Lights, Camera, Achievement! 🎬 ✨

📚 Academics

We are officially entering Week 4, and the momentum is building! Thank you to our students, teachers, and families for continuing to make learning a priority.

This week, we will continue to focus on:

- 📖 Strong reading and writing skills across all content areas
- ➕ Strengthening math skills and addressing individual learning needs
- 📊 Using i-Ready data to identify areas for growth and provide targeted support
- 🧠 Engaging students in meaningful, rigorous learning experiences
- 🎯 Setting academic goals and taking ownership of achievement

Remember: Every classroom. Every student. Every day. Achievement is our goal!

Please continue to monitor school communications for specific dates, times, and upcoming events.

★ Celebrations

We are celebrating the continued positive energy, hard work, and growth happening throughout Johnakin Middle School!

A special shout-out to our students who are:

- Showing up ready to learn
- Demonstrating positive behavior
- Taking ownership of their academics
- Supporting their classmates
- Representing the Fox Family with pride!

And to our teachers and staff—thank you for your continued dedication and commitment to our students. What you do matters!

📈 Attendance Matters

Every minute matters. Every day counts!

Strong attendance is directly connected to student achievement. Please make every effort to have your child at school on time and ready to learn each day.

Our goal is simple: Be Present. Be Prepared. Be Successful!

🎨 Parent Reminders

- Please check your child's grades and assignments regularly.
- Encourage your child to read every day.
- Ask your child about what they learned at school.
- Make sure students arrive on time and prepared for the school day.
- Continue to communicate with teachers when questions or concerns arise.
- Please review all school communications and upcoming event information.

🎬 Principal's Message

Johnakin Fox Family,

Week 4 is here, and I want to remind everyone that great achievement doesn't happen by accident it happens through consistency, commitment, and collaboration.

We have established our expectations. We know where we are headed. Now it's time to continue putting in the work.

To our students: Believe in yourself. Challenge yourself. Don't be afraid to make mistakes, they are opportunities to learn and grow.

To our parents and families: Thank you for partnering with us. Your support at home makes a tremendous difference in the success of our students.

And to our faculty and staff: Keep pushing! The work we do today creates the opportunities our students will have tomorrow. Let's continue to use our data, strengthen our instruction, support one another, and keep students at the center of every decision.

This is our year to shine!

🎬 Lights, Camera, Achievement!

🦊 Let's make Week 4 count!
