4. Superintendent's Update

Teaching and Learning

- The district has been planning for New Staff Orientation, our Administrative Retreat with other Greene County Schools at Miami University, and Opening Day activities.
- Our Back-to-School Fast Facts have been added to the district website. Reminders will be forthcoming through ParentSquare and the district Facebook page.

Facilities

- Dave Irvin, Maintenance Supervisor, is making immediate contributions to improvements in our district. Our custodians are hard at work cleaning, waxing, and preparing buildings and grounds for the return of school.
- Thomas Davis has been clearing out network closets throughout the district and updating our phone system, among the other many responsibilities to get our schools ready for the return of students.
- Asphalt sealing has been completed at the Elementary School, BOE, and track area.
- Rieck is doing a great job keeping an eye on the humidity and our cooling needs.
- On July 21, our gym floors will be redone.
- On July 22, Schorr Architects Inc. will be in the district to do elementary school roof field verification and core cuts. Maxim roofing will be conducting the cores and doing the patching.
- Regarding the High School Library renovation: week of July 27th: Library Shelving installed; August 3/4: Signage installed; August 6/7: Loose Furniture installed

Operations

- Something new you will see this year will be the addition of Athletic Booster's sports programs. We anticipate this will be forthcoming for the 2026-2027 school year.
- Families also need to make sure we have all the information needed to determine bus routes by completing the transportation form in your OneView account. A ParentSquare reminder went out this afternoon.
- And - each student's EMA needs to be updated annually as well. You can take care of all of that in OneView at one time.
- Angela Bryant, Library Digital Media Coordinator, has been working with me on the development of the district newsletter that is mailed to all staff and students; we want to get that out well before the start of school.
- Related, moving forward, district communications will be managed more out of the office of the superintendent, and Ms. DeWitt will now be full time at the High School in her Guidance Counselor role.

After carefully evaluating our current structure, the split assignment between School Counselor and Communications Coordinator does not best meet the needs of the High School. Although we have explored a variety of ways to balance the responsibilities of both positions, the arrangement has continued to present challenges for each role. I do, however, want to acknowledge Ms. DeWitt's significant impact on strengthening Greeneview's internal communications and external engagement with our families and community. I do not want our communications efforts to regress. The systems, processes, and expectations that have been established need to continue. While responsibilities will necessarily be redistributed, my focus is on preserving the quality and consistency of our communication.
