to-1...both for financial and instructional purposes. Elementary fees are the same; Middle School spells it out in the document, and Ms. Edwards has worked with curriculum and teachers to audit the fees at the High School. Updates have been highlighted in the document based on actual costs.
- You'll also note that the building handbooks/code of conduct are on tonight's agenda. It's bothered me for some time that these documents - just by optics alone - do not follow a similar format. We have made improvements in content, through collaboration with building admin in the district, but we will spend the 2026-2027 school year working to improve the format. Most notable to point out are the high school highlights. Anything in red has been removed; green is new. Revisions have been made to the cell phone policy, library and makerspace expectations, lockers/backpacks, internet use policy, AI and related tools, dress code, and more teeth to bullying/harassment incidents.

B. Facilities

- On the Board agenda tonight is a donation from youth football for total funding and services to install lockers in the fieldhouse next to the stadium.

- The high school library renovation project is going well. I just visited yesterday. Painting is done, shelving is coming today, and everything seems to be on - if not ahead of - schedule.
- Our new Maintenance Supervisor, Dave Irvin, starts on July 1. I am looking forward to having him on board and getting started.
- We've had asphalt repair at the Elementary School last week, and sealing the blacktop is scheduled for July 3 at the Elementary School, BOE, and Track.
- Our gym floors are scheduled to be done on July 21.
- Finally - for facilities - you are aware that we have been in pursuit of how to address the roof at the Elementary School. We have continued to patch leaks, mostly in the front hallway. The district posted an RFQ - request for qualifications - for a design firm to advise us on a plan to either patch, restore, or replace the roof. Nine firms expressed interest, and three were interviewed based on a criteria matrix: Schorr, VSWC, and LWC. After the interview process, Schorr was selected based on schedule details, experience in K-12 schools, and personalization they provided to the district. Tonight, a resolution is forthcoming for your approval. Just to explain - they do not do the construction work, but they will facilitate the project every step of the way, including when the project goes to bid. While I really wanted to press to address the roof more permanently over the summer, it's just not a reasonable goal, so we will take the time to plan for the project...having cores drawn, getting some thermal scans, etc. to bid the project at an appropriate time - typically as winter approaches (costs are down and contractors are available) - and be ready to hit the ground running once students and teachers are out of the building in May of 2027. Note that the resolution and other messaging has also included the Middle School because we know we have some recurring leaks on the roof that have not been able to be troubleshooted with our existing efforts, and with a hopeful partnership, Schorr will then be able to advise on appropriate next steps with that building's roof. We believe the expertise is essential for such an important investment in our schools.

C. Operations

- An electronic equipment policy is on the agenda for your approval tonight. This is in addition to and does not conflict with existing policy on personal communication devices (PCD). Most districts are eliminating all electronic equipment, especially with new wearable technology on the rise (like meta/smart glasses).
- All of our buses have passed inspection - kudos to Jay Brandenburg and others who have helped him have the buses ready and prepared for next year.
- If you were not already aware, the amendment to abolish property taxes won't be on the fall ballot. They didn't have the required signatures, but they can carry these signatures over to try again in November 2027.

Pursuant to Ohio law, I am required to provide the Board with a report regarding bullying and harassment matters. This report includes both the number of investigations conducted and the number of incidents that were substantiated following those investigations in the second semester of 2025-2026.

High School

Bullying: 3 investigations, 0 confirmed

Harassment: 0 investigations

Middle School

Bullying: 5 investigations, 3 confirmed

Harassment: 7 investigations, 5 confirmed

Elementary School

Bullying: x investigations, x confirmed

Harassment: x investigations, x confirmed

5. New Business

A. Approve Board Policy 5136.01 regarding Electronic Equipment.

B. Approve student breakfast and lunch prices for the 2026-2027 school year: High School Lunch: \$3.45; Middle School Lunch: \$3.45; Elementary School Lunch: \$3.20; Breakfast: \$1.40; Milk: \$0.55.

C. Approve Girls on the Run Club, Advisor Madison Polto, for the 2026-2027 school year.
