Thank you for caring!
Together we are making a difference!

Let's Get Ready to Clean Up!

Before getting up from the table:

DRINK IT, OPEN IT

- Try to finish your drink.
- Make the opening bigger so it pours out faster.

EAT IT, UNWRAP IT, POUR IT, CHECK IT

- Try to eat all your food.
The best place for your food is your stomach!
- Take food out of wrappers.
- Pour food out of containers onto your tray so the container is ready for recycling.
- Check your foil. Foil recycles if clean.

PILE IT

- Put all trash items together -- forks, plastic wrappers, mini cups, straws, etc.
- Then you can grab them all at once and put them in the TRASH.

When it's time to clean up:

Start at
LIQUIDS

→ RECYCLE → TRASH → FOOD → COMPOSTABLE PAPER

Thank you!

You are making a difference!

THANK YOU!

What happens to the food?

It's a special kind of composting. The food is used to make energy!

Food goes to a special kind of composting at a facility called an Anaerobic Digester.

Teeny tiny bugs called MICROBES eat the food. When they eat the food, they make gas.

The gas is used to make ENERGY!

Containers must be EMPTY. No food.

Plastic Cups & Bowls

Bottles & Cans

Foil

Paper Bags & Boxes

What happens to our recycling?

First, your recycling goes to be sorted. Different items are sorted by the material they are made from (metal, glass, paper, plastic).

Then, they are sold to companies. The companies use them to make new things, like metal cans, cereal boxes, and fleece jackets.

Watch a video of how your items get sorted [here](#).

Time!

**Where's the BEST
place for your food?**

Where's the BEST place for your food?

IN YOUR STOMACH

Try and eat all your food and drink all your drink.

**What do you do with
whole fruit you haven't
taken a bite of, and food
and drinks you haven't
opened?**

What do you do with whole fruit you haven't taken a bite of, and food and drinks you haven't opened?

PUT THEM ON THE SHARE TABLE

Only items from school breakfast or lunch.
No items from home.

**What do you do with
trash items while
you're still at your
table?**

What do you do with trash items while you're still at your table?

PUT THEM IN A PILE

Then you can easily pick up all the trash items and put them in the trash can.

**Do you start at the
LIQUIDS first?**

YES!

Start at the LIQUIDS.

Deal with your drink first.

**Do your water and juice
cups and water bottles
need to be empty to go
in the recycling?**

Do your water and juice cups and water bottles need to be empty to go in the recycling?

YES!

It's got to be empty to go in the recycling!

**Do cartons go in the
recycling?**

Do cartons go in the recycling?

NO.

Cartons go in the trash. They aren't accepted in the recycling bins.

**Do we recycle yogurt
cups at school?**

Do we recycle yogurt cups at school?

NO.

Yogurt cups are too dirty at school, so they go in the trash.

At home, rinse them out and recycle them!

**Does food have to be
unwrapped?**

Does food have to be unwrapped?

YES!

Unwrap your food while at your table.
Then it's easy to put plastic wrappers
in the trash.

**Thanks for taking
the quiz!**
