Top 15

As the 2024 school year rounds out to a close, we look at our seniors. And we especially pay attention to the top 15 as they have worked through four years of academic excellence here at Lakeview High School. This article contains the future plans of the top 15 in random order.

Aiden Voorhees showed excellent effort and determination to secure his spot in the top 15. His favorite class is Biology with Mr. McGinnis, who is also his favorite teacher. "Mr. McGinnis is cool, and science is fun. He also helped me realize that I wanted to pursue a degree in science," said Voorhees.

Voorhees is involved in cross country and basketball, winning the title of the basketball team captain two times. In the future, Voorhees plans on attending Penn West California to major in Fisheries and Wildlife Biology.

Kaila Jones is also a part of this year's top 15. The class she enjoys most is AP Literature. "The people in it were so fun, and our discussions were always so interesting and made me think about life deeply," said Jones.

Mrs. Messina was Jones' choice for most influential teacher. She said, "She is the sweetest person and wants the best for everyone. I always knew she was there for me if I ever needed anything."

The extracurricular activities that Jones is involved with are school cheer, National Honor Society, Student Council, Students for Charity, LEO Club, Women's Club, Knitting and Crafting Club, Envirothon, church, intense cheer and coaching cheer.

Jones has won many awards, including: High Honor Roll and Community Foundation Winner for two years.

Another scholar at Lakeview who worked their way to be in the top 15 is Audrey Montgomery. Her favorite class is Personal Finance. "It taught me how to take control of my life and how to be financially successful," said Montgomery.

She has a few favorite teachers who had a big impact on her life, including Mrs. Messina, Mrs. Martin and Mrs. Marshall. Montgomery said, "Mrs. Messina, because she has amazing student relationships and makes you feel cared for. Mrs. Martin, because she cares about her students' education, and how we develop as teenagers. And Mrs. Marshall, even though it's her first year here, she has taught me more about life and finance than any other class."

Montgomery has won many awards including: Westinghouse National Honors Science Program Certification, Center for Financial Responsibility Personal Finance Literacy Certification, Honor Roll, National Youth Leadership Forum Award and Congress of Future Medical Leaders Award of Excellence.

The extracurricular activities that she is involved in are Student Council, LEO Club, Women's Club and Westinghouse National Honors Science Institute.

After high school, Montgomery plans to g et a degree in business.

Tyler Myers is another student who left an incredible impact on Lakeview's academics. He is involved in Speech and Debate and the Musicals. Myers' favorite class is English, because the in class discussions are very fun for him. His favorite teacher is Mrs. Baun. "She was a big part of me coming out of my shell my freshman year," said Myers. His hard work and determination have allowed him to accomplish many things, like Season Champion in Duo Interpretation 2022 and 2023 for Speech & Debate.

Myers plans on attending Slippery Rock University to get a Bachelor of Science in Chemistry, then finish schooling at LECOM to get a Pharmacy Degree.

Lona Sommers has also done extremely well in school, which guided her to be in the top 15. Sommers' favorite class is woodshop. She said, "Woodshop provides me with practical life skills and Mr. Friters always makes sure the woodshop has a positive environment." She has a handful of favorite teachers, including Mr. Steiger, Mr. Friters and Mrs. Boughner. Mr. Friters has made a huge impact on my high school career; hearing his encouraging words from day to day has kept me motivated and held to a standard to do my best. Mrs. Boughner has been such a light in my life; not only has she taught me valuable life skills, but she has been present for me through a very hard year and shown me that she truly cares about my well-being, as well as my classmates'," said Sommers.

Sommers is a part of YoungLife. An accomplishment of her's is that she has been on the High Honor Roll repeatedly.

She has a few different favorite teachers: Mr. May, Mrs. Husband and Mr. Minch. Clark said, "Mr. May has taught me that hard work and dedication are valuable, but taking care of yourself through that is also just as important. I have always felt encouraged by his words and actions, as he nominated me for the National Youth Leadership Forum in 2021. I'm extremely thankful that he has pushed me throughout my entire high school career to be the best version of myself—both as a percussionist and as an individual. Mrs. Husband has always been a light in my life. She has always gone above and beyond to create a positive environment for her students. I haven't had her as a teacher in a couple years, but every time I pass her in the hallway, she greets me with a smile. The genuine interest she had/has in my wellbeing, my extracurricular, and overall life itself has always made me feel appreciated. Mr. Minch has put up with my everyday antics and rants throughout senior year, and I couldn't be more thankful for that. He has taught me that although senior year, brings a lot of responsibilities and challenges, balance is important in order to stay on top of things. His faith in me despite my horrible procrastination tendencies has continuously inspired me to become and stay an academic weapon."

In school, Clark is involved in both marching and concert band; the percussion section specifically, and football cheer for the 2023-2024 season. Out of school, she is heavily involved at her dance studio, Dance Center Studios. She dances there four days a week, but also teaches several classes to ages 3-9. She won Most Dedicated Dancer award (2022) at her dance studio, and she also won a first place judges choice award in the talent show at the National Youth Leadership Forum held at Bowling Green University (2021).

Clark plans on taking a gap year, so she can fully think through what she wants to do as far as career goes. She said, "I have narrowed it down to working with children. I do eventually plan to go to college. I am moving to the Outer Banks during the summer, and staying for as long as I see fit as I will be working there. I plan to come back to PA to continue teaching at my dance studio (Dance Center Studios)."
