Independent Educational Evaluation Procedure
Conneaut School District Procedures

The parents of a child with a disability have the right to request and be granted an Independent Educational Evaluation (IEE) at public expense, once. If you are a parent of a child with a disability and would like to request and obtain an IEE, please follow the steps below:

- 1) Parent sends a request to the Director of Special Education: Mrs. Devin Campbell (devin.campbell@conneautsd.org).
- 2) Once a request is received, a formal letter will be provided to the parent outlining the process of obtaining an IEE, including a list of professionals in the area certified to conduct the evaluation for your child (*see attached*).
 - a) If the request is denied by the district, a Notice of Recommended Educational Placement (NOREP) will be issued.
- 3) If the parent does not agree to one of the area professionals to conduct the IEE, the parent must obtain another qualified/certified psychologist on their own and get approval from the school district prior to moving forward.
- 4) A Notice of Educational Recommended Placement (NOREP) then must be signed agreeing to the right to obtain the IEE by the certified psychologist discussed by the team.
- 5) Once a NOREP is signed, the parent can have the evaluation conducted at any time. The parent is responsible for setting up the evaluation with the agreed-upon psychologist.
- 6) Once the evaluation is completed and a copy of the report is provided to the school, the district will then issue the permission to evaluate/re-evaluate to consider the findings. If necessary, a new or revised IEP will be developed and a new NOREP issued.

If you have further questions about the district's IEE process, please reach out to the Director of Special Education, Mrs. Devin Campbell.

Sincerely,

Mrs. Devin Campbell
Director of Special Education

Cyber Charter evaluations

Cyber Charter evaluations are paying \$600 to \$800 per
evaluation unless it takes more than 10-13 hours to
complete

If you, as a parent of a child with a disability, do not agree with the results of the individualized evaluation of your child, as conducted by the school system, you have the right to obtain what is known as an **Independent Educational Evaluation**, or an **IEE** (§[300.502](#)). This means that you may ask that a professional, competent evaluator who is not employed by the school system conduct another evaluation of your child.

If you request an IEE of your child, the school must provide you with information about where you can obtain such an evaluation.
