BRICKIE CONNECTIONS #3: The Ripple Effect

While it may seem small, the ripple effect of small things is extraordinary. – Matt Bevin

Start a ripple effect by letting someone know they've made a positive difference in your life. Students, identify that person and reach out to that person.

Ideas for how you can reach out to someone who has made a difference in your life:

Write a letter and give to someone or send it to someone.

Look someone in the eye and verbally express how they've affected your life.

Make something and leave it with a note.

Reflect on how that made you feel when you recognized someone else's impact in your life.
